## JUDGE STRAHAN DEAD

Oregon's Former Chief Justice is no More.

### DEATH CAME VERY SUDDENLY

The Defender Wins the Yacht Race by Three Minutes--The Angry Depositors Meet.

PORTLAND, July 21.—Judge R. F. Strahan died suddenly yesterday morning at 9:30 o'clock.

He had left home but a short time before apparently in the best possible health and spirits, and when the unexpected news of his death first flashed along the street, it seemed incredible to those who had but a few minutes before seen his robust and vigorous form moving with energetic step along the street. For some time past Judge Strahan had been affected with apoplectic symptoms, and more than once from a dangerous attack of illness. Last summer one of these attacks came upon him suddenly, and it is probable that if his physician had not reached him with the greatest promptness, his life would then have ended. Again some two or three months ago, while he was engaged in leading a case in the criminal court, in the excitement of the argument, that terrible apoplectic purple overspread his face, and he was confined to his room for days afterward from the results. Recently, however, his general health seemed to improve. True, he had been suffering from a slight bronchial disorder, for which he had been under treatment by Dr. J. T. Walls. Saturday afternoon he called at Dr. Walls' office and reported that he was no longer suffering as he had been. As a safeguard, Dr. Walls advised him to take one more bottle of the medicine he had been taking, and in accordance with that advice he had the prescription refilled. Dr. Walls was impressed at the time by the judge's healthy appearance, and suggested further conversation, with a view to additional treatment, but his patient pleaded a business engagement and hastened away from the physician's office with his accustomed energy.

Saturday night he spent at his home, at the corner of Fifteenth and East Ankeny streets, where he has for some time resided with his son and daughter. All during the evening he appeared unusually buoyant and cheerful. In conversation with his daughter, he stated that he had not felt so well for a "long, long time," and that he was good for at least 6 or 12 years more of active life. So little premonition had he of the near approach of death.

**The Defender Wins.**  
New York, July 21.—Wind was so light this morning that chances for a race today between the Vigilant and Defender seemed doubtful, but at the hour when the race was announced to start two big loops were seen, when the fog lifted momentarily, side by side, on a starboard tack, off the Highlands of Navelink, N. J., heading for the Scotland lightship. They were under all lower sails and club topsails.

The start of the yacht race was off Scotland lightship. The commodore placed the flag boat at 11 o'clock. The committee's boat placed the signal "B," which meant that the course would be 50 miles. The Vigilant passed the line at 11:31:20. Within the first 12 minutes the Defender had a slight disadvantage.

At 2:40 p. m. the two sloops were running up the coast about 2 miles off shore, the Defender ahead of the Vigilant about one mile.

At 4:49 p. m. the first yacht, the Defender, finished and at 2:52 p. m. the Vigilant finished, the Defender being winner by about three minutes. The victor was greeted with the usual

tooting of steam whistles and firing of cannon on shore. The Vigilant was greeted in the same manner.

### Alleged Mismanagement of a Defunct Savings Bank.

SAN FRANCISCO, July 21.—About 100 of the depositors of the defunct People's Home Savings bank met last night and voted their disapproval of General Sheehan's management of the wrecked bank, and expressed a hope that some other man would take the general's place. Alva Watts' statement of expenses of the conduct of the affairs of the bank from the time it closed until January 15 last, when other arrangements for carrying on the business were made, was read and the items discussed. One was for \$700 for a trip to San Diego, and another was for \$200 for a like jaunt to Madera. A third item was for \$150 for furniture and carpets for an office. The depositors hissed Mr. Watts' name and passed a resolution to bring the statement to the attention of the grand jury for investigation.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

### English Team Ahead.

LONDON, July 21.—In the contest for the Macinnon challenge cup there were four teams of riflemen, of 10 men each. The result: England, 89; Canada, 34; Scotland, 31; Wales, 16. Corporal Laplow, of the Second Coventry regiment, won the Canada shoot by a score of 183.

### Cure for Headache.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at Snipes & Kinersly's drug store.

Thousands of persons flounder along for months, yea even years, suffering from indigestion, bowel troubles and liver disorders with their accompanying disagreeable symptoms, because they think they have to. If they would take a short course of Dr. J. H. McLean's Liver and Kidney Balm they would soon get rid of the miserable feeling and that overpowering sense of weariness and incapacity for work, would give place to one of health, vigor and cheerfulness. Price \$1.00 a bottle.

Overwork, either physical or mental will produce weakness and loss of energy. Too many business or family cares, overwork in the harvest field, an excess of woman's work and worry will produce months of misery. To prevent this, the exhausted system should be reinforced immediately. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier is an appropriate remedy. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

We recommend De Witt's Colic and Cholera Cure because we believe it a safe and reliable remedy. Its good effects are shown at once in cases of Cholera Morbus and similar complaints. For sale by Snipes-Kinersly Drug Co.

### Whitman College.

The summer announcement of Whitman College, at Walla Walla, has just been issued and gives an idea of the works and aims of the school. The prospects for the coming year are very bright. A strong faculty consists of eleven capable and well trained instructors, all of them graduates from high institutions of learning. Efforts are being pushed energetically to complete the Pearson's Endowment Fund of \$200,000, and many applications of students have already been received. The college in all its departments will open September 18th, with the prospects of the largest enrollment in its history. Special emphasis will be laid in the work of the musical department and on the instruction in oratory and elocution, but thorough training will be given in every branch of the curriculum.

Whitman College was founded in the year 1859 by Rev. Cushing Eells, the friend and co-laborer with Marcus Whitman. Father Eells came to Washington in 1838. Driven from the country by the Indian uprising which followed the Whitman massacre, Mr. Eells returned to the Willamette valley, until return might be safe. Returning in 1859 he visited Waiilatpu, the ruined mission station of Dr. Whitman, where in a lonely grave were gathered the victims of Indian butchery. As he stood by the grave and meditated upon the heroic character of Dr. Whitman, and the mystery of his untimely fate, he consecrated himself then and there to establish a worthy memorial. He resolved on a school for both sexes which should bear the name of Whitman and perpetuate his work. The idea was the germ of Whitman College. In 1883 the courses of study were broadened and a new charter granted under the name of Whitman College.

At the present time courses of study are offered in the classical, literary and scientific departments of the college. The customary degrees are given. The conservatory of music is well equipped with every facility for thorough instruction. The college is well equipped with buildings and boarding halls where students may live at low rates. Whitman College is preeminently a child of the West. The reasons for the school establishment is found in the desire to save and make great the northwest territory and the life of the college is inbred with devotion to its patriotic founders and love for the land they did so much towards saving. Students who think of attending should write President Penrose, at Walla Walla, and receive full information on all desired subjects.

### The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store, I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Snipes & Kinersly's.

In many thousands of cases Dr. J. H. McLean's Volcanic Oil Liniment has proved its claim to this title. It is a successful household remedy for either human or animal flesh. For cuts, burns, sprains, scalds, rheumatism, neuralgia, sores, pimples, ulcers, bites of animals or insects, violent itching of the skin, eruptions, chilblains or frost bites it is a standard remedy that has never failed in forty years of constant use. Price 25c 35c and \$1.00 per bottle.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by Blakeley & Houghton, Druggists.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Blakeley & Houghton Druggists.
