

ASSIST NATURE
A little now and then in removing offending matter from the stomach and bowels and you thereby avoid a multitude of distressing derangements and diseases, and will have less frequent need of your doctor's service.

Of all known agents for this purpose, Dr. Pierce's Pleasant Pellets are the best. Once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity with sufferers from habitual constipation, piles and their attendant discomfort and manifold derangements. The "Pellets" are purely vegetable and perfectly harmless in any condition of the system. No care is required while using them; they do not interfere with the diet, habits or occupation, and produce no pain, griping or shock to the system. They act in a mild, easy and natural way and there is no reaction afterward. Their help lasts.

The Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, heartburn, pain and distress after eating, and kindred derangements of the liver, stomach and bowels. In proof of their superior excellence, it can be truthfully said, that they are always adopted as a household remedy after the first trial. Put up in sealed, glass vials, therefore always fresh and reliable. One little "Pellet" is a laxative, two are mildly cathartic. As a "dinner pill," to promote digestion, or to relieve distress from over-eating, take one after dinner. They are tiny, sugar-coated granules; any child will readily take them.

Accept no substitute that may be recommended to be "just as good." It may be better for the dealer, because of paying him a better profit, but he is not the one who needs help.

THE CHURCHES.

The Congregational church, corner of Court and Fifth street - W. C. Curtis, pastor, service in the morning as usual. Sunday school immediately after the morning service, and Young People's Society of Christian Endeavor at 7 p. m., The 8 o'clock service will be with the Methodists at their church. All persons not worshipping elsewhere are cordially invited.

The Chautauqua Course.

The Chautauqua course of reading has now been so long before the public and its results so satisfactory, that to some it may seem superfluous for a word to be said in its praise; yet the rule is spoken by the prophet of old, "line upon line." So to call the attention of those who have not hitherto attended I add this line: The main advantage derived from this course of study is found in its system. We can all read, but if some wiser head than our own does not lay down something systematic and orderly for us to follow, the probabilities are that our study will be frittering and by fits and starts. Then the perfect adaptation of the course to home study. A half hour in the rest of the afternoon, another half hour after goodnights are said to the children, is all that is required. Thousands are to-day finding great pleasure and instruction from following this system.

A town of this size should easily carry three circles. It might interfere with what. The Chautauqua readings should win. This course of study is not the mere opinions of one man about something else, no matter how wise he may be. It is the work of many, and is broadening and complete in its method. Those who have had the advantage of collegiate study in days of pupillage find great interest and gain in the re-study required, and especially in the revised and up-to-date character of the text books, embodying as they do the results of the most recent research. In the departments of the sciences I do not believe ordinarily the readings, in the circumstances they will probably be under, will amount to much; but any one no matter how previously ignorant who will carefully go over the prescribed course, even of chemistry or electricity, will not be so ignorant after as they were before.

It is to be hoped with the expected revival of business in our beautiful town we may show ourselves worthy of this revival by making the most of ourselves, as opportunity is given us. P. B. P. THE DALLES, July 20, 1895.

The county court should make some provision for a bounty on coyotes. These "pestiferous" animals are a source of great annoyance to farmers and cause endless trouble among the chicken yards. Farmers, especially on the hills west from town, have almost been compelled to quit keeping any large number of fowls for the reason that they can't keep them. The coyotes become very bold and are no respecter of persons. If a bounty were placed upon their scalps an inducement would be offered for small boys and others possessing leisure time to hunt the varmints and but a little while would accomplish their extermination. We wish the same could be said of grasshoppers.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's Disease, Diabetes and Dropsy owe their great prevalence and fatality to neglect of the first warning symptom. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

When your heart pains you and unusual palpitation is frequent, accompanied sometimes with shortness of the trouble will ultimately reach the kidneys and then become dangerous to life. Steps should be taken to stay its progress on the appearance of the first symptoms. Dr. J. H. McLean's Liver and Kidney Balm is especially adapted for disorders of this kind. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

CONCERNING PIANOS.

Kimball's Methods a Menace to the Entire Trade. (Chicago Musical News.) The following advertisement has been given a prominent position in the daily papers of Washington, D. C., and has been printed in the Chicago Musical News and the American Hebrew News, of Portland. We desire to call the attention of the public to it.

The unfairness of the assertions it contains needs no emphasizing, for they will appear at once to the sense of right inherent in every legitimate dealer in pianos all over the country:

Next Tuesday will be a special bargain day on pianos at our store. We have found some grand bargains in new Upright Pianos (not the celebrated Kimball pianos), and propose to give the public a chance to secure new pianos next Tuesday at manufacturers' wholesale prices.

The prices Tuesday next for these new elegant Upright pianos will be only \$149 and \$159 each. Part time given if desired. These pianos will be on exhibit at our store all day Monday, but no sales will be made from this lot until Tuesday, and will continue that day only.

W. W. KIMBALL, Co., Metzerott Building, Cor. 12th and F. Sts. The Kimball Company may regard such methods as fair and honorable, but they are open to the severest criticism in attempting to destroy the piano trade in Washington after many years of honorable work to promote it.

The unfairness of the card lies in the assertion that the pianos which are to be sold at sacrificial prices are not made by the Kimball company. Therein is the poison.

This whole scheme is perpetrated to give the Kimball pianos a position to which their merits do not entitle them. Although the Kimball advertisement declares these are not Kimball pianos which are to be slaughtered it does not enhance the value of their own instruments.

Those who are familiar with the Kimball pianos know perfectly well that the makers can afford to sell them at just such ruinous prices as are quoted for other instruments in their possession at Washington.

What is there in the Kimball piano to justify this step? Nothing. The Kimball company make one of the cheapest pianos in the United States.

And after the Kimball piano is made ready for the market it is not then worth a place above a low rank.

When you come to think of it, can you name any genuine, first-class house that is selling the Kimball pianos?

The Kimball managers may consider they have made a brilliant stroke, but they are merely using gigantic power to foist a cheap make on the market.

The question is also one of a broader conception than mere local purview. Such advertisements as these, cut at the root of the piano industry for they mislead private buyers.

We shall not let this subject stop here. It is fraught with grave danger to the entire trade, and, although the Kimball company is composed of shrewd schemers, they may find they have far overstepped the bounds of legitimate business dealing.
