

## SAILED TO CHEE FO

The U. S. S. Detroit Goes to the Scene of the Riots.

## TO PROTECT THE AMERICANS

Lynching Mob too Drunk to Lynch—The Sugar Bounty Hearing Concluded.

WASHINGTON, Aug. 10.—A telegram received at the navy department today announces that Commander Newell has sailed with the Detroit from Shanghai to Chee Foo. The latter port is further from the scene of the riots than Shanghai, and the navy officials take this as indicating that the United States authorities in China do not fear further outbreaks, especially in the region near Shanghai. Assistant Secretary McAdoo telegraphed Admiral Carpenter, advising him that there was a great deal of apprehension here, that American citizens in China might lose their lives and property and telling him that every possible effort must be made to protect American citizens. He also asked the Admiral to cable him at once the real situation and where there is danger of further disturbances. Admiral Carpenter, with the flagship Baltimore, is at Negasaki, Japan, about 400 miles from Shanghai.

## Were All too Drunk.

LEBANON, Ind., Aug. 11.—A mob of 40 men went to the Springfield jail about 1 o'clock this morning and demanded the keys to the cells of Matthew Lewis and James Ray, who assaulted Mrs. Shields recently. The jailer, seeing resistance was useless, handed over the keys, and the mob proceeded to business. Everybody in the mob was drunk, and none seemed able to unlock the jail door. After working about the locks and bolts without result, they secured sledge-hammers and tried to break down the doors. They proved too strong for them, however, and after two hours' hard work abandoned the job. They then emptied their revolvers into the cells of the jail, but no one was hit. Returning the keys to the jailer, they said they would be back tonight, and left. The mob was made up of men from Washington and Marion counties. The two negroes will be confined at Louisville until the excitement is over.

## Hearing Concluded.

WASHINGTON, Aug. 10.—The hearing before Controller Bowler on the constitutionality of our sugar-bounty law concluded today. Thomas J. Semms, of New Orleans, presented a carefully prepared legal argument, contending, first, that a century's construction of the constitution by congress is binding in the courts, then the power to tax for a bounty for a particular industry is no longer an open question. Second—This course of legislation with the acquiescence of the people, is as old as the nation itself, and has been sanctioned by both direct and indirect bounties.

## A Lost Art Discovered.

PITTSBURG, Aug. 11.—George Crowley, Cornelius Shay and John Ryan, iron and steel workers, have found the lost art of welding copper to iron or steel. They show several samples of the metals perfectly welded. The last record history gives of these metals having been welded was in 500 B. C. The value of his discovery comes in the fact that copper offers greater resistance to the action of salt water than any other metal. The Carnegie Company has offered the men a fixed price for the secret. A shop has been fitted up for the men at the Homestead plant, where tomorrow the men propose to weld a plate of copper to an ingot of nickel steel armor plate. The Carnegie company hopes to be able to cover all armor plates for the big battle ships.

## Judge Jackson's Successor.

SAN FRANCISCO, Aug.—10.—Associate Justice Stephen J. Fields in speaking of the successor of the late Justice Jackson, of the supreme court of the United States, said:

"Of the four gentlemen spoken of—Postmaster-General Wilson, Senator Lindsay, of Kentucky; Don M. Dickinson and Secretary Carlisle—it is very difficult for me to select the one who

will receive the appointment. If Carlisle accepts he will have to give up his presidential aspirations, and of the other three, Lindsay is far the more efficient jurist, although all of them are capable men, and would be a credit to the United States and themselves. Don M. Dickinson, is a personal friend of the president, and so is Wilson. Therefore, under present circumstances, it would be a difficult matter to name the man. Any one would be good, but I would not be surprised to see either Dickinson or Lindsay receive the appointment, although I would not care to venture that as anything other than a mere personal opinion."

## The Outrage at Tarsus.

WASHINGTON, Aug. 10.—Acting Secretary Adee today received the following telegram relating to the attack upon the American school in Tarsus, Asia Minor: "BALTIMORE, Md., Aug. 10.—A mob has attacked St. Paul's institute at Tarsus. A strong cablegram to Minister Terrell is imperatively necessary."

"ALEXANDER S. CHRISTIE, "321 North Charles street."

The signer is a professor of the Georgetown university and a brother of Professor Christie, attached to the St. Paul's institute. Adee promptly cabled Minister Terrell directing him to inquire into the matter and report to the department.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

## Frightfully Hacked by a Negro.

KALAMAZOO, Mich., Aug. 11.—Simon and Edward Kasted, father and son, were frightfully hacked and stabbed by William Rose, a burly negro, in this city tonight, while they were trying to protect three girls who Rose was trying to overtake on a lonely road. The girls had taken refuge from the negro in the Kasted yard, and the two men were attacked when they ordered him to leave. Rose has been arrested. His victims will be disfigured for life.

## Will Be Towed Home.

NEW YORK, Aug. 10.—The tug Wallace B. Flint will leave for Newport tonight, having been ordered by Mr. Iselein to tow the yacht Defender to her home moorings at New Rochelle. It is evidently deemed wise not to hoist sail on the flyer, as it is not definitely known how badly she was strained in grounding off Fort Adams, Breton's Cove, last night. She will be docked in the Erie basin, where her hull will be thoroughly overhauled.

## Nothing New at Washington.

WASHINGTON, Aug. 11.—The state department officials had no information to make public tonight from the representatives in China concerning the outrages on missionaries.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from cramp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about the attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers. For sale by Blakeley & Houghton Druggist.
