

GREAT EXCITEMENT.

THERE IS MUSIC IN THE AIR
Beautiful City of The Dalles Marches to the Perfect Time of the Kimball.

The arrival of such a large shipment of elegant pianos and organs in The Dalles, seems to have put certain piano and organ agents in a great state of excitement. They have lost their heads entirely—if they ever had any—and are talking at random, "through their hats." They might compose themselves by cracking these nuts: While these gentlemen (?), who profess to know so much about pianos and organs and other people's business—the Kimball in particular just now—are talking, they might answer these questions:

1st. Why is it, if the Kimball is such an awfully bad piano as they would have you believe, that the Kimball Co. are the largest piano and organ manufacturers in the world.

2d. Why is it that there are two Kimball pianos and organs in the state of Oregon to one of any other make?

3d. How is it that the Kimball Co. turned out 6,000 pianos last year, and had to build another addition to its immense factories last May, when other manufacturers and dealers were complaining of dull trade?

4th. How is it that the Kimball Co. turned out more pianos last year than any other four manufacturers in the United States?

5th. Who are the Chicago Musical News? We never heard of them. Did you?

6th. Why is it that the Metropolitan Opera Co., and every other grand opera company appearing in Chicago, use and endorse the Kimball piano?

7th. Why is it that Patti, Nordica, Minnie Hauk, Perugini and the De Renzys bought Kimball pianos and had them shipped to London, Paris and Lucerne for their personal use?

These questions will be sufficient for the intellect of the gentlemen (?) for the present. When they get through with these, it might be well enough, while they are telling the public so much (?) about other people, to tell them about themselves and the pianos and organs they have to offer instead of the Kimball.

We crave the indulgence of the good people of The Dalles for this digression, and will state, in conclusion that if you will call at the old Chronicle building, we shall be pleased to give you full information as to the superiority and merits of the Kimball, and will show you the largest and finest shipment ever brought to this city. This is an opportunity to get a strictly high grade instrument from the factory direct, and save agents' profits. Store open every night during this sale till 10 o'clock.

We make a piano which we are proud of and take pleasure in showing.

INVESTIGATE THIS.

If You Do, and Act on the Suggestion, You Will Never Regret It.

I would kindly suggest to those who may be considering the advisability of presenting the home with a piano, that if they will prevail themselves of the unprecedented opportunities offered at this sale in that line, they will have made the bargain of a lifetime, and I can safely say that you will have saved enough in the transaction to fairly educate the family in music.

I am offering at this sale the very best pianos that money, brains and experience can produce; the class and character of which no man can dispute, and fully one-half lower than the regular retail price for the same class of goods the world over. The guarantee of the W. W. Kimball company, a firm worth millions, goes with every Kimball piano.

The Kimball pianos are in greater demand than any piano the world has ever produced, which is abundant proof of their excellence. No piano, of any name, at any price, will wear any better or retain its original beauty of tone any longer.

More than 600 Kimball pianos are in use in Oregon, at least two to one of any other make, and every possessor is happy; they could not be otherwise.

If you expect to get one of the instruments offered at this sale, you should call at the old Chronicle building at once.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:
RICHMOND, Va., Oct. 2, 1894.
Indiana Bicycle Co., Indianapolis, Ind.:
GENTLEMEN—The Waverley Scorcher and Be'le came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$50? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last (and you know that is a right good number), we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
Yours truly,
