Brutal Maltreatment.
 SALINA, Kan., Aug. 7.—C. F. Coswell, a farmer living seven miles northwest of here, was decoyed from his home last night by a stranger, who said he had a sick horse and wanted assistance. When half a mile from home the pair were met by two pals of the stranger, who covered Coswell with rifles. He tried to escape, when one of the men fired, the bullet striking him in the head, and the other man struck him over the head with his rifle, partly stunning him. The three then bound Coswell's hands, gagged him, and forced him to walk a mile and a half, though he was nearly fainting from the loss of blood. After terrorizing the farmer for some time, they finally let him go, first threatening him with death if he told of the occurrence. Coswell's condition is critical. There is no clue to his assailants. No cause for the outrage is known.

A Provisional Government.
 NEW YORK, Aug. 7.—A special to the Herald from Nassau says:

Reports from the rebel headquarters in Baire, Cuba, confirms the rumored foundation of a provisional government in the valley of Yara. General Bartolome Basso, nominated by the general-in-chief, Maximo Gomez, was proclaimed as president by the revolutionary forces, simultaneously in the central provinces and the department. Dr. Joaquin Castillo, Major Portunda, Colonel Manduley, Captain Aguilera, Dr. Padron and Mariano Sanchez, delegates from the province of Santiago, have gone to Puerto Principe to meet representatives from Camagaya, Havana and Nuela Abajo, to draft a constitution for the new republic. This will include military and civil conditions.

The cabinet is not yet announced, though Antonio Maceo, it is said, has an offer of the portfolio of war.

It is understood that Castillo may be sent to Washington to attempt to secure recognition for the provisional government.

Died of Alcoholism.

SAN FRANCISCO, Aug. 7.—A special from Santa Monica says that James Gordon, a grandson of the famous English general, "Chinese" Gordon, died there last night of alcoholism. Gordon was born in London in 1844, and was the son of Captain Gordon, of the British navy, who was the son of the famous general who, in 1877, was killed by the Mahdi at Khartoum, Africa. Young Gordon, who up to about 12 years ago was a clerk in the Bank of England, separated from his wife, owing, it is said, to his drinking, and came to this country with about \$30,000, engaging in the paving business with a wealthy Englishman in Sioux Falls, S. D. They failed and Gordon was penniless. He went to Santa Monica nine years ago, and of late has gained a livelihood by acting as a porter in a saloon.

Clothing Thief Captured.

CHICAGO, Aug. 7.—In attempting to steal a coat from a dummy in front of Simon Fisher's clothing store last night John A. Hart, alias William Hughes, colored, shot and severely wounded the proprietor of the store, and probably fatally wounded Policeman Alexander A. Cameron, who tried to arrest him. Hart ran, and Policeman Cameron fired three shots after him, striking him in both legs. Hart, after running half a block, was caught by other policemen, attracted by the shooting. The shooting occurred in the business district and there was great excitement for some time.

Ives' Last Move.

NEW YORK, Aug. 7.—President Ives, of the Northern Pacific Railway Company, states that the general counsel has left for the West to make application to various courts on the line of the road for the removal of the present receivers, Messrs. Oakes, Payne and Rouse, on the ground that the court at Milwaukee, which appointed them, has no jurisdiction, no part of the road being in that district. The acts of the receivers will be urged as a further cause for removal.

Work of Masked Men.

DOUGLAS, Wyo., Aug. 7.—The foreman of a herd of sheep owned by the Platte Valley Sheep Company reports that six masked men rode into camp Sunday night, held up the herder, saturated the

wagon with coal oil and burned it. They shot a half dozen sheep and rode off, after telling the herder they would wipe out the entire flock if he did not get out of the park at once. The company sent out arms and ammunition today and say they will stand their ground. Bloodshed is likely to follow, as the ranchers claim the range is in dispute.

BLOOMERS DID IT.

A Happy Family Broken Up by Them.
 SAN FRANCISCO, Aug. 7.—Bloomers have caused the separation of Henry Bach and his wife. If it were not for these insidious garments their home would still be happy. As it is, there is little hope that they will ever live together again. Bach is a wholesale liquor merchant. Suspecting that his wife was riding a wheel against his wishes, he strolled out to a cyclery near the park a few days ago to see if his suspicions were correct. He was greatly shocked to see his wife not only riding a wheel, but arrayed in bloomers of the latest pattern. A scene ensued, in which Mrs. Bach's bloomers are said to have received rough treatment, and since then the couple have not lived together.

Another Stage Robbery.

ROSEBURG, Aug. 7.—Camas mountain was chosen by a robber yesterday as a suitable place to hold up the Coos bay stage. The lone highwayman, who wore a white mask and held a pistol in each hand, ordered the express box thrown out. He was told there was none, and contented himself with the mail bags. As there were only two or three registered packages in the pouch he reaped a small reward for his trouble.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:

Results of the Race War.

CHICAGO, Aug. 7.—A special to the Post from Spring Valley, Ill., says that after cross-examining nearly every negro and Italian, the actual result simmers down to two negroes slightly injured and one Italian shot. The race war exists only in the imagination of the Princeton newspaper correspondent, from whom the sheriff of Bureau county also obtained his information, and unless some unforeseen accident happens to create bad blood there is no reason why Spring Valley should obtrude longer on public notice.

Running Fight With Outlaws.

KANSAS CITY, Aug. 7.—A special to the Star from Perry, Oklahoma, says: Deputy Marshals William Mix and Dick Reid had a running fight with two outlaws today east of here. The outlaws gave the officers a six-mile chase before they were caught. They turned out to be Ben Craven and William Crittenden, half-breed Cherokee Indians. They had stolen 50 cattle, which were in their possession.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about the attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Blakeley & Houghton Druggist.
