

WILL IT BE PERMANENT?

Is the Question Daily Asked About the New Piano House.

The advance of such a tremendous stock of pianos and organs as the Kimball company are shipping to this city causes much curiosity and speculation.

I have many questions, direct and indirect, like the following, for which I answer:

Is this piano house to be permanent? Not at present.

Could not The Dalles maintain a piano house of such proportion as this? Not in these times, neither could any other city double its size.

You people have a mighty lot of nerve to ship such a lot of pianos in here. Not much; hundreds of families would like fine pianos if they could buy them low enough.

Don't think you can sell all these pianos in a year. I think you are badly mistaken. They will all be sold before next Saturday night.

Geewhiz! No geewhiz about it. The people want them; they are able to buy them; they are being sold at manufacturers wholesale prices with freight added, and the people are going to improve the opportunity.

I have made sales like this in a number of towns on the coast, and have sold from one to three carloads in a week to two weeks time.

The people saw that it was the opportunity of a lifetime, and took them quickly and will do the same here. It would be impossible to maintain a store permanently and retail at these prices. The expenses would more than eat up the profits.

Just as soon as the times will justify it, a permanent store will be established at The Dalles, but instruments will be sold at regular retail prices, as the prices now being offered apply on these instruments only, and we will not guarantee to duplicate them a day after this sale is over. Call and see us at the old Chronicle building, cor. Second and Washington streets. Store open till 10 o'clock every night during this sale.

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels: RICHMOND, Va., Oct. 2, 1894.

Indiana Bicycle Co., Indianapolis, Ind. GENTLEMEN—The Waverley Scorcher and Be'le came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$85? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last (and you know that is a right good number), we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents. Yours truly, WALTER C. MERRICK & Co.
