

A SAD BEGINNING

Three Young Men Drowned the First Regatta Day.

SLOOP MONOGRAM CAPSIZES

Governor Budd Considered Out of Danger--Kussian Barracks Undetermined--Telegraphic News.

ASTORIA, Aug. 19.—During the regatta today, while the sloop race was on, a most distressing accident occurred. The Monogram, built in this city by J. Leathers expressly for this regatta, capsized, and three men were drowned. There were 17, all told, on board. The other 14 were rescued. The drowned are:

Louis Bilger, of Portland, aged 23; Ossenberger, of this city, aged 17, and Frank Meadows, a painter of this city.

Those saved were rescued by those aboard the steamer Alarm, the judges' boat, which was following the race in its official capacity.

It seems that the sailing master a Russian, commonly known as "Alek," neglected to warn the crew to shift ballast, with the result that the heavy ballast and the crew of people made the boat so veer that she took water. The ballast shifting to the stern, submerged that end and she went down like a log. Just at this time Captain W. E. Parrott, in command of the judges' boat, noticing that the Monogram was not being handled rightly, steamed after her as rapidly as possible, arriving on the scene within a few minutes after the accident happened. He succeeded in picking up most of the crew and passengers, but just before arriving he noticed two who did not again rise to the surface. These were John Ossenberger and Lewis Bilger. Every effort was made to save the men.

Holmes' "Castle" Burned.

CHICAGO, Aug. 19.—H. H. Holmes' "castle," at Sixty-third and Wallace streets, which is said to have been the scene of numerous murders by the owner, was discovered to be on fire at 12:30 this morning. After an hour of hard work the firemen succeeded in getting the flames under control, but not until after they had left the building in a condition to become more of a curiosity than it was while being searched by the police for evidence of murder. The fire had its origin in the restaurant occupied by J. H. Barton, and was caused by the explosion of a lamp. An immense crowd gathered to witness the fire, and during the progress the remarks of those present indicated that the neighborhood was not sorry to be rid of the notorious building. Someone caused some excitement by asking where the Quinlan family was. Pat Quinlan and his wife and Farmer Owen were released by the police Saturday, but none of them have since been seen about the building. When the fire had eaten its way through the second floor, it began to consume the effects of the Quinlans, and for a time it was thought that some members of the family might be in the apartments. Investigation by the firemen, however, disclosed no sign of life, and it was afterwards said that the Quinlans had gone to the farm in Michigan, where their daughter had been staying since their arrest. The household furniture of the Quinlans was destroyed. The total loss, however, will not, it is said, be much over \$35,000.

The restaurant in which the fire started is on the ground floor. The flames jumped up through the dummy elevator, and burned the asbestos off the dead-ends, in such a manner that the police will be unable to make any further investigation, even if they desired to do so. People remained about the building all night, and the police had hard work to keep them from placing themselves in positions where they were liable to be injured by falling timbers.

Ran Into a Train in a Fog.

LONG BEACH, Wash., Aug. 19.—The first serious accident to mar the pleasure of those who are sojourning here occurred at 6 o'clock this morning. Dwight Hinman, a section hand employed on the I. R. & N. railway, borrowed a handcar of L. A. Loomis, president of the road, and started for Ocean Park, much against

the wishes of the latter, who told him the train was due. There was a dense fog at the time, and between Ocean Park and the lifesaving station Hinman ran into the train. He was thrown from the car, which pinned him to the track, and two coaches passed over his right leg, necessitating amputation. Dr. Fulton, of Portland, is of the belief that his injuries are fatal. Hinman is a married man and the father of several children. No blame is attached to the engineer of the train.

BUDD OUT OF DANGER.

What California's Governor Now Needs Is Much Rest!

SAN FRANCISCO, Aug. 19.—Edward McCabe, private secretary of Governor Budd says: "The governor is a very sick man, but there is no danger of fatality. His physicians will keep him confined to the house for another week, after which, if he is in condition for a trip, he will probably go to some springs for recuperation. It will doubtless be at least six weeks before he will attempt to attend to business. No one is allowed to disturb him. We do not even send him the correspondence of the office. Any papers requiring his signature are sent him, but in accordance with the directions of his physicians, he is not harassed by details. All fear of spinal meningitis has disappeared, but the governor is yet very weak. He is not able to move from his bed to the lounge without assistance. What he needs is absolute rest, without being disturbed in the slightest degree."

Miserable Armenians.

CHICAGO, Aug. 18.—A meeting of Armenians, held last night, broke up in a riot, in which a number of persons were injured. Even before the alarm was given people hurried to North Clark street and Michigan street, attracted by the uproar that came from the open windows of the hall where the Armenian National Union was holding a meeting. In a few moments the street was blocked. From the windows of the hall came the sound of terrific battle, of flying chairs and curious voices. Then suddenly the noise was hushed, and down the stairs came nearly 100 men. Some were bloodstained. One with his head bound in a handkerchief, appeared to be insensible, and had to be carried away by his friends. There was scarcely a man without a black eye or some mark of conflict about him.

The trouble seems to have arisen over the election of officers. After the riot had subsided the police arrived, but they could not find the leaders, and no arrests were made. None of those injured were thought to be fatally hurt.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at the Snipes-Kinnersly Drug Co., etc. Regular size 50c. and \$1.00.

Non-Partisan Silverites.

SAN FRANCISCO, Aug. 16.—At noon today the non-partisan silver convention, called by the American Bimetallic League, met at the Metropolitan Hall. The convention will continue in session three days. An address of welcome and statement of the objects of the convention was made by George W. Baker, the chairman of the executive committee.

Senator Perkins has written a long letter to the committee explaining his views on the silver question. He concludes, however, with the statement that he feels bound by the free-coinage plank of the Sacramento convention.

Governor McConnell, of Idaho, has written that he will attend the convention if the duties of his office permit.

Children, especially infants are soon run down with Cholera, Cholera Infantum or "Summer Complaint." Don't wait to determine, but give DeWitt's Colic & Cholera Cure promptly, you can rely on it. Use no other. Snipes-Kinnersly Drug Co.

When a recipe calls for a cupful of lard or butter, use two-thirds of a cupful of Cottolene—the new vegetable shortening—instead. It improves your health, saves your money—a lesson in economy, too. Genuine **Cottolene** is sold everywhere in tins, with trade marks—"Cottolene" and steer's head in cotton-plant wreath—on every tin. THE N. K. FAIRBANK COMPANY, St. Louis, Chicago, San Francisco, Portland, Oregon, New York, Boston.

A Child's Horrible Death.

VANCOUVER, B. C., Aug. 19.—The little 3-year-old daughter of Alexander Wagner died this morning from terrible injuries received yesterday. While playing in the garden she fell through a sheet of glass placed over some cucumbers, the glass cutting her in the stomach and completely disemboweling her.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinnersly Drug Co.

Bank of Tacoma Falls.

TACOMA, Aug. 16.—The bank of Tacoma, formerly the Tacoma Trust & Savings Company, this morning made an assignment to its creditors. Its statement shows cash on hand, \$444 18, loans, \$279,072 20; total liabilities, \$378,916 64, of which \$228,664 77 is city money deposited. The bank has long been regarded as insecure.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blakeley & Houghton Druggist.

Forest Fires in Washington.

SEATTLE, Aug. 19.—Settlers along the Lake Samish report there is an unbroken line of forest fires from Belfast to the lake, destroying large as well as small timber, and rendering the atmosphere almost suffocating.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Blakeley & Houghton Druggist.

Accommodation Train Upset.

CINCINNATI, O., Aug. 19.—The Lawrenceburg & Aurora accommodation train left the track today. The engine and three coaches rolled down a 20-foot embankment. Engineer Harry Brecker, of Indianapolis, was killed, and several passengers slightly bruised.
