

CHOLERA IN JAPAN

CUTS LOSE FROM TAMMANY

An Epidemic Among the Yellow People.

Bourke Cochrane Through with Crocker and His Gang—Corbett to Marry.

VICTORIA, B. C., Aug. 15.—Although passengers arriving by the Oriental liners that have reached here this week agree in the statement that cholera is working frightful havoc in Japan, the newspapers of that country contain no reference to the devastations of the plague. This is probably due to the fact that the disease finds its victims chiefly among soldiers recently returned from the front, and the government takes advantage of the law relating to the press censorship to its fullest extent.

According to the officers of the Victoria and the more recently arrived Empress of Japan, the military has suffered a loss of thousands during the past few months and the principal stations in Japan are at present converted into great hospitals. The Formosa expedition has proved especially disastrous.

Diaz Will Not Allow It.

EL PASO, Tex., Aug. 15.—Today M. T. McLean, a prominent sporting man of Chicago, who came here a few days ago to see what arrangements could be made to have the Corbett-Fitzsimmons fight come off in Juarez, Mexico, in case it was stopped at Dallas, received a telegram from Joe Hampson, a big railroad contractor of Mexico, stating that President Diaz would, under no consideration, allow the fight to take place on Mexican soil. Billy Smith, a pugilist, has been sent to the City of Mexico to give a boxing contest with Jimmy Carroll before President Diaz's cabinet to show them the sport is not brutal.

Corbett to Marry.

ASBURY PARK, N. J., Aug. 15.—It is announced that Champion Jim Corbett is to marry Vera Stanwood, co-respondent in the divorce suit recently won by Mrs. Corbett.

A NEW RAILROAD.

Work Being Pushed on Huntington's Line in Guatemala.

SAN FRANCISCO, Aug. 15.—Ricardo H. F. Von Winckler, who is superintending the construction of C. P. Huntington's new railroad lines in Guatemala, arrived in this city on the steamship Colon. He says Huntington is putting a great deal of money into the new road and that it is rapidly developing into an immensely valuable property, as it is pushed through the heart of the richest coffee and cane section of Guatemala.

He says 600 men are working on the road. The new line is completed from a point on the Guatemala Central road nine miles below Escuintla to Santa Lucia, and is now building to Papulun, with prospects that it will be extended through the mountains to Metzatlango as rapidly as the work can be pushed. Over 20 miles of the road is now in operation.

A Famous Painter.

PHILADELPHIA, Aug. 15.—Thomas Hovenden, who was killed by a Pennsylvania railroad train near Norristown last evening, was one of the leading artists that America has produced. His best-known painting, "Breaking Home Ties," has been engraved probably more than the work of any other American artist, and is a familiar object on the walls of thousands of homes in the United States. The painting was one of the most notable groups of American painting at the world's fair. A more recent painting is "Bringing Home the Bride," which was exhibited at the world's fair, and again in 1894, in the Academy of Fine Arts, Philadelphia.

Will Secede.

BUFFALO, Aug. 15.—The members of St. Albert's Roman Catholic church have formally decided to secede and to establish an independent church. They will hire their own priest, and run their own church without acknowledging the bishop's authority over them. The decision was precipitated by the refusal of Archbishop Corrigan to remove a priest

to whom they objected. The new church will be on some what the same lines as the Independent Catholic church, established by members of a Roman Catholic church in Cleveland last year.

How It Came About.

NEW YORK, Aug. 15.—Just before sailing for Europe Mrs. D. Kallias Bey, formerly Mrs. P. T. Barnum, gave the following explanation of her marriage to the Grecian general, whose name she now bears: "Before Mr. Barnum died," said she, "he told me that were I to meet one whom I loved, he wished me to marry him. I promised to do so. I met Mr. Kallias and we were married. Since then I have received the congratulations of Mr. Barnum's children and of many close friends of his."

In the Yorkshire District.

NEW YORK, Aug. 15.—Titus Heard, ex-speaker of the New York assembly, and a prominent wool manufacturer, has been spending some weeks in the Yorkshire district of England, studying the Wilson-Gorman methods of operation. He says that all the woolen manufacturers in the Yorkshire district have been running over-time recently, and many of them worked day and night without intermission.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at the Snipes-Kinersly Drug Co.'s. Regular size 50c. and \$1.00.

Outrageous Conduct in Church.

HUNTINGTON, W. Va., Aug. 15.—Robert Ross, Eli Lucas, Lucien Adkins and John Albright were lodged in jail here last night. They took possession of a church during services on Sunday and cursed the congregation while in prayer. Pulling out a pack of cards, they indulged in a game of poker while the services went on.

Mr. A. A. Snyder, Supt. Poor Farm, Winneshelk Co., Ia., says:—Last winter Mr. Robert Leach used two boxes of DeWitt's Witch Hazel Salve and cured a large running sore on his leg. Had been under care of physicians for months without obtaining relief. Sure cure for Piles. Snipes-Kinersly Drug Co.

Smoke about Olympia.

OLYMPIA, Aug. 14.—Although no further damage is reported up to tonight from forest fires in this vicinity the smoke is thicker than at any time during the summer. It was reported today that the coal mine belonged to G. Rosenthal, of this city, located in Lewis county, had ignited, and was burning, though Mr. Rosenthal does not confirm the report.

Fire Protection for Montesano.

MONTESANO, Wash., Aug. 14.—The city council has ordered the fire committee to purchase another hose cart for the volunteer fire company. This will place the company in good shape with two carts and 1200 feet of hose.

Cholera Morbus is a dangerous complaint, and often is fatal in its results. To avoid this you should use DeWitt's Colic & Cholera Cure, as soon as the first symptoms appear. Snipes-Kinersly Drug Co.

To be Taken to Chicago.

PHILADELPHIA, Pa., Aug. 15.—It has practically been decided that H. R. Holmes, the alleged murderer of Minnie and Nannie Williams, B. F. Pietzel and a half a dozen others, will go to Chicago for trial for the murder of the Williams girls. It is said Lawyer W. A. Cappe, of Fort Worth, Tex., and District Attorney Graham had a conference today at which it is said this decision was reached.

Says He Killed Him.

ST. LOUIS, Aug. 15.—Early in May State Senator Peter Morrissey was shot and killed in the house of Maud Lewis, said to be senator's mistress, and the woman was indicted for murder. It now transpires that Maude Lewis has a

husband, Albert Andrews, who has confessed to having killed Morrissey. He wants to be arrested and have Maud released, but the authorities have taken no action.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinersly Drug Co.

The Work of a Mob.

ST. LOUIS, Aug. 15.—Emil Divers, the negro who outraged and killed Mrs. Caine, near Fulton, Mo., a couple of weeks ago, and was brought here for safe keeping, was taken from the sheriff at Fulton about 1 o'clock this morning by a mob and hanged to a railroad bridge. Divers was taken from here yesterday afternoon by Deputy Sheriff Buchanan, of Calloway county.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blakeley & Houghton Druggist.

The Vinsons Buried.

ELLENSBURG, Wash., Aug. 15.—The two Vinsons, the victims of the mob, were buried this morning by the county. There is no further excitement of any kind. It now seems probable steps will be taken to investigate the lynching. A good collection was taken today for Mrs. Vinson, the wife and mother of the lynched men.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Blakeley & Houghton Druggist.

Cuts Loose From Tammany.

NEW YORK, Aug. 15.—Hon. W. Bourke Cockran announced that in the future he will not be connected in any capacity with Tammany Hall. No matter what lines of organization are determined on, he says, he will not affiliate with the organization or accept office as a Tammany Hall candidate.
