If You Do, and Act on the Suggestion, You Will Never Regret It.

I would kindly suggest to those who may be considering the advisability of presenting the home with a piano, that if they will avail themselves of the unprecedented opportunities offered at this sale in that line, they will have made the bargain of a lifetime, and I can safely say that you will have saved enough in the transaction to fairly educate the family in music.

I am offering at this sale the very best pianos that money, brains and experience can produce; the class and character of which no man can dispute, and fully one-half lower than the regular retail price for the same class of goods the world over. The guarantee of the W. W. Kimball company, a firm worth millions, goes with every Kimball piano.

The Kimball pianos are in greater demand than any piano the world has ever produced, which is abundant proof of their excellence. No piano, of any name, at any price, will wear any better or retain its original beauty of tone any longer.

More than 600 Kimball pianos are in use in Oregon, at least two to one of any other make, and every possessor is happy; they could not be otherwise.

If you expect to get one of the instruments offered at this sale, you should call at the old Chronicle building at once.

L. V. MOORE, Factory Representative.

A Prominent Music House.

The Wiley B. Allen Co. is a private corporation with a capital stock of \$100,000. It is no branch house, nor is it dictated to by any one particular manufacturer as to how it shall conduct its business or what it shall sell. On the contrary, it dictates to the manufacturers themselves, taking pains to select only the very choicest makes best adapted to the climate of Oregon. The corporation is an Oregon production, its home and interests are in Oregon, its reputation is in Oregon, and at the present time it possesses sufficient brains and capital to run and operate its own business, carrying all installment contracts and notes in its own vaults, and not sending them East to be hawked about in various banks or collection bureaus. It permits no manufacturer to send goods to the "wilds of Oregon" not good enough to sell to the sophisticated nabobs of the East.

All manufacturers select representatives. The best manufacturers select the best representatives, and that is why the Wiley B. Allen Co., of Portland, Or., have been selected to represent such noted makes as Chickering, the Hardman, Fischer, Bush & Gerts and Ludwig pianos.

A piano is an article which it might be said to be used every day in the year for a lifetime. It is poor policy, therefore, for a buyer to take something which some travelling representative may want to thrust upon him. Go rather to some representative house whose home, whose interest, whose reputation and whose capital is invested in the state of Oregon, and at the same time get a choice of various makes to select from.

For further information, prices, terms, etc., address The Wiley B. Allen Co., 211 First St., Portland, Or. dl

A Regular Levee.

Colonel Moore and Mr. Herrick, the genial representatives of the great Kimball factories held a regular levee at their warerooms in this city, last evening. The Kimball headquarters are now the popular evening resort of The Dalles. A great many of our representative citizens and leading musicians dropped in last evening to see the elegant display of Kimball pianos, and were highly entertained by the beautiful selections rendered by Misses Newman, Schmidt and others. Those present enjoyed a real treat in the way of an impromptu concert. Everyone was delighted with the beautiful tone and touch of the Kimball and went away thoroughly impressed with the great superiority which the manufacturers so justly claim for it. It is not surprising after hearing the Kimball, that the gentlemen who represent it should be so enthusiastic in its praise.

Persons who were not so fortunate as to be present last evening will no doubt be afforded an opportunity of hearing some beautiful music this evening. Since the Kimball wareroom has become such a popular evening resort, persons who were not so fortunate as to be present last evening, will not doubt the agreeable surprise this evening, as these impromptu musicals will certainly be repeated. dl-ss

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels: RICHMOND, VA., Oct. 2, 1894. Indiana Bicycle Co., Indianapolis, Ind.: GENTLEMEN—The Waverley Scorcher and Be's came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$50? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last (and you know that is a right good number), we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents. Yours truly, WALTER C. MEEBEE & Co.
