Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's Disease, Diabetes and Dropsy owe their great prevalence and fatality to neglect of the first warning symptom. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. For sale by Snipes-Kinnersly Drug Co.

Travelers find a safe companion in De Witt's Colic and Cholera Cure. A change in drinking water and in diet often causes severe and dangerous colic, plains. This medicine always cures them. Snipes-Kinnersly Drug Co.

CONCERNING PIANOS.
Kimball's Methods a Menace to the Entire Trade.

[Chicago Musical News.]
The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:
Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.
The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

W. W. KIMBALL, Co., Metzerott Building, Cor. 12th and F. Sts.
The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.
This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.
What is there in the Kimball piano to justify this step? Nothing.
The Kimball company make one of the cheapest pianos in the United States.
And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.
When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.
The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.
We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schrewd schemers, they may find they have far overstepped the bounds of legitimate business dealing.

Waverley Bicycles.

Highest all Grades.

Warranted Superior to any Bicycle built in the World, Regardless of Price.

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:
RICHMOND, Va., Oct. 2, 1894.
Indiana Bicycle Co., Indianapolis, Ind.
GENTLEMEN—The Waverley Scorcher and Be's came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$67. We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last [and you know that is a right good number], we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
Yours truly,
WALTER C. MERRICK & Co.
