BONDS OF PORTLAND

The Credit of the Metropolis Very High.

A LARGE PREMIUM PAID

Ceremonies in Honor of the Late President Carnot of France.—Telegraphic Notes.

PORTLAND, June 24.—That Portland's credit not only at home but abroad stands as high as any city in the land, was demonstrated at noon today when the bridge committee opened bids for the purchase of \$200,000 bonds. The members of the committee, Messrs. Jay V. Beach, Sol Hirsch and N. K. West, met in their office in the Chamber of Commerce building, opened and inspected the six bids which had been submitted. The following are the bidders and the prices offered for the bonds:

W. & J. Hays & Sons, bid par, interest and premium of \$28.847.

First National bank of Portland, bid for \$25,000 of the bonds, \$112.65 and accrued interest.

Cushman, Fisher & Co., of Boston, bid par and a premium of 15.65 per cent, being 115.6 and interest, or \$331,300 and accrued interest for the \$200,000 bonds.

Commercial National bank of Portland bid \$226,600 and interest.

H. H. Rollins & Son, of Boston, bid \$122 and accrued interest.

W. Harris & Co., of Chicago, bid \$230,643 and accrued interest.

The bid submitted by Cushman, Fisher & Co., of Boston, being the highest, will be awarded to that firm. This is the highest premium ever paid for any city bonds offered for sale on the credit of Portland—\$31,300 for \$200,000 of bonds. At that rate the city will pay about 4 1-16 per cent interest premium. The net profit to the investor will be 4.10 per cent per annum for 30 years.

These bonds are to be issued in denominations of \$1000, payable 30 years from date, and bearing interest at the rate of 5 per cent per annum, payable on the first days of April and October of each year, principal interest payable in United States gold coin at the office of the treasurer of the city. These bonds are to be paid for and delivered to the purchaser at the city of Portland, the bidder to pay the accrued interest from April 1 to date of delivery, in addition to the price bid.

These bonds are issued under authority of an act of the legislative assembly of the state of Oregon, approved February 21, 1895, and will be issued and delivered with coupons attached for interest from April 1, 1895. The validity of the bonds and the authority of the committee to issue and sell them have been fully affirmed by the supreme court of the state, and no conditional bids were received. The high premium paid for these bonds shows that the financial credit of Portland never stood higher than at present.

Millions in Gold Mines.

NEW YORK, June 24.—"Millions of dollars have been invested in gold mines in the past few months," said John McDonough, president of the First National bank, of Creede, Col. "A curious proof of the solidity and conservatism of the investors is the fact that they do not allow these deals to be made public if they can help it, the odium attached of late years to the mining business being great as to almost affect a man's credit. This spring several large gold properties have been purchased by New York and Boston capitalists, but these men adopt a different method to that in vogue a few years ago. The days of wildcatting in this country are practically gone. Investors nowadays first make sure of the presence of an ore body. They pay for ore in sight. That is the method which

has made David Moffatt, of Denver, and other miners so wealthy. The capitalists step in with the cash required to bring the ore to the surface. Deals have been put through this spring in California, Idaho, Colorado, Montana and Arizona, some of them running over a million and a half dollars. In Europe, especially in Paris, London and other money centers, there seems to be a running craze, but that is for south African stocks, and we do not want any of that excitement over here, as it discredits the business aspect of the mining world."

A Gratifying Showing.

CHICAGO, June 24.—The wages of not less than 250,000 men in the United States have been advanced materially within the last 90 days. Careful inquiry throughout the country indicates an advance averaging 1 1/4 per cent. The Chicago Tribune has compiled a list which embraces more than 250 firms which have within the last few weeks advanced the wages of their employees. A notable feature of this great industrial improvement is that the wages of these 250,000 men have, with hardly an exception, been advanced voluntarily by the employers. The season has been remarkably free from strikes. Employers have shown a spirit of willingness to share the results of the era of general prosperity which seems to have set in, without and delaying the division of profits until labor grew impatient.

In Honor of Carnot.

PARIS, June 24.—In the presence of enormous crowds the anniversary of the death of President Carnot was observed today at the Pantheon with touching ceremonies. In the official cortege were President Faure, M. Challemeil Lacour, president of the French chamber of deputies, followed by cabinet ministers, ambassadors, senators and deputies. M. Faure, in depositing a crown on the tomb, said: "In the name of the republic, on the day on which is renewed the mourning of the country, I lay this crown upon the tomb of President Carnot." The religious ceremony took place in the church La Madeline, at 11 o'clock.

Kingsley Notes.

Born—June 24th, to the wife of Geo. Friend, a 9-pound boy. With proper care George will recover. He would consider it a favor if someone would kindly mail him the words to the song entitled "Papa's Baby Boy." He needs them in his business.

Chas. Fraley informs us that fall grain is suffering considerably for want of rain. Charlie is not kicking, but says if we do not have rain soon—well, we won't, that's all.

Last Saturday was quite a lively day in our usually quiet place. Five fights were seriously talked of at one time. Only for the presence of mind of Mr. Wesley Schutz, we might have had to chronicle a sad ending to the day's enjoyment.

This is it.

This is the new shortening or cooking fat which is so fast taking the place of lard. It is an entirely new food product composed of clarified cotton seed oil and refined beefsuet. You can see that

Cottolene

Is clean, delicate, wholesome, appetizing, and economical—as far superior to lard as the electric light is to the tallow dip. It asks only a fair trial, and a fair trial will convince you of its value.

Be sure and get the genuine. Sold in three and five pound tins by all grocers. Made by THE N. K. FAIRBANK COMPANY, ST. LOUIS and Chicago, New York, Boston.

William Visited the New York.

KIEL, June 24.—Emperor William remained on board the United States cruiser New York, yesterday.

While in Stockton Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by Blakeley & Houghton, Drugists.
