KENTUCKY DEMOCRATS

Hardin and Tyler Nominated for Office.

CALIFORNIA SILVER MEN

Committeeman Mitchell Wants a Silver Convention Called—Success of the Atlanta Commission.

LOUISVILLE, June 27.—P. W. Hardin was nominated last night by the democratic state convention for governor and E. T. Tyler was named for lieutenant-governor, after which the convention adjourned until this morning.

At 9:30 today it reconvened, with the usual large attendance.

For state treasurer the names of W. H. Gardner, John C. Herndon, W. C. Kendall and R. C. Ford were presented with eloquent speeches. The ballot resulted: Gardner, 286; Herndon, 172; Kendall, 91½; Ford, 270½; E. Kenton, 58. A motion to drop the lowest after each ballot was adopted. Four hundred and forty votes being necessary for choice, there was no nomination.

The second ballot for state treasurer resulted: Gardner, 386; Herndon, 43; Ford, 459; Ford was declared the nominee.

For auditor, Luke C. Norman was nominated by acclamation.

Still Insists.

LOS ANGELES, June 27.—Democratic State Central Committeeman Mitchell who sent a letter to Chairman Gould some days ago asking to have a meeting of the committee called, for the purpose of calling a silver meeting of the state, and received an unfavorable reply, has now addressed a second letter to Chairman Gould. This letter is sharp, and takes exception to the fact that Mr. Gould took Mr. Mitchell's other letter personally. It asks that the central committee be polled on the question of calling a silver convention. "That a preponderance of democratic opinion exists in favor of the coinage of silver at a ratio of 10 to 1 is a fact that you seem not to be impressed with, and I will set this down to your ignorance of current events. I well understood that the species of egotism that prompts you to make the remarkable statements of your letter. If you really hold the views you express, I think the head of the state democratic committee would be most acceptable to that element in society known as 'anarchist'."

A Horrible Death.

PRESCOTT, Ariz., June 27.—Joseph H. Walker died here last evening in most horrible agony. Several days ago, he suffered dislocation of the ankle on a cow range in Kirkland valley, and laid out in the sun for several hours. During the time, a blow fly got into his nose and laid eggs, and when he was brought to town for medical treatment for his ankle, screw worms commenced to drop from his nose. Several physicians attended him, but the worms increased in his head, dropping from his nose and mouth, and on opening his mouth, a mass of insects could be seen. Finally they reached his brain, resulting in his death.

Jumped the Track.

ROXBURG, June 27.—South-bound freight No. 32 was wrecked yesterday afternoon at Rice Hill, near Oakland. A box car next the cabooses jumped the track and was followed by the cabooses, which ran for two miles upon the ties, then turned over on its side, tearing down three telegraph poles and a barbed-wire fence before stopping. Conductor Elder and brakeman J. D. Huff were unable to reach the top of the train or to signal the engineer, on account of the terrible jumping of the cars and the fly-rocks and dust. As soon as the engineer

saw the heavy dust he knew all was not right and stopped the train. No one was seriously injured.

CANADIANS OBJECTS.

They Do Not Like the Seal Fisheries Bill.

OTTAWA, Ont., June 27.—The Canadian government has received a draft of the bill for the Pacific seal fisheries, read for the third time in the imperial parliament. Sir Charles Tupper, minister of justice, and ex-minister of marine, says the Dominion government will enter strong objection to two clauses. One empowers Russian vessels to search Canadian sealers, and another extracts the extreme penalty of the forfeiture of ship and equipments for infraction of the regulations. The Dominion government will forward a strong protest to the imperial government.

Met With Success.

NEW YORK, June 27.—General I. W. Every, of Atlanta, Ga., foreign commissioner of the Cotton States' Exposition, to be held in Atlanta from September 1 of this year, to January 1, 1896, arrived in New York on the steamship Caracas, from Venezuela. The general, who was appointed by the exposition and accredited by the United States government, visited during his trip Brazil, the Argentine Republic, Paraguay, Uruguay, Chili, Mexico and Venezuela. He was everywhere cordially received, and met with flattering responses.

Rosebery's Wit.

LONDON, June 27.—Mr. Thomas Gibson Bowles, the tory member of parliament, who made a special attack on the government's fisheries bill, while riding along Rotten Row, met Lord Rosebery, to whom he remarked that at last the seal-fisheries bill had been passed. "Yes," replied Rosebery, laughing, "and there's been a good deal of fishing for seals of office this week."

General Warner Hopeful.

CLEVELAND, June 27.—General A. J. Warner said today it was evident there would be a split in the democratic party next year on the silver question. He said the silver men must get together. He believed a candidate would be found for whom the democrats of the South, the republicans of the West and the populists would vote.

Dissolution of Parliament.

LONDON, June 27.—In the house of lords today Premier Marquis Salisbury announced that he hoped to obtain the queen's consent to the dissolution of parliament July 8.

He Died of Starvation.

VANCOUVER, B. C., June 27.—About two and a half years ago Norman McNeil left here for his ranch in the Chilcatin country. Since then he has never been heard of. A few months ago his brother Daniel arrived here to search for him, and with the aid of Indians he found the bones his brother in the brush near the Klean-a-Klean river. The remains were identified by a paper in the pockets of the clothes. It is thought he died of starvation.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's Disease, Diabetes and Dropsy owe their great prevalence and fatality to neglect of the first warning symptom. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. For sale by Snipes-Kineraly Drug Co.

Whooping Cough.

There is no danger from this disease Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by Blakeley & Houghton, Drugists.

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade.

(Chicago Musical News.)

The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

W. W. KIMBALL, Co., Metzgerott Building, Cor. 12th and F. Sts. The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing.

The Kimball company make one of the cheapest pianos in the United States.

And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market. The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schreud schemers, they may find they have far overstepped the bounds of legitimate business dealing.

While in Stockton Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by Blakeley & Houghton, Drugists.
