

NOT A SICK DAY For Over Thirty Years! RESULT OF USING AYER'S PILLS

"Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually—as a result of constipation—from dyspepsia, headache, neuralgia, or boils and other eruptive diseases. When I became convinced

that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I had noticed that nearly all their ailments were preceded by constipation, and I soon had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. WETSTEIN, Byron, Ill.

The Condition of Wheat Throughout the World.

THE CHRONICLE has just received from the Department of Agriculture, a bulletin concerning wheat prospects in different countries. The yield this year will be short in nearly every country except Russia, where the crop promises well. From every indication the price this year should be—conservatively speaking—a fair one and some men of good judgment think wheat will open in The Dalles market at a figure better than 50 cents. Following is a portion of the bulletin:

WINTER WHEAT.—A good yield is indicated from Maryland and the Pacific slope, and a greatly reduced crop in New York, Michigan, Illinois and Wisconsin—continued drought having checked growth in stalk and head. In Missouri and Kansas rains have improved the condition since June 1, but the yield will be low and the quality poor. A lower condition, owing to the Hessian fly and chinch bug, in Pennsylvania, Virginia and Michigan, and to hot dry winds in California, is also reported. The condition of winter wheat is 65.8, against 71.1 in June and 83.2 last July. The percentages of the principal states are: New York, 78; Pennsylvania, 88; Kentucky, 85; Ohio, 60; Michigan, 69; Indiana, 52; Illinois, 50; Missouri, 63; Kansas, 42; California, 82; Oregon, 95 and Washington, 93.

SPRING WHEAT.—A large crop, owing to unusually favorable weather conditions, indicated in the Dakotas, Colorado, and parts of Wisconsin, Washington, and Oregon. In other parts of the last-named states the crop is suffering from continued dry weather. The condition of spring wheat is 102.2, against 97.8 in June and 68.4 in July, 1894. State averages are: Minnesota, 112; Wisconsin, 98; Iowa, 109; Kansas, 46; Nebraska, 80; South Dakota, 112; North Dakota, 102; Washington, 94; Oregon, 90. The average condition of all wheat for the country is 78.2. The condition of oats is 83.2, against 84.3 June 1, and 77.7 July 1, 1894.

GREAT BRITAIN.—The general prospects for a most excellent harvest have been interfered with over a large part of the country by insufficient rain. The fall during May and June was as much below the average, as the record of sunshine was above. The effect of the partial drought is felt with particular severity in the middle and south of England. In Berkshire and Buckinghamshire, for instance, it is reported that the grain crops will not pay the expense of harvesting, "the threshing being little else than weeds." The wheat is reported in several countries as "less than half a crop, with oats and barley quite spoiled." In the grazing countries the hay is reported as of fine quality but deficient in quantity. In some of the western counties it is stated that "keep will soon be as scarce as in 1893."

FRANCE.—In the early part of the month, in the west, south, and southwest districts, severe rains "laid" the wheat over a considerable expanse of country, thus making it certain that it will be an expensive crop to harvest. Since these storms there has been a deficiency of rain throughout the whole country, and very hot weather, resulting in premature blooming of the wheat and diminished prospects. The wheat crop is estimated from "a poor average" down to a falling off from last year of 40,000,000 bushels. It will be remembered that the wheat area was somewhat reduced in the autumn, and it is certain that this year's crop will not be sufficient for domestic needs.

GERMANY.—The weather has been favorable throughout Germany than in

France. The detailed report for May of the Imperial Statistical Bureau showed the expectation of crops of wheat, barley, oats, and hay to be better than average, but rye was under average. The weather in June has been such as to modify the expectation of May forecast, persistent drought having characterized the entire month in many parts. The wheat crop is now expected to be an average, and the rye crop is expected to fall below average to the extent of 25 to 30 per cent.

AUSTRIA HUNGARY.—In Austria the June weather has been entirely propitious, and so general a recovery has been made of all cereal growths that a good average is confidently anticipated. In Hungary the wheat crop has not done quite so well, and it is expected to fall below that of last year from 5,000,000 to 8,000,000 bushels.

SPAIN.—Heavy rains and floods early June denuded large areas of the then standing crops and inflicted considerable injury generally; but the prospects now is for an average crop.

ITALY.—"An average crop now assured," is the wording of the telegram to hand this morning (June 29).

RUSSIA.—All authorities concur in predicting a bountiful harvest, particularly in the southern districts, which supply the export wheat to the Black sea ports. Here, the condition of both winter and spring wheat is reported as considerably above the average, and the prospects of the rye harvest are reported as better than at any previous period in thirty years. The outlook for a corn crop better than average is universal.

NORTH AFRICA.—The harvest in Algeria and Tunis is completed and the wheat harvest is believed to aggregate about 40,000,000 bushels.

Fraser Lodge Has a Social.

TO THE EDITOR.—The brothers and sisters of Fraser Lodge gave a Shadow social last Saturday evening, which was quite a success.

The program consisted of singing and recitations, the first being a recitation by Jessie Fraser, which was good. After that, several songs were sung by the company. Then the ladies' shadows were sold, some going as high as 50 cents. Mr. Fraser favored us with a recitation, "A Relic of His Boyhood Days," and was well received. Mr. Seth Morgan made some apt remarks on the temperance question. A bounteous lunch was served, which closed the exercise of the evening. TEMPERANCE.

The Britannia Wins.

QUEENSTOWN, July 29.—The Britannia and Ailsa started at 10:45 this morning in the regatta of the Royal Minister Yacht Club for the cup presented by George Gould, over a course of 50 miles. The Britannia won. The Ailsa did not finish.

In the race for the smaller yachts Howard Gould's Niagara sailed over the course for half the prize money.

There comes a time to all of us, when we feel mean and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or overwork its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits. Price \$1.00 bottle. For sale by Snipes-Kinersly Drug Co.

Mrs. Corbett Entitled to a Divorce.

New York, July 26.—Referee Jacobs in his report in the suit for divorce brought by Mrs. Ollie Corbett finds Mrs. Corbett entitled to a divorce, and recommends that the agreement entered into by her and her husband, at the time of their separation—in which he agreed to pay her \$100 a week for life—be confirmed.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinersly Drug Co.

It is a big thing to say but nevertheless true, that a great multitude of people have crowned Simmons Liver Regulator, the "King of Liver Medicines." There is nothing like it for Malaria, Rheumatism, Chills and Fever, Constipation, Biliousness, Sick Headache, Indigestion and all troubles arising from a sluggish or diseased liver. Simmons Liver Regulator is the prevention and cure for these ailments.

Imperfect digestion and assimilation produce disordered conditions of the system which grow and are confirmed by neglect. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier, by its tonic properties, cures indigestion and gives tone to the stomach. \$1.00 a bottle.

Reader, did you ever take SIMMONS LIVER REGULATOR, the "KING OF LIVER MEDICINES?" Everybody needs take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, Headache, Malaria and Indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparilla sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
