

Done By the County Court.

The last session of the county court consisted principally in allowing bills, and no very important action on other matters was taken.

The application of W. E. Campbell and others for a new road district was passed, as was also the petition of A. J. Dufur to change a county road.

In the matter of the petition of Geo. A. Liebe and others for a new county road, the court appointed A. Canfield, William Floyd and Robert Snodgrass viewers and W. E. Campbell surveyor.

Report of Stock Inspector E. C. Fitzpatrick received and filed, also the petition of Margetta M. Marshall for a public easement.

Robert Snodgrass, C. A. Canfield and Wm. Floyd were appointed viewers and W. E. Campbell for a new road, to meet July 27, 1895.

In the matter of damages claimed by Ivan Humason because of the opening of the Brookhouse road, Geo. H. Riddell, Isaac Young and Martin Jaksha were appointed appraisers to assess and report the damages.

James LeDuc and George Patterson were appointed to assess damages claimed by Mrs. Slusher and W. T. Vanderpool because of the road petitioned for by Alex Strachen.

The report of the surveyor and viewers on the R. R. Hinton road was read and the road declared a public highway.

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade.

The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing.

The Kimball company make one of the cheapest pianos in the United States. And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.

The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schroed schemers, they may find they have far overstepped the bounds of legitimate business dealing.
