## WILL NOT TOUCH THEM

### Vinson Family Refused to Bury Its Dead.

#### WHAT EXCITEMENT IN ELLENSBURG

##### Action of the Lynchers Meets Mainly With Approval--Officers Will Take Action.

ELLENSBURG, Wash., Aug. 14.—The bodies of the Vinsons were cut down this morning, taken to the undertaker's and prepared for burial. Their family was notified that the bodies were their disposal, but they told the authorities they would have nothing to do with them. Consequently, the county will bury them. There has been no excitement here today, but more than the usual number of men have been on the streets discussing the affair. A good question, there is not a particle of sympathy for the desperadoes. All credit they only got what they deserved, yet, while this feeling prevails extensively, it is a matter of very great regret that the city, which heretofore has been so law-abiding, should be brought into such unpleasant notoriety, much regret is expressed that the Vinsons were not allowed to take their course. While the jail was being stormed, Judge Jones and Major Frost made an effort to get the militia company out, but so many people were camping in the mountains that they were unable to collect a force until the affair was over. No other trouble of any kind is at all probable, and affairs are rapidly assuming their normal condition.

##### Leaders of the Mob Known.

ACOMA, Aug. 14.—Deputy Prosecutor Attorney Will Graves, of Ellensburg, died here last night. He says he knows the identity of the leaders and many members of the mob that lynched Vinson's and that upon his return to Ellensburg, he will take immediate steps to see that they are arrested and punished. He is informed that the mobbers include many of the most prominent farmers and business men in and about Ellensburg. He believes that the younger Vinson would have been convicted of murder in the first degree and hanged, and condemns the method of punishment adopted by the mob.

##### Not Down on the Bills.

SUFFALO, Aug. 14.—James Corbett and McVey, his sparring partner, created considerable excitement at the Lyman boxing carnival by giving an exhibition that was not down on the bill. During the second round of the bout Corbett made a punching bag of McVey, and the latter, in a fit of resentment, attempted to clinch and throw Corbett, at the same time calling him hard names. Corbett pushed McVey to one side with the remark that if it was a fight he was ready he would be satisfied in the next round. When time was called Corbett, pale, sprang to the center of the ring with the quickness of a cat and landed him all over the stage. The row was cut short by the master of ceremonies, and the two pugilists retired to their respective dressing rooms.

##### Forest Fires on the Coast.

ACOMA, Aug. 14.—Forest fires are burning again and doing much damage to timber. In the woods south of Tanna, quite a fire is burning tonight. The wind comes from Shelton that timber is burning in every part of Mason county, and the settlers there are all on guard to keep their property from burning. The fires are particularly dangerous around Shelton, where extensive logging operations are carried on, and the scattered refuse burns like tinder. The logging men at Shelton claim that the woods should be back-fired in May and June to prevent such devastating fires, and under the present law, back-firing is not allowed.

##### Hung Herself.

CHARLESTON, Mo., Aug. 15.—Mrs. R. Martin, the wife of a prominent farmer, living near this place, committed suicide in the smokehouse. Before she hung herself she set fire to a lot of rubbish in the smokehouse, and the flames burned the rope which she was hung with. The body fell into the fire and was terribly burned. Several cartridges were among the rubbish were dis-

charged by the fire. This awoke her husband, but too late to save her.

##### Librarians in Session.

DENVER, Aug. 14.—At the forenoon session of the American Library Association, Charles A. Nelson, Librarian of Columbia college, New York, reported the "List of American periodicals." Miss Wily J. Wade, of the San Francisco public library, read an interesting paper on "Cataloguing in the Future." William H. Brett, of the Cleveland public library discussed the "Use of Periodicals."

##### Committed Suicide.

DENVER, Aug. 14.—Edward J. Johnson, a railway postal clerk, 29 years old, running between Denver and Glenwood Springs, Colo., committed suicide today by swallowing carbolic acid. He had been in the employ of the postoffice department 11 years. Recently he had been suspected of irregularities, and officers had been watching him for several days. It is supposed he became aware of this fact and killed himself on account of it.

##### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at the Snipes-Kinnersly Drug Co.,s. Regular size 50c. and \$1.00.

##### A Novel Suggestion.

MINNEAPOLIS, Aug. 14.—Captain Judson N. Cross, a prominent attorney, mailed President Dole this afternoon a letter containing the novel suggestion that Hawaii elect delegates to the American congress and demand that they be seated on the same basis as territorial delegates in congress. Captain Cross says congress would seat them. He maintains there are historical precedents and logical reasons for such a course.

Mr. A. A. Snyder, Supt. Poor Farm, Winneshelk Co., Ia., says:—Last winter Mr. Robert Leach used two boxes of DeWitt's Witch Hazel Salve and cured a large running sore on his leg. Had been under care of physicians for months without obtaining relief. Sure cure for Piles. Snipes-Kinnersly Drug Co.

##### Engaged to a Count.

BOSTON, Aug. 14.—At the Tremont theater Miss Marie Millard confirmed the report of her engagement to Count Raoul de Brabant, of France. She said she met her husband-to-be in Paris two years ago while she was studying there. Their engagement, however, was not formally agreed upon until Count de Brabant came to this country about three months ago. Miss Millard said she would not be married until the conclusion of her theatrical engagement two years hence.

##### Black Renominated.

CRAWFORDSVILLE, Ga., Aug. 14.—The democratic congressional convention of the 10th district today renominated J. C. Black by acclamation. The platform is a compromise on the financial question. Black was elected on the face of the returns at the last election, but on account of glaring irregularities resigned. Tom Watson, a populist, has already been nominated by the third party.

Cholera Murbus is a dangerous complaint, and often is fatal in its results. To avoid this you should use DeWitt's Colic & Cholera Cure, as soon as the first symptoms appear. Snipes-Kinnersly Drug Co.

##### Will Be Dismissed.

SAN FRANCISCO, Aug. 14.—According to a local paper, the indictment against C. P. Huntington, of the Southern Pacific, for violating the interstate commerce law by issuing a pass, will be dismissed today. Judge Morrow will be asked to dismiss the indictment on the recent ruling of the New York court in the case. Huntington is expected to arrive here this week.

CHICAGO, Aug. 14.—Judge Gibbons issued an injunction today stopping betting at Harlem track. The injunction was asked for by Attorney-General Maloney.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. ##### Secretary Thurber Ill.

NIAGARA FALLS, N. Y., Aug. 14.—Henry T. Thurber, President Cleveland's private secretary, is ill here. His indisposition is not serious.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blakeley & Houghton Druggist.

##### One-Fair Rate Agreed On.

DALLAS, Tex., Aug. 14.—The general passenger agents of Texas have agreed on one fare for the round trip for the Corbett-Fitzsimmons, and other glove contests, to be held at Dallas, October 31 and immediately following dates.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Blakeley & Houghton Druggist.
