STORM IN NEW YORK

A Small Sized Tornado Visits the City.

CINCINNATI DOCKS BURNED

The King of Denmark Ill—Riots in Persia—Reports of Damage From Lightning.

New York, Aug. 5.—Several severe squalls accompanied by lightning and a great downpour of rain, struck this city and surrounding territory last evening, a number of accidents being reported. Two men were drowned by the capsizing of a yacht at the Narrows. Two adults and one child were drowned in the East River, and a trolley-car in the annexed district was struck by lightning, half a dozen persons being injured. It is feared that a number of accidents to boating parties will yet be reported.

During the afternoon storm, the wind blew at the rate of 60 miles an hour. The rainfall during the afternoon was .2 of an inch. The mercury which rose to 77 degrees at 12:20 p. m., fell to 62 at 2:30 p. m., and remained stationary thereafter. Excursionists to the many near-by resorts were caught in the showers and the returning boats and rains this evening were uncomfortably rowded.

Forty-Two Wounds.

CITY OF MEXICO, Aug. 5.—An autopsy has been held upon the body of Jesus Dimosy Contros, the congressman and journalist, who was assassinated in Puebla. It revealed the fact that he had been stabbed 42 times in the chest, and would probably have been stabbed 43 had not one of the daggers been broken, the blade remaining imbedded in the muscles. The heart was penetrated twice by a weapon wielded by a very strong hand and with sure aim. Other stabs might apparently have been done by blind men, so wild was their direction.

Nothing at present is known as to the authors of the deed, but indications how clearly that it was an act of private vengeance, done by men who so timed their crime as to elude the vigilance of policemen who were in the neighborhood of the street where the body was found. Both officers have stated that they neither saw nor heard anything unusual during the night.

Rebels Dispersed.

HAGANA, Aug. 5.—Lieutenant-Colonel Molina, at the head of a force of auxiliary troops, in a skirmish today with the insurgents commanded by the well-known leader, Matagas, at Sabana Torres, near Rosario Vieja, in the province of Santa Clara, dispersed them. The insurgents left four dead and had many wounded. Among the killed was Captain Jose Reyes Cadrera, whose body was fully identified. On the side of the troops one corporal and one guerilla was seriously wounded.

Lieutenant Ruiz, at the head of a squadron of cavalry, has had a brush with the insurgent band commanded by Sotonos at Sebucual, province of Santa Clara. The insurgents lost three killed and had eight wounded.

Captain Canudas exchanged shots with the insurgents commanded by Berudez and Numes. The insurgents had ve wounded.

Struck by Lightning.

BARNESVILLE, O., Aug. 5.—A strange freak of electricity was the striking by lightning of the dwelling of James Reed. There was no rain and the sky was almost clear. The chimney on the east end of the building was knocked down and the water conductor at the other end of the building was unsoldered. It left the conductor and shivered to atoms post in the picket fence adjoining, making a large hole in the ground. Several people were stunned, but none seriously injured.

All Vessels in Port at Cincinnati Threatened.

CINCINNATI, Aug. 5.—About 2 p. m. a fire broke out on the Big Sandy wharf. It spread rapidly and soon swept out the wharf-boats of the Louisville and Nashville line, and the New Orleans and Memphis line. Everything along the public

landing is going. At 2:30 the big steamers Carrollton and the Big Sandy were burned, and everything in port was threatened.

Videla Elected President.

NEW YORK, Aug. 5.—A Herald special from Valparaiso says:

Senor Eduardo Videla was elected president at a recent session of the house of deputies. It is already openly charged in conservative circles that the new ministry is bound to be short lived. Attention is called to the fact that the same promises to uphold the treaties, to solve the financial problems of the country, and, in fact, to take all pledges made by the ministry which has just been overthrown.

Minister MacKenzie Coming Home.

NEW YORK, Aug. 5.—A Herald special from Valparaiso says:

The United States minister, James MacKenzie, will leave for the United States August 13.

The government has refused to reduce anchorage charges to Pacific companies who offer to send steamers direct to this port. The decree giving such rebates to a French company is also revoked.

Kaiser William at Cowes.

COWES, Aug. 5.—Emperor William of Germany arrived here this afternoon on the imperial yacht Hohenzollern. He was saluted by the British fleet, the German ironclads and the British guard-ship Australia. He was met by the Prince of Wales and Duke of Canaught, on behalf of the queen, and landed and visited her majesty at Osborne.

Struck With an Ax.

TACOMA, Aug. 5.—A young man named Nagg accidentally stepped in front of his brother, who was cutting down a tree, at Store's landing, near this city receiving a blow of the ax squarely on the back of the neck. The wound is very serious, but as the jugular vein is not cut he may recover.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blakeley & Houghton Druggist.

Denmark's King Ill.

COPENHAGEN, Aug. 5.—The king passed a bad night. He is suffering frequent recurring pains, and his condition thought to be serious.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Blakeley & Houghton Druggist.

Rice Crops Ruined.

YOKOHAMA, Aug. 5.—Continuous rains have ruined the rice crops in many parts of Japan, and a famine is feared. Many lives have been already lost. The damage is enormous.

It is a big thing to say but nevertheless true, that a great multitude of people have crowned Simmons Liver Regulator, the "King of Liver Medicines." There is nothing like it for Malaria, Rheumatism, Chills and Fever, Constipation, Biliousness, Sick Headache, Indigestion and all troubles arising from a sluggish or diseased liver. Simmons Liver Regulator is the prevention and cure for these ailments.

France's Position.

LONDON, Aug. 5.—The Times discussing bimetalism says France is not likely to accept any ratio but 15 1/2 to 1.

NEW YORK, Aug. 5.—A World special from Guatemala says:

QUABERTOWN, Pa., Aug. 5.—The Methodist church was struck by lightning yesterday and 20 persons prostrated. Minnie France is in a critical condition. Dr. Bowman had just pronounced the benediction when the bolt struck the belfry, wrecking the building.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about the attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Blakeley & Houghton Druggist.
