A BURNING QUESTION

Will the Shops at Spragae be Rebuilt.

THE COMPANY UNDECIDED

A Heavy Wind Makes Standing Walls Dangerous--Outside Cities Send Prompt Aid.

SPRAGUE, Aug. 6.—The wind has been blowing a terrific gale all day. Standing walls are dangerous, and a gang of men under Fire Chief Denier have been tearing them down as rapidly as possible. Most of the burned out firms are now located in tents or frame building. It was reported this afternoon that the railroad company had ordered lumber for a round-house and would commence the building as soon as the material arrives. The citizens' committee this morning received a dispatch from Kendrick stating the matter of rebuilding has not been definitely settled, and will not be without giving full consideration to all phases of the subject. Letters and dispatches from prominent people in the East lead the citizens to believe that substantial shops will be built here. Everybody feels hopeful and business is better than for a long time. A carload of halibut arrived from Tacoma this morning and everybody had a fish dinner. Provision are coming in plentifully and the town will so be on its feet again. Very few toughs have come to Sprague, and Marshall McGinnis and his deputies are chasing them out as fast as they arrive. Safes are gradually cooling off and several have already been opened. The contents in most instances were found in good condition. Many old railroad employes have been ordered to Ellensburg, Missoula and Edison, and the town is thinning out.

Negroes Greatly Excited.
CHICAGO, Aug. 6.—Five hundred excited negroes today in mass meeting adopted a resolution demanding that Governor Atgeld protect the colored people in Spring Valley, Ill., and asserting their determination to leave for that place tonight in the event of the refusal of the governor to take such action. The speeches were violent and determined.

The colored people decided to stay in session all day and a committee of four was sent to Spring Valley to report on the situation. The committee was expected to reach the mines at 3:30 this afternoon, and it was decided that if they reported by telegraph that their brothers were not being properly protected by the state authorities a company of rescuers would leave Chicago at 4:20 p. m. and go directly to the aid of the colored miners.

A white lawyer named Waters attempted to advise moderation, and was promptly thrown through the window. The Italian consul asked that the police prevent the men from leaving the city. Mayor Swift and Chief Badenoch held a conference, and it was decided that if the colored men attempted to board a train for Spring Valley they would be stopped by policemen.

Two British Ships Lost.

SAN FRANCISCO, Aug. 6.—Two well-known British ships, one bound from Melbourne for London, and the other from Newcastle, N. R. W., to Panama, are long overdue, and local insurance men who have some risks on them have given both up for lost.

The bark Florence sailed from Newcastle on January 26, of this year, and has not been heard from since. The supposition is that she has foundered or gone ashore on the South American coast.

The other missing vessel, the ship Stoneleigh, sailed from Melbourne on February 27, and is, therefore, now out 159 days. The British ship Dunsyre, which recently arrived in London from Melbourne, reported having spoken the vessel on March 1. On the following day the Dunsyre encountered a terrific storm in which she lost sight of the Stoneleigh and the next day she passed through a lot of wreckage. The general belief is that all hands perished.

Earthquake Shock.
GLOVESVILLE, N. Y. Aug. 6.—An

earthquake shock lasting nearly a minute was felt in this locality and the alarm caused among nervous people by the seismic shock was heightened by a heavy thunder storm which immediately followed it. Several persons were seriously injured in the storm, and considerable damage was done to property. The harm done to buildings includes bad damage to a couple of houses which were struck by lightning. Many trees were uprooted by the force of the wind.

Five Bodies Recovered.

FLORENCE, Colo., Aug. 6.—Five bodies have thus far been recovered of victims of last week's cloudburst near Adelaide. Besides the three persons killed at that place the body of John Kennedy, a track-walker, who was swept down by the flood, has been found. The remains of another man were found yesterday near McCourt.

A footman trying to make his way through the canyon yesterday fell into the creek and was drowned.

Dropped Dead From Heat.

PORTLAND, Or., Aug. 6.—This morning Deputy United States Marshal J. M. Bently, of Pendleton, arrived here on business, and will remain until tomorrow. Mr Bently states that while he was at the Pendleton depot yesterday waiting for the westbound train, news came in that two men, employed on a farm about 4 miles from town, had dropped dead from the great heat. Both men were working with a threshing machine, one being engaged on a sack-sewer and the other raking the straw away.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:

The Outrage Premeditated.

HONG KONG, Aug. 6.—In an interview today with the survivors of the Ku Cheng massacre they declared the outrage was carried out in the most diabolical manner and was evidently a premeditated and carefully-arranged attack. It was entirely unprovoked and was made upon the occupants of the missionary station while asleep. The bodies of the victims were buried at Foo Chow. There are rumors of further riots at stations nearer Foo Chow than Ku Cheng.

Confirmed at Washington.

WASHINGTON, Aug. 6.—The state department has received the following cable-gram from Consul-General Jernigen:

"SHANGHAI, Aug. 6.—Haxon, the United States consul at Foo Chow, wires The American mission property at Yuen Fuh has been burned. The details of the Ku Cheng massacre are horrible. The houses were stealthily surrounded and the sleeping ladies and children were spared to death. The situation is unsettled."

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about the attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Blakeley & Houghton Druggist.
