IN THE SECOND DEGREE

Alonzo Swartz Convicted of Murder.

A NEW STEAMSHIP LINE

The Lottery Evil Still Puzzles the Government Officers—Capt. Howgate Convicted.

SALEM, Or., June 21.—Late yesterday afternoon the jury in the case of the state against Alonzo Swartz, who killed his son, brought in a verdict, finding the accused guilty of murder in the second degree, after deliberating almost four hours. On the first ballot five jurymen voted for murder in the first degree. The defendant will receive sentence tomorrow.

On the evening of March 19, Swartz, living four miles east of the city, while drunk, raised a quarrel in the family, and stabbed his 20-year-old son Edward in the neck with a pocket-knife, severing the carotid artery, from the effects of which wound Edward died April 21.

The Lottery Evil.

CHICAGO, June 21.—A special from Washington says:

Officials of the postoffice department are much encouraged over the result of the fraud orders against guarantee investment and bond companies. The examples made of MacDonald, of Chicago and others have had a deterring effect upon similar concerns. But another evil is growing under the fostering care of express companies, and that is the fraudulent Honduras and Mexican lotteries. That the lottery people are wide awake and active was shown by a letter received at the postoffice department from a California postmaster. An alluring offer was made for this postmaster to become the agent of the Honduras scheme. Instead of complying with the request, he turned their letters over to the postal authorities, together with the name of the express company guaranteeing to ship the tickets. Information also comes to the law officers of the postoffice department that Judge Phillips did not quash the indictment against a fraudulent guarantee order bond investment company at Kansas City. In a letter from Judge Phillips it is stated the case in question was merely continued until the next term of court, the defendants being released under bonds in the meantime. There is nothing left for judges to do but interpet the statutes against the fraudulent concerns, and they are doing this all over the country, to break up these schemes which only enrich the promoters and officers.

New Steamship Line.

NEW ORLEANS, June 21.—The steamship Oteri, of the new line from New Orleans to Colon, which intends to complete for the California trade, will leave Saturday, July 22. A new vessel will be put on next week. The New Orleans merchants have decided to go ahead and establish a permanent steamship line to Colon. This was necessary to protect themselves against the rates which New York was able to secure by means of water competition. Regarding the reducing of rates on wine coming from California, it is said that the Southern Pacific made them only 10 days ago, and was already revoking them. The merchants did not desire that the road should carry the goods at losing rates, but were obliged to protect themselves against New York.

Should Have Been Shot.

St. Louis, June 21.—For a time last night it looked as though a lynching would be had in St. Louis. "Lynch him! Brain the villain! String him to a lamp-post!" and other equally threatening cries arose from all sides of a crowd gathered

around the Salvation Army detachment. An iceman, by the name of Kerns, tried to drive his wagon over the Salvationists, while they were on their knees in prayer, and his conduct was resented by the crowd. Kerns was arrested. Just before the iceman hove in sight, T. E. Steward, of the Nicholson house, had ordered the porter to turn the hose on the men and woman and drive them away.

Sad Fate Of A Girl.

NORATH, YAKIMA, Wase., June 21.—Yesterday Emily Alderson, aged 14 years, was thrown from a horse and kicked in the head by the animal, sustaining a fatal injury. It was not 15 minutes after having been seen riding the horse that she was found dead. Her mother was driving a buggy behind her, and came up within an hour after the girl had left her, only to find her daughter's dead body. The blow prostrated her. The girl had asked permission to ride instead of driving with her mother, and the accident occurred as they were en route to this city from a ranch they owned.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's Disease, Diabetes and Dropsy owe their great prevalence and fatality to neglect of the first warning symptom. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

Howgate Convicted.

WASHINGTON, June 21.—After being out since yesterday, the Howgate jury, at 12:30 p. m., brought in a verdict of guilty on each indictment, one being for forgery and one for falsification of accounts. The jury added a recommendation to mercy. An appeal on a bill of exceptions has been taken to the district court of appeals, and will probably come up in September. Captain Henry Howgate was charged with forgery and embezzlement from the government while in the signal-service bureau.

If you contemplate going East don't fail to call on W. C. Allaway, agent for the Northern Pacific railroad, for full information in regard to rates, etc. The Northern Pacific is the only route running through tourist sleepers from Portland without any lay-overs, and is the only line running a dining car out of Portland. The Northern Pacific in connection with the new "Burlington Route," is the best route for Central and Southern points. j18-d1-w1.

Forged Chinese Certificates.

BUTTE, Mont., June 21.—Government officials, aided by the city marshal and other officials, are raiding the Chinese quarters here. They have found the complete outfit for turning out certificates of residence for Chinese. It is supposed 400 of the bogus certificates have been issued and sold to Chinese in various parts of the country and China, at figures ranging from \$50 to \$500 each. It is the most important discovery of the kind made in the United States. Three Chinese have been arrested. The treasury department at Washington has been at work on it for months.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakely & Houghton Druggists.

Central Pacific Dividend.

New York, June 21.—Advice from London say that C. P. Huntington, who is abroad, has given notice of a dividend of 3/4 per cent, to be paid holders of Central Pacific stock July 15.
