## TRAIN ROBBERY AGAIN

The Union Pacific Held Up in Nebraska.

### THE ROBBERS MAKE ESCAPE

More Bodies Recovered From the Gurny Hotel Ruins—Female Outlaws Captured.

OMAHA, Aug. 21.—A special to the Bee from Gothenburg, Nebraska, says: Last night shortly after midnight the east bound overland flyer, No. 8, on the Union Pacific, was held up at Buttermill hill, about two miles this side of Brady Island, where the sand hills terminate. There were three men visible according to Conductor Flynn's description. Two of the gang got on the train at Brady island, going forward over the tender after the train was in motion, and with revolvers drawn compelled the engineer to go back to the baggage car and gain admittance. He informed the baggage man they were held up and the robbers had a gun at his head. They were admitted and the expressman compelled to open the smaller safe. He could not open the larger combination safe and the robbers proceeded to blow the top out with dynamite. Meantime the fireman uncoupled the engine and ran to Gothenburg. In a short time 20 volunteers were in route for the scene of the robbery, but before they arrived the robbers disappeared. The bandits wore black slouch hats with black silk handkerchiefs for masks. They were about 5 feet 10 inches high and they would weigh about 150 pounds. They rode horseback and evidently came in from the Black hills. The windows were blown out of the baggage car by the explosion. The passengers on board were much excited, but not molested. Section Foreman Alexander Vrooman has seen some men around the place of the robbery several days and has a good description of them. Superintendent W. L. Park and Sheriff Miller, of North Platte have arrived in a special car with a posse and will leave for Brady Island, the scene of the robbery. A posse has already been sent out from North Platte and Brady Island. Every effort is being made to capture the robbers before they get out of the country. It is impossible at this hour to learn the amount of booty they secured.

OMAHA, Aug. 21.—Union Pacific train No. 8, held up by express robbers three miles east of Brady Island, arrived here at 1:35 p. m., two hours and 10 minutes late. Express Messenger Thomas W. McCarl said the robbers did not get over \$100. They failed to get inside of the large safe. Conductor Flynn thinks the escape of the fireman with the engine alarmed the robbers and caused them to leave before they completed their work.

### DENVER'S GREAT TRAGEDY.

More Bodies Recovered From the Gurny Hotel Ruins.

DENVER, Aug. 21.—Coroner H. H. Martin has summoned the following prominent business men as a jury to investigate the Hotel Gurny disaster: R. W. Speer, K. G. Cooper, T. B. Croker, F. E. Edbrocks, Frank Demange and Charles Babcock.

Twenty bodies have been taken out of the ruins up to noon today, and several removed early today are so burned and maimed as to be almost unrecognizable and have not yet been positively identified. Of seven taken out since yesterday four have been identified as A. M. Munroe, of Colorado Springs; Lizzie Lager, Louise Reinhuber and Emma Milletthaler, chambermaids. The other three have not been positively identified, but one is believed to be the body of Peter Gurny. There have been found in the ruins some personal effects of W. B. Owen, a wealthy man, mayor of Hobart, Ind., the president of the Terra Cotta Lumber Company, which has a branch office in Denver. R. A. Young, secretary of the Company, who is here, does not believe Owen was in the city.

DENVER, Aug. 21.—The body of General Charles Adams was taken out of the ruins of the Gurny hotel at 2 o'clock this afternoon. The fire which has been

smoldering in the debris has broken out afresh, and is now burning briskly. It threatens to communicate to the front portion of the hotel, which is still standing, and destroy all that remains of the building. There are still several bodies buried under the ruins.

### Held for Murder.

ELLENBURG, Wash., Aug. 21.—The examination of the remaining defendants in the lynching case was continued this morning, and by noon all the testimony for the prosecution was in. When the court convened this afternoon, no witnesses were called for the defense, and none of them took the stand in their own behalf. After arguments by the attorneys on both sides, Justice Boyle held Frank Ubelacker, Frank Fiegele and William Kennedy for murder in the first degree, bail being refused. A motion, made by the attorneys for Linder and Linke for their discharge on the ground of insufficiency of evidence, was taken under advisement by the court. They, with the other prisoners, were returned to jail, pending a decision, which will be rendered tomorrow morning. Street talk says a number of men for whom warrants were issued have skipped. The same authority says the country people were well represented in the mob. The officers, however, positively refuse to discuss either proposition, and consequently it is not known whether there will be any more arrests.

### British Politics.

LONDON, Aug. 21.—The Standard (conservative) says: There is a movement among the radicals to change the leadership of the party. It is the belief that having a peer for a leader militates against success. We understand that the Earl of Rosebery will not retire unless deposed by a vote. The party in the house of commons has elected J. W. Lowther, member from Penrith, chairman. He was under secretary for foreign affairs in 1891-1892, and must not be confounded with the Right Hon. James Lowther.

### Female Outlaws Taken.

PERRY, O. T., Aug. 21.—Deputy Marshal Steve Burke and posse arrested two notorious female outlaws near Pawnee Monday night, but had to fight to make the arrest. The names of the women are Jennie Medkiff, formerly Stephens, aged 16 years, and Annie McDoulet, aged 15. The marshal's posse ran into them Sunday and the women showed fight and several shots were fired before they gave up. Both were in men's clothing.

When the liver and kidneys are diseased it produces a feeling of despondency and gloom of mind that it is impossible to shake off. The victim needs the help of a remedy that will restore the deranged organs to their normal healthy condition. Dr. J. H. McLean's Liver and Kidney Balm will bring about this result. By stimulating them to increased activity in removing the waste of the system, it restores health and vigor of mind and body. Price \$1.00 per bottle.

### Millionaires Interested.

LONDON, Aug. 21.—It is reported that two American millionaires are showing much interest in the case of Mabel Stanley, the musical artist who was arrested August 10 on the steamer Etruria at Liverpool as she was about to sail for New York. She was charged with having stolen jewelry from Mrs. Gibbons, and the jewelry was recovered from her on her arrest. The two millionaires are from New York, from which city Miss Stanley comes. The fair prisoner is in possession of letters supplying her with funds for her defense.

### It May Do as Much For You.

Mr. Fred Miller, of Irving, Ill. writes that he had a Severe Kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At Snipes-Kinnersly Drug Co.'s.

### To Search for Lenz's Remains

CONSTANTINOPLE, Aug. 21.—The United States consul at Beyrout, Thomas R. Gibson, has been instructed to proceed to Tarsus in order to open an inquiry into the attack recently made on the

## BAKE A BATCH OF BISCUITS

Sift one quart of flour, two rounding teaspoons of baking powder, and one teaspoonful of salt into a bowl; add three teaspoons of COTTOLENE and rub together until thoroughly mixed; then add sufficient milk to make a soft dough; knead slightly, roll out about half an inch thick, and cut with a small biscuit cutter. Place a little apart in a greased pan, and bake in a quick oven for fifteen or twenty minutes. These biscuits should be a delicate brown top and bottom, light on the sides, and snowy white when broken open.

The secret of success in this recipe, as in others, is to use but two-thirds as much Cottolene as you used to use of lard.

## Cottolene

will make the biscuit light, delicious, wholesome. Better than any biscuit you ever made before. Try it. Be sure and get genuine Cottolene. Sold everywhere in tins with trade-marks—"Cottolene" and steer's head in cotton-plant wreath—on every tin.

American college there. At the instance of United States Minister Terrell, the Volf of Erzeroum will furnish an adequate escort to William A. Sachtleben, of New York, who is searching for the remains of Frank G. Lenz, the Pittsburg bicyclist, murdered on his way through Armenia.

### Fires in Wisconsin.

LAKE GENEVA, Wis., Aug. 21.—The fire on the flats below here is still burning and gaining ground every hour. Forty men are fighting the fire and using every endeavor to subdue it. However, it has gained until a tract of 200 acres has been burned over. The fire has got into the peat beds, travels underground for a distance, then bursts through the surface. Hundreds of tons of hay are in danger of being destroyed, and grave fears are entertained for the homes in that region.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinnersly Drug Co.

### Fires Making Headway.

HARBOR CITY, N. J. Aug. 21.—The great forest fires near this place are still burning and have made more headway than ever before, although hundreds are fighting the flames. The flames are now headed directly toward McKee City and there are many homes in the path.

### An Explorer's Remains.

SIoux FALLS, Ia., Aug. 21.—The first historic event to occur on Iowa soil was celebrated yesterday by a large number of people of Sioux city and many visitors. All that remains of Sergeant Charles S. Floyd was placed in its final resting place near the spot where the brave explorer died while a member of the Lewis and Clark expedition in 1804.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Blakeley & Houghton Druggist.

### More Trouble for Armenians.

CONSTANTINOPLE, Aug. 21.—The collection of the arrears of taxes in the Moosh district is accomplished with deeds of revolting cruelty. The Armenians liberated under the amnesty have been arrested on trumped-up charges.
