

The Dalles Chronicle.

VOL. VIII

THE DALLES, OREGON, WEDNESDAY, JULY 10 1895.

NO 161

WRECK IN CANADA

Thirteen Killed and Thirty-four Injured.

MORE ABOUT THE FAIR WILL

The Thieves Who Stole It Will Gain Nothing--Certified Copies Will be Sufficient.

QUEBEC, July 9.—A very large pilgrimage from Sherbrooke, Windsor Mills and Richmond left last night at 10 o'clock for the shrine of St. Anne de Beaupre. There were two sections of the train, one leading a few minutes behind the other. The first section was standing at Craig's road station, at 3 a. m., taking water, when the second section, passing the semaphore, dashed into the rear of a Pullman coach of the first section, smashing it to kindling wood, and killing, it is said, everybody in that car, except the Pullman conductor, who jumped.

Engineer McLeod and Fireman Perkins, of the second division were both killed outright. The Pullman coach was leaped into the first-class cars of the first section, killing a number of passengers. Among the killed are three priests. The number of killed is now placed at 13, injured 34.

A Queer School.

CHICAGO, July 9.—Probably the queerest school on earth is about to be established in Chicago. Clifford M. Calverly the projector, and he is here to start a school for young people who wish to become high wire-walkers. Calverly has crossed the falls of Niagara several times, and it is there that he proposes to graduate his pupils. The first class of the new school already has five members, and Calverly says he will start with 20 pupils in a couple of weeks.

Fire in Tacoma.

TACOMA, Wash., July 9.—A fire caused by an exploding lamp in the Crescent photograph gallery, on E and Eleventh streets, at 8 this morning, destroyed the gallery, a livery stable and two adjoining residences. The whole block was threatened. The fireman did good work, and subdued the flames after a short fight. The total loss is \$3500. There is \$700 insurance on the gallery. No one was injured.

The Outlook Satisfactory.

SAN FRANCISCO, July 9.—Nearly 50 citizens from towns in California, in response to inquiries made by the Chronicle have reported in detail the condition of their business, and, especially the development of their leading industries. The net result of these questions and answers is that there is good, solid ground for satisfaction in all sections.

Burglars Captured.

TERR HAUTE, Ind., July 9.—Burglars broke into William Kattman's store at Poland, Clay county, last night, and the two men on guard gave them a warm reception. One burglar, unidentified, was shot and killed. Arch Agar was shot in the eye. He and Ed Barnett were captured. Both were ex-convicts.

Injured in an Explosion.

SAN FRANCISCO, July 9.—William and James Donohue, half-grown lads, were badly injured by an explosion this morning. They dropped a match into a jar of holdover Fourth of July fireworks. They may lose their eyesight.

WEATHER BUREAU.

Weather Crop Bulletin No 15 of the Oregon State Weather Service for Eastern Oregon.

Weather.—General light rainfall on July 4 and 5, being heaviest on the 4th; the total amount which fell varied from one-half inch in portions of Umatilla county to 0.10 of an inch at The Dalles, and in Baker county. The temperature

was much lower than in the preceding week. On the morning of the 6th frost nearly occurred south of the Blue mountains, where the lowest temperature was 36 deg. The maximum temperatures ranged from 72 to 84 deg., and the minimum ranged from 48 to 54 deg., except south of the Blue mountains, where it was from 36 to 52 deg. About the average amount of sunshine prevailed. The winds were southerly on several days, and their velocity throughout the week was less than in the previous week.

Crops.—The rains, though light, were great benefit. The benefit was principally in the help to cause the grain to be more plump; it helped the filling, but caused little or no extra growth to the straw. The reports from Wasco and Sherman counties are more encouraging, and fair yields are now anticipated from these two counties. Discouraging reports continue from Gilliam and Morrow counties, and it is doubtful if one-third as much as the crop of last year will be yielded. In Umatilla county grain that was properly put in is in good condition. One correspondent, who has 1700 acres in wheat, expects 45 bushel to the acre; fields surrounding will not yield over 20 bushels to the acre, the difference being due to the manner of plowing and seeding. The crop of Umatilla county will hardly be over one-fourth as much as it was last year. In the Grand Ronde valley good crops are the rule; this year they are poor; fall wheat is especially poor, and will hardly yield over 15 or 20 bushels to the acre. Spring grain is not half so good, and much spring grain will only be fit for hay. In other Eastern Oregon counties similar grain conditions exist.

The hay crop is light, except that which is irrigated. The hay is short in length and thin on the ground. The fruit prospects continue to be encouraging. A large yield is now expected.

Wheat harvest has commenced in a few localities of the Columbia river valley; harvest will not be general until about the 15th.

Rain will not help the grain and hay crop; the present conditions show what the harvest will be, and they show prospects below the average.

The latter part of this week will be cooler; no rain is probable.

The chief of the weather bureau, Washington, D. C., has directed Mr. B. S. Pague to proceed to San Francisco and assume charge of the weather office in that city for the next 30 days. Mr. S. M. Blanford will be in charge of the office in Portland until Mr. Pague returns. Portland, Or., July 8, 1895.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

There is great danger in neglecting Colic, cholera and similar complaints. An absolutely prompt and safe cure is found in De Witt's Colic and Cholera Cure. For sale by Snipes-Kinnersly Drug Co.

The most pleasant little pills for regulating the bowels, are De Witt's Little Early Risers. Cures sick headache and constipation Small pill, Small dose. For sale by Snipes-Kinnersly Drug Co.

Pain has no show with Dr. Miles' Pain Pills.

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade.

[Chicago Musical News.]

The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

W. W. KIMBALL, Co., Metzerott Building, Cor. 12th and F. Sts.

The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing.

The Kimball company make one of the cheapest pianos in the United States.

And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.

The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schrewd schemers, they may find they have far overstepped the bounds of legitimate business dealing.

E. JACOBSEN & Co., I. C. NICKELSEN.

Certified Copies Will Do.

SAN FRANCISCO, July 9.—The thieves who stole the will of James G. Fair from the office of the county clerk made a big mistake. Instead of procuring a large reward, attorneys for the executors will give the thieves nothing. There are two certified copies of it extant, and the original can be dispensed with.

You cannot work well unless you feel well. No one can feel well with a disordered liver or diseased kidney. Diseases in the organs should receive prompt attention, as neglect will lead to much misery and sorrow. Dr. J. H. McLean's Liver and Kidney Balm should be taken as soon as the first symptoms of trouble are manifest. It is well known to all dealers in medicine as a safe and reliable cure for diseases in the liver or kidneys. Price \$1.00 per bottle. For sale by Snipes-Kinnersly Drug Co.

A Successful Burglar.

PENDLETON, Or., July 9.—A burglar broke into George Baker's residence last night, and made his way to the room where Baker was sleeping. Baker had \$192 in the pocket of his clothing on a chair. The burglar secured it and got out without alarming Baker. No arrests have been made.

Boys' Fine Shoes in Black and Tan
