

THE OHIO DEMOCRATS

Brice the Central Figure in the Convention.

NO PERSONAL FIGHT ON HIM

The Silver Men Will Insist on a Resolution Favorable to the White Metal.

SPRINGFIELD, O., Aug. 20.—District and other preliminary meetings of the democratic state convention were held here today preparatory to the assembling of the convention at 10 tomorrow. Senator Brice is making the fight of his life for a platform in harmony with the views of President Cleveland. He is not taking an aggressive part in the fight over the nominations, but is interested in the organization so as to control the committees on credentials and resolutions. He is believed to have a majority of 808 delegates, but the free-silver men claim 304 delegates, or enough to make trouble if no concession is made them. Today Senator Brice, ex-Governor Campbell and other leaders dined with John H. Thomas, and it is understood that a compromise was outlined. Senator Brice is the temporary chairman of the convention, and his speech is sure to be for "honest money." Immediately after its delivery tomorrow, reports from the committee on credentials will be received.

Making No Fight on Brice.

SPRINGFIELD, O., Aug. 20.—Just before Senator Brice arrived, at 11 a. m., the city was flooded with dodgers bearing the following resolutions, adopted at a meeting of the silver delegats.

"We favor immediate restoration of the law providing for the free coinage of both gold and silver coins and their use without discrimination as provided for in the constitution."

The silver men pledged Senator Brice that they had no fight on him, but they wanted this plank.

The senator and his friends are non-committal. On the arrival of the train bearing ex-Governor Campbell, at noon, Campbell dodgers were distributed broadcast in anticipation of his nomination. The leaders and delegates arrived today.

Denver's Great Holocaust.

DENVER, Aug. 20.—Twelve bodies so far have been taken out of the ruins of the Gurney hotel, and it is evident the death toll, when complete, will contain 24 or 25 names, possibly more. The dead taken out and identified are: Frederick Houbbold, manager of the opera-house, Lisbon, Ia; Robert C Grenier, manager of the Gurney hotel; Mrs Robert C Grenier, James Murphy, a contractor, Denver; George Bart, Rock Island railroad conductor; E F McCloskey, mineowner, Cripple Creek; William Richards, elevator pilot; Mrs G R Wolfe, Lincoln, Neb.; child of Mrs. Wolf; B I Lorah, Central City, Colo.; Ferdinand French, treasurer of Gilpin county; Myron E Hawley, Union Pacific clerk. Peter Gurney leaves \$100,000 worth of property and no known relatives. His parents were killed in the wreck of the brig Peter Gurney, off the banks of Newfoundland, over 50 years ago. He, then a baby, was rescued as the sole survivor. His rescuers gave him the name of Peter Gurney.

At 12 o'clock today only one additional body has been recovered, that of E. W. Edwards, a Denver butcher. This is the last body found and identified.

Indian Girl Suing for Land.

TACOMA, Aug. 20.—Mary A. Henry, a pretty Indian maiden, has brought suit to recover land on which the village of Lillawaup Falls, Hood canal, is located. Evidence today brought out the fact that her father, a white man, married her squaw mother according to Indian custom, by purchase, giving a shotgun for her. The defense gets up illegality of marriage, claiming the daughter to be illegitimate, and has no right to the property.

Wearing of Holmes.

TORONTO, Aug. 20.—It is almost certain that H. Holmes, charged in Toronto with the murder of the little Pletzel girl, will be brought here for trial.

The crown officers of the Ontario government have been in correspondence with Philadelphia authorities, and no official statement has yet been made. The authorities there would like to have the matter disposed of, and if the Philadelphia authorities consent to a speedy trial in Ontario, the Ontario authorities are prepared to send a strong guard to bring Holmes here for trial at the criminal assizes the coming autumn.

Bearing on the Durrant Case.

WALNUT CREEK, Cal., Aug. 20.—Constable Palmer has a knife which he believes has a bearing on the Durrant case. When the signal corps came to Mount Diablo on Saturday after the murder of Minnie Williams, the militiamen stayed over night at Fred Moses' ranch, six miles from the mountain. Two days after their departure Moses found in his barn, where the militiamen had slept, a ladies' knife, with several blades and scissors attachment. One of the blades and scissors have bloodstains. It is believed that Durrant dropped the knife, which will be sent to Chief of Police Crowley. The constable fears the publication of his discovery may lead some of Durrant's friends to claim the knife to shield the prisoner.

A Marine Mystery.

PHILADELPHIA, Aug. 20.—A cablegram to the maritime exchange announces the arrival at Queenstown today of the bark Holthill, from San Francisco, the vessel which it was feared had sunk with all on board in a collision in mid-ocean, on July 13, with the steamship Prince Oscar, which also foundered. The Holthill left San Francisco in April and was due at the scene of the disaster about the time of its occurrence. The news of the safe arrival of the Holthill renews conjectures as to the identity of the unknown victim of the awful disaster.

Japanese Advice.

ST. PETERSBURG, Aug. 20.—A special to the Novoe Vremya states that the Japanese will only occupy the coast of Formosa, from whence they will dispatch punitive expeditions into the interior. Several of these have proved unsuccessful. The Novoe Vremya's dispatch also states that the opposition in Japan is agitating against the decision of the government to evacuate Liao Tong peninsula. It is also stated that Corea demands an increase of arms to defend the national interests.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy.
