

WEATHER BUREAU.

Weather Crop Bulletin No 16 of the Oregon State Weather Service for Eastern Oregon.

Weather—No rain has fallen since the 4th and 5th of July. Then the rain was very light south and east of the Blue mountains and sufficiently heavy in the Columbia and Walla Walla sections to be of benefit.

Crops—Notwithstanding the dry weather recently, crops in Wasco and Sherman counties are making good progress. Showers which occurred during the first week of July furnished the necessary moisture to bring them to maturity.

McLean's Liver and Kidney Balm they would soon get rid of the miserable feeling and that overpowering sense of weariness and incapacity for work, would give place to one of health, vigor and cheerfulness.

Nansene School Report. To THE EDITOR:—Following is the term report of the Nansene school, Dist. No. 34, Wasco county, Or., beginning April 15th and ending July 11th:

Overwork, either physical or mental will produce weakness and loss of energy. Too many business or family cares, overwork in the harvest field, an excess of woman's work and worry will produce months of misery.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow.

Regarding the Wallace Show. The selection of animals with the Great Wallace Shows is valued at \$1,000,000.00.

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade.

The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired.

The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing.

The Kimball company make one of the cheapest pianos in the United States.

And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.

The question is also one of a broader conception than mere local purview. Such advertisements as these cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of schrewd schemers, they may find they have far overstepped the bounds of legitimate business dealing.
