TELEPHONE NO. 80.

The Dalles Daily Chronicle.

Entered at the Postoffice at The Dalles, Oregon as second-class matter.

10 Cents per line for first insertion, and 5 Cents per line for each subsequent insertion. Special rates for long time notices. All local notices received later than 3 o'clock will appear the following day.

Don't forget to read all THE CHRONICLE. You will find interesting local matter everywhere. Some papers have only a page devoted to local news, but THE CHRONICLE cannot get along with one and has it on every page.

FRIDAY, - - - - JUNE 21, 1895

BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

Additional Local on Fourth Page.

A bunch of keys was picked up near the city hall this afternoon. The loser can get them at THE CHRONICLE office.

The election of officers for the Knights of the Macabees occurs tonight at their hall. A full attendance of members is requested.

Services will begin in the tent on Moody's lot, corner Second and Liberty streets, this evening. Subjects not usually presented in the pulpit will be discussed. All are cordially invited to attend.

Jackson Engine Company will hold a meeting tomorrow evening at 8 o'clock in the council chambers to make arrangements for assisting in the coming celebration. Everyone is wanted to be present.

Taxes are still being paid, and the force in the sheriff's office are busy every day making out receipts. This year's roll has passed into delinquency, and an additional one per cent is now added on all unpaid taxes.

The Hawthorne trial was begun yesterday in the United States court at Portland. Ralph Gibbons and Walter Rowe were the principal witnesses for the government. The prosecution got in the testimony of Rowe against the vigorous objection of the defense.

Among the graduates from the classical course of the Bishop Scott Academy yesterday was Ray William Logan, son of Dr. Hugh Logan of The Dalles. The young gentleman's name also appears among those highly commended for good behavior during the term.

Mr. I. I. Burget has been quite ill today. A large abscess that for some time has been forming on his chest, broke and the discharge left him in a weakened condition. Drs. Doane, Sutherland and Logan attended Mr. Burget, and this afternoon he was feeling better.

A drawing for an elegant diamond ring took place last night at the Umatilla House. The ring, which was a beauty, belonged to Thomas Haslam and all the railroad boys took chances. Bob Wiley, a brakeman on the road, proved the lucky man and his ticket, No. 141, drew

the ring. There were 145 tickets in the box and the winning number was the last one sold.

The wind that began blowing about the middle of the forenoon, saved us from having a blistering hot day. Although our proverbial Dalles wind is railed at yet it is, after all, one of our chief blessings. It cools the heated air and drives away any stagnant germs that might do menace to our health.

Beginning with Sunday afternoon the local train will leave for Portland at 1:45 instead of 2:15, reaching Portland at 6 o'clock. The morning train from Portland will arrive at 11:59, instead of a few minutes after noon as now. The night train, east bound, will reach The Dalles at 12:45. There is no change in No. 1, west bound.

Reports from Hood River say that the strawberry crop is about finished; and although a partial failure as to quantity, owing to the blighting of the fruit blossoms from the cold weather in the early part of the season, yet the high prices that have ruled so steadily in the Omaha and Butte markets have made it this year, as in the past a very profitable crop.

The Regulator will be kept very busy on the Fourth. As soon as she has discharged her cargo the evening of the 3d, she will leave for Cascades and bring up a load of excursionists to The Dalles and then start on the regular trip. After the celebration here is over the boat will take the excursionists back to the Locks. This is pretty steady running, but business is what the company is after.

G. J. Farley is erecting a new building in the east end of town, near the Diamond mills. A good deal of blasting away of rock was necessary to clear the ground for a foundation. Some of the lumber and timbers for the underpinning are now on the ground and the building will be finished in a short time. Mr. Farley will occupy it about the 1st of August with a large stock of harness and saddlery.

Without any question The Dalles is going to have a grand celebration this year. Great efforts will be made to make the day a success. The gentlemen in charge are enthusiastic, and will leave no stone unturned to make the day long to be remembered with pleasure. Everyone in The Dalles wants to stay at home, and we hope our friends from the country will freely attend.

Reports received from "Trilby" camp at Trout Lake, where Charlie Michelbach and Griff Williams are rusticated, indicate that they are having a good time. As yet but few campers are at the lake, but more are expected to arrive from now on. The fishing is very good and plenty of hunting. A glance at a recent bill of fare shows how well the boys are faring. This is the way it reads: "Bean soup a la mode; dove pot pie; fried trout; sliced bacon; mashed potatoes; cream gravy; corn and very fine coffee with cream.

Committee Meeting Last Night.

The executive committee for the Fourth held a meeting last night at the Umatilla House. There were present Henry Maier, Judd Fish, E. Jacobsen, Frank Menefee and John Hertz. Mr. Menefee had to leave and his place in the deliberations was taken by M. T. Nolan. A special committee consisting of Messrs. Jacobsen and Nolan were appointed to report on the advisability of having fireworks. Prizes to the value of \$40, \$20 and \$10 will be given to the winners in the hose contests and a prize of \$10 to the person having the best decorated bicycle.

The committee wish it understood that it will not be responsible for any debts incurred by any one without an order from the treasurer, Henry J. Maier. The officers of the committee are Ernest Jacobsen, president; John C. Hertz, secretary and Henry J. Maier, treasurer. The gentlemen are making big efforts to make the celebration worthy of the town and the day, and we are confident they will meet with great success.

Name Her.

THE CHRONICLE'S attention was called this morning to a pleasing innovation that occurred at the play last night. A young lady, who evidently has been other places, and seen other things, brought out many expressions of praise by removing her hat at the beginning of each act. When the act was through she replaced it. It was a graceful thing to do, and that young lady doesn't know how many friends she made among the male sex last evening. Should this stem come to her notice, THE CHRONICLE hopes she will not be offended, for it is only with a feeling of gratitude, and at the request of several who wish other ladies would do the same, that it is published.—THE DALLES CHRONICLE.

Such a woman is an honor to her sex, to Oregon and to the new woman. While there can be no doubt that a woman of so much sense must also be modest, and while further notoriety would assuredly be unwelcome to her, at the same time she ought to be known to every gentleman in Oregon, that he may take off his hat to her. The editor of the Dalles CHRONICLE is evidently a gentleman of rare discernment.—Portland Sun.

A very important deed was acknowledged yesterday before Justice L. S. Davis. The title passed was that to a mining claim ten miles southeast of Prairie City, in Grant county. Mr. L. L. Hill of The Dalles was the seller and the mine was bought by Mr. James Voss of Idaho. The consideration mentioned in the deed was \$40,000. Mr. Hill is a resident of The Dalles and has lived in this city for over ten years and has devoted much time to hunting mines and prospecting. If, as the conveyance seems to indicate, Mr. Hill received \$40,000 for his mine, he is certainly entitled to the congratulations of his friends and neighbors. He can consider his time well spent. We do not know the gentleman that is the purchaser, but as the mines in that section are prolific in minerals he doubtless thinks he has a good thing. This claim is said to be rich in gold.

PERSONAL MENTION.

Mr. W. H. Steel arrived home on the boat yesterday.

Mr. J. T. Peters returned home from Portland last night.

Mr. And Winans went to Hood River this afternoon on the local.

Hon. Pierce Mays of Portland is spending the day in the city.

Mr. Geo. Joles has returned from an extended visit with relatives in Illinois.

Col. M. C. Nye and wife returned yesterday from Portland, on their way to Prineville.

Mr. and Mrs. J. S. Wenzler returned last night on the Regulator from their wedding trip.

Mr. Moses Sichel was a passenger from Portland last night. He returned on the afternoon local.

Judge A. S. Bennett went to Walla Walla on last night's train. He will be gone only a short time.

Mrs. Isaac Joles and Mrs. Beers are home again after an extended visit at their old home in Illinois.

Mr. A. M. Kennedy, a former Dalles boy, but now connected with the Arlington Record, is in The Dalles today.

Miss Mamie Montgomery of Albany is spending several days in The Dalles, visiting her friend, Mrs. Charles Stephens.

Dr. Hugh Logan went to Portland yesterday to attend the graduation of his son, Ray, from the Bishop Scott academy.

Mrs. J. H. Cradelbaugh is visiting Mrs. N. J. Baker at Hood River. The genial John H. came up from there yesterday.

Mrs. S. C. Wilson, who has been in attendance at the convention of the Relief Corps, came home by steamer last night.

Mr. Frank Newcome, formerly a resident of Antelope, is in the city on his way to Alaska, where he goes to seek fortune and adventure.

Mrs. M. E. Herrin was a passenger by the Regulator last night, on her way home from the meeting of the Woman's Relief Corps at Oregon City.

Mr. and Mrs. J. C. Stewart and daughter of Spokane, are in the city visiting the family of Mr. and Mrs. Geo. Mans. They will remain some time in The Dalles. Mrs. Mans is Mrs. Stewart's sister.

Mrs. Benton Mays and family of Walla Walla county left on last night's train for Huntington. After visiting there several days they will return to their home in the Walla Walla valley. They have been visiting relatives here for nearly a month, a part of which time was spent with the family of Mr. Robt. Mays in this city and part at the home of Mr. Pierce Mays in Portland.

The attention of Judge Bradshaw has been occupied all day hearing the suit of Farrell vs. Denton. The matter is regarding the mortgage foreclosure of the old Denton place up Mill creek. Pierce Mays, as attorney for Mr. Denton, put in a motion to dismiss the suit and it is this motion which is being argued. The Dalles Lumbering Co Dalles City City and Mrs. Elizabeth Thompson are judgment creditors and consequently are defendants in the suit. Huntington & Wilson appear for the lumbering company, Pierce Mays for Denton and Mr. Thompson, and Dufur & Menefee represent the city. W. H. Wilson appears on Farrell's behalf.

Now that the boat company has declared a dividend there will be a hunting up of stock certificates. The secretary of the board, Mr. Nolan, said today that the dividend would be issued to those who, according to the secretary's books on June 25th, were the owners of the stock. So if anyone has bought any shares it would be a very wise thing to get certificates issued them by the secretary so that they will appear as owners of the stock. The dividend will be paid on the 25th of this month.

THE CHRONICLE job department has just turned out a very fine piece of work for St. Mary's Academy. The best essays of the students in the institution have been newly bound, and will be sent for exhibition to Montreal. The essays themselves reflect great credit upon the scholars and their instructors; both the composition and the penmanship show great carefulness and preparation on the part of the writer. A cut of the academy building adorns the outside of each book.

No Resolutions Passed.

The following telegram, dated Cleveland, Ohio, was received by Mr. Malcolm Moody just as we are going to press: "Convention adjourned. Passed no resolution on the financial or party policy. Deferred to national convention. Z. F. Moody."

The convention showed its wisdom by doing just as it has done.

Headache and Neuralgia cured by Dr. Miles' Pain Pills. "One cent a dose."

The grounds around the depot are being improved and when the alterations are completed will add greatly to the beauty of the station grounds. An iron fence has been built at the west end of the building and the enclosed ground sown in clover. The patch of green between the freight house and passenger depot already has the look of a park and makes a pleasant scene to greet the traveler as he alights from the cars. It always adds greatly to the attractiveness of a city to have property along a railroad kept in good order.

An important business transfer took place today. H. H. Campbell, who for several years has conducted a large grocery store on Washington street, sold his entire interest to William Johnson of Heppner. They will begin taking stock this evening and unless there is some hitch in the proceedings Mr. Johnson will take possession Monday. Mr. Johnson is not a stranger to the people of this city, as he married a Dalles young lady, Miss Lillie Ballard.

Notice.

The Columbia Ice Company will deliver ice to any part of the city. Thankful for past favors we solicit a continuance of the same.

GEORGE WILLIAMS, Manager.

Lane Bros., the blacksmiths, have an improvement on trail brakes that takes at sight. ja6-2wd&w
