NEWSPAPER TRIALS.

The trial of criminal cases in the press before the courts have reached them contributes more to the contempt in which courts are too often held than anything else. This fact is illustrated by the Durrant case, which is dragging itself to death in San Francisco. Every particle of evidence, and a vast amount of stuff which is not evidence, has been embellished and dealt out to the public in the most sensational manner. Statements, like the finding of the bloody knife or the attack of Durrant upon a young lady, are sent abroad one day to be talked about, and then reported to be without foundation. The latter report, however, is headed. Citizens in the press and themselves to sit as jurors become disgusted because jurors cannot be found. Cases can best be tried in the publication of the evidence is produced in court is prejudicial to the fair administration of justice, and of no benefit to the public, but rather a detriment. The press of San Francisco should be more censured than the court.

Article 13 of the constitution of the state provides as follows: "The governor shall receive an annual salary of \$1500. The secretary of state shall receive an annual salary of \$1500. They shall receive no fees or perquisites whatever for the performance of any duties connected with their respective offices." Section 2337 of Hill's Code reads as follows: "The fees of the secretary of state shall be as follows: Then follows a list of fees. The language of the constitution seems to be plain, but evidently either it was misunderstood by the legislature, or the legislature intended that the fees collected by the secretary of state should be turned into the state treasury. Can some of the great constitutional newspaper editors of the state enlighten us on the subject?"

A tragic fate seems to have followed the life of Peter Gurny, the owner of the Denver hotel recently destroyed, and who perished in its ruins. When a babe he was rescued from a wrecked ship off the banks of Newfoundland and given, as a sad reminder, the name of the vessel. His parents perished at the time, and his identity was lost. Fifty years later his own life was destroyed in

a disaster on land equally as great as the previous one on the sea. He never had parents that he knew, no name or relatives, and now no grave that can be called his own. Few lives have been marked by such a striking example of lonely fate. The only case that approaches in similarity was that of Eva Burbank, who was drowned at North Beach some fifteen years ago. The place along the Cowlitz river where she was born was washed away by a flood, carrying with it the ground upon which stood the house. A few years later the unfortunate girl was drowned while bathing at the seashore, and the body not being recovered, she had neither birthplace nor burial spot upon the earth.

The democratic party is see-sawing itself to death. Ohio democrats declare for the gold standard and Cleveland's administration; Mississippi democrats are on the other track, and they have the pull so far as influence in the party is concerned.

Klickitat county has taken hold of financial matters in earnest, and the inevitable result of the present policy, if continued, will be to place the county upon a sound financial basis. We heartily wish them success.

A Druggist's Semi-Annual Report.

Some four or five months ago the people of The Dalles were notified of a new drugstore to be opened next door to the First National Bank, and almost directly opposite A. M. Williams & Co.'s store. The general opinion then prevailed that two stores were plenty, and a third store must therefore starve. But surely we are yet alive, and daily assuring our patrons, as well as the public in general, of our success. The doctors of our prosperous city, who are well able to judge our work, all acknowledge the efficient work done on their prescriptions, for most assuredly there never was any better, neater, more accurate or precise work done in this city than is at present done at this store.

Our stock of drugs is getting more complete every day. As we learn the wants of the people, so do we add to our stock, never aiming to attain such an immense quantity as to give it a chance to get old; but always buy in such amounts as to enable us to order frequently, thereby keeping our stock always in a fresh and healthful condition.

We know the drug business, and perchance not much else; but we are judges as to the quality of drugs, and therefore must know what we sell you when you give us a call. Come and ask for information, if nothing else.

Letter of Thanks From Co. A.

Last 4th of July Co. A of Wasco and Co. G of The Dalles held a competitive drill, which, after a warm contest, was won by Co. A, under the captaincy of V. C. Brock. The committee ordered a gold medal to be prepared and when done it was forwarded to the successful militia boys. The people of The Dalles greatly enjoyed the visit of their Sherman county friends and as long as the medal must go away from our own boys there is nowhere we would rather see it go than to Co. A of Wasco. Following is the letter of thanks.

Wasco, Or., Aug. 22, 1895.

To the 4th of July committee of the citizens of The Dalles, Oregon.

Sirs:—At the last regular meeting of Co. A, 3d Reg't O. N. G., I had formally presented the beautiful gold medal you had prepared for the company, and it was received with enthusiasm. A unanimous vote of thanks was tendered the committee and I was instructed to express the sincere gratitude of our company to yourselves and the citizens of The Dalles for your generous gift and courteous hospitality in our visits to your city. Company A will earnestly endeavor to merit your generous reward and see that no act of hers shall ever tarnish the brightness of the jewel won.

Yours respectfully,

V. C. BROCK, Captain of Co. A, 3d Reg't O. N. G.
