

The Dalles Chronicle.

VOL. VIII

THE DALLES, OREGON, WEDNESDAY, JULY 3 1895.

NO. 156

WEATHER BUREAU.

Weather Crop Bulletin No 10 of the Oregon State Weather Service for Eastern Oregon.

Weather—No rain fell during the past week, except from thunder storms, and this was confined to the southern portion, principally over the stock country. The maximum temperature of the week occurred on Friday, when it ranged in the Columbia river valley from 95 to 101 deg.; south of the Blue mountains it ranged from 54 to 68 deg. in the valley and about 8 deg. lower to the south. Up to Sunday there were few clouds, and almost continuous sunshine. Sunday and Monday were cooler, the maximum temperature ranging below 80 deg. The winds have been northerly, and full in force.

Crops—Condition even worse than those of the preceding week are reported. The late spring and volunteer grain are about gone up; the fall, winter and early spring-sown grain will make a crop less than the average. The dry, hot weather is proving to be injurious to the fruit. The hay crop is light, and the range grass is becoming poorer. The following extracts are made from the correspondents' report, as they convey a more lucid idea of the conditions as they exist, than a summarized statement would do:

"The Dalles, Wasco county—The hot weather of the past week has been very trying to all cereals and vegetation; the drouth has been quite severe, but the grain looks remarkably well. Volunteer grain is practically done for, but that grain well put in is in fine condition, and with cool weather of Sunday and today will make a good crop. Oats will be short. Barley will yield well. The evaporation has not been so great this year as formerly, and the soil is moist, so that with cool weather Wasco county will yet have fair crops. Potatoes are doing well, and fruit is in fine condition. The codlin moth has made its appearance. Strawberries are all gone. Cherries are at their best. Red June and early harvest apples are ripening."

"Wasco, Sherman county—In the southern portion of the county the wheat crop is poor; in the northern portion the prospects for a fair crop are good."

MASONS NOT EXEMPTED.

Captain-General Campos Permits no Private Meetings in Havana.

New York, July 2.—A special from Havana says: Captain-General Martinez Campos, acting on the supposition that the people of Havana are in sympathy with the revolutionists, issued a general order when he first came here, prohibiting private meetings under severe penalties.

Not even the Masons were exempted, but powerful influence was brought to bear upon him in their behalf and he consented to modify the proclamation so that it would not affect them. The grand lodge of the Island of Cuba, situated in this city, was overjoyed at this and Masons showed their gratitude to Campos in many ways.

All this joy, however, was short-lived, for the captain-general has issued another order specifically prohibiting meetings of Masonic lodges, and as a result trouble is feared in many quarters.

The Trans Pacific Cable.

SAN FRANCISCO, July 2.—Hugh Craig, vice-president of the chamber of commerce, says that from a thorough investigation of the subject he is convinced that the Pacific cable, which has been talked about for years on this side of the United States, and discussed ad interim in congress, is to be built by British capitalists.

To the statement that Englishmen and Australians, with Canada, have decided to undertake the work, he adds the further fact that the difficulty of obtaining a mid-ocean station has been overcome. It will be remembered that the United States government decided last winter not to sanction the establishment of such a station on any of the Hawaiian islands to be controlled solely by Brit-

ishers. To avoid international complications, a station has been decided upon in latitude 3 north, on Fanning island. The cable is to be laid from Auckland, N. Z., to Norfolk island, in the South Pacific, a distance of 415 miles. The second section of a cable will be from Norfolk to Fiji, a distance of 1637 miles, the third to Fanning island, 1715 miles, and the fourth and largest section, from Fanning island to Vancouver, B. C., a distance of 3232 miles. The total length of this cable would thus be 6899 miles, or almost three times as long as the shortest transatlantic cable.

The cost of this cable from Auckland to Vancouver will be \$251,000,000. This cable, it is proposed, shall be only one of a number of cables connecting with it in the southern hemisphere. The principal connection will be between Auckland and Sydney, New South Wales.

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Blakeley & Houghton, Druggists.

The constitution that has been broken down or weakened by long standing disorders in the liver and kidneys, is ill fitted to withstand the encroachment of disease. Such a person takes cold easily, cannot stand fatigue, and in cases of epidemics, is the first to fall a victim. The proper course is to remove the cause of weakness by treating the liver and kidneys. Dr. J. H. McLean's Liver and Kidney Balm will reach the seat of trouble and restore the diseased organs to healthy functional activity. Increased nourishment of the body will follow and the patient will rapidly regain health and strength. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

Whooping Cough.

There is no danger from this disease. Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by Blakeley & Houghton, Druggists.

Neuralgia pains, rheumatism, lumbago and sciatic pains will yield to the penetrating influence of Dr. J. H. McLean's Volcanic Oil Liniment. Rubbed in frequently and thoroughly over the parts affected or warmed in with a hand iron, pain cannot exist where it is applied. 25c, 50c and \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

Business men of The Dalles, when visiting Portland, have for years been accustomed to take their mid-day lunch at the "Gem" the new location is at 73 3rd street, next door to Ainsworth's bank. Jos. E. PENNEY.

There is great danger in neglecting Colic, cholera and similar complaints. An absolutely prompt and safe cure is found in De Witt's Colic and Cholera Cure. For sale by Snipes-Kinersly Drug Co.

Finest cabinet photos \$2.50 per dozen at Herrin's studio Chapman block, The Dalles, Oregon. Eighteen first prizes taken. Clip this notice out and bring it with you and it is good for one photo extra with every dozen photos. j6-1m

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade.

[Chicago Musical News.] The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

W. W. KIMBALL, Co., Metzertott Building, Cor. 12th and F. Sts. The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing. The Kimball company make one of the cheapest pianos in the United States.

And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.

The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schrewd schemers, they may find they have far overstepped the bounds of legitimate business dealing.

E. JACOBSEN & Co., I. C. NICKELSEN.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle at Snipes-Kinersly Drug Co.'s Drug Store. Regular size 50c. and \$1.00.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinersly.

Finest cabinet photos \$2.50 per doz., at Herrin's studio, Chapman block, The Dalles, Or. Eighteen first prizes taken. Clip this notice out and bring it with you and it is good for one photo extra with every dozen photos. j19-1m.
