

CANCER CURED —AND A— LIFE SAVED By the Persistent Use of **Ayer's Sarsaparilla**

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

Sherman County Items.

August 5th, 1895.
To THE EDITOR.—Everyone is busy preparing for the coming harvest, which promises to be larger than was at first expected. The acreage in grain is not more than half what it was last year, but the yield will be moderately good. Of course volunteer is a failure, and late spring grain will not be worth much; but your correspondent knows of several places in Sherman county that will go twenty to twenty-five bushels to the acre easily.

Mrs. S. S. Hayes, wife of our county clerk, accompanied by her two children and her niece, Mrs. Wyatt, started last Thursday for their old home in Linn county, where they will sojourn this month. The clerk himself, with H. A. Moore and J. B. Hosford are this week camped on the classic banks of Badger creek dealing out death and destruction to the finny tribe. Let us hope their piscatorial efforts will meet with success.

Milton Damon and Henry Hennagin, with their respective families, returned last week from Hood River, where they had been spending a couple of weeks picking berries and recuperating generally for the harvest season.

Mr. Martin, representing the Eastern Oregon Land Co., has been stopping in the county during the past week looking after the company's interests here. He left for The Dalles last Saturday.

Judge Bellinger's decision condemning generally the appointment of receivers in farm mortgage foreclosure cases is meeting with unqualified approval from the farmers in this county. Viewed from the farmers' standpoint, the decision is a beneficial one, if it results in diminishing the number of farm loans in the future. Doubtless the money lender looks upon it as a rank injustice, but that does not trouble the borrower a particle. The latter seems to enjoy hugely any judicial decision, whether equitable or otherwise, which tends to hamper the former in recovering his dues. Such is the ingratitude of poverty.

The people of Grant school district are preparing to build a large school-house, but there seems to be a difference of opinion among the legal voters as to where it ought to be located, whether in the town of Grant or further east near Rufus.

Rev. Morehead, who has so acceptably filled the Methodist pulpit here for the last couple of years, expects to be transferred to another sphere of duty by the next conference which will meet at Spokane in a couple of weeks. His departure will be regretted by his friends, whose name is legion.

Mosier Breezes.
On Monday, July 29th, two gentlemen, Dr. Chas. Bennett and Prof. F. M. Hunter, of Portland, guests of Mrs. Hunter, got off the train at Mosier. A supper and entertainment were given that evening at her home, it being the eighteenth birthday of Miss Hattie. There were about twenty-five present and all attending report a good time and wish Miss Hattie many such enjoyable events.

The population of Mosier was increased this week by the addition of Mr. Smith's family from Hood River.

Miss Kate McCane and Miss Mary Riley are guests of Mrs. Waters at present.

I should think that the people of this vicinity would take it into hand and see that there were no more dead horses left to decay so close to the public roads. The horse that died at Lamb's a week or so ago, lies within seventy-five yards of the two county roads, and any one going down there gets full benefit of the awful stench that comes from the decomposition of such animals. It is injurious to health and should be seen to at once.

We have a snake charmer here. Frank Nunis caught two live rattlesnakes in his hands and put them in a can and sent them to Portland, where he received \$15 apiece for them.

The boys met last Saturday and organized a baseball club. They have some very good players and will have many more as soon as they practice some.

There is talk of the M. E. camp meeting beginning soon.

Many of our people spent Thursday in The Dalles seeing the sights the Wallace shows were able to give them.

Mrs. Althea Ireland has come home. She has been at Oysterville, Wash., where her husband (Rev. Ireland) died some time ago.

It is a certain cure for Dropsy, Diabetes, Bright's Disease, Gravel, Kidney Weakness, Incontinence of Urine, Bed Wetting in Children, Biliousness, Liver Complaint and Female Troubles. A trial of this great remedy will convince you of its potency. Price \$1.00 per bottle. For sale by Snipes-Kinersly Drug Co.

None But Ayer's at the World's Fair.
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparilla sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Another Electrocution.
SING SING, Aug. 5.—Richard Leach was electrocuted at 11:10. Leach killed Mary Hope Newkirk, his mistress, after frequent quarrels, on account of attentions paid the woman by her uncle, S. H. Moore. The crime was committed November 18, 1894. After cutting the woman's jugular vein, Leach tried to commit suicide by cutting his own throat with the same knife.

There comes a time to all of us, when we feel mean and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or overwork its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits. Price \$1.00 bottle. For sale by Snipes-Kinersly Drug Co.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinersly Drug Co.

Waverley BICYCLES.

Are the Highest of all High Grades.

Warranted Superior to any Bicycle built in the World, Regardless of Price.

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:
RICHMOND, Va., Oct. 2, 1894.
GENTLEMEN:—The Waverley Scooter and Be's came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$35? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last [and you know that is a right good number], we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
Yours truly,
