## CARRIE CUNNINGHAM

She Gives Strong Evidence Against Durrant.

### THE LETTERS BAD ADMISSIONS

The Whereabouts of George King the Night That Minnie Williams Was Murdered Being Questioned.

SAN FRANCISCO, Oct. 23.—Dr. Gilbert F. Graham was recalled for further examination in the Durrant trial this morning, but was soon withdrawn, and Miss Carrie Cunningham, a newspaper reporter, was called. She testified that on August 18 Durrant told her that while he was repairing the sunburners he looked through a crack in the wall and saw Blanche Lamont on the second landing of the belfry. An effort was then made to obtain light on the statement said to have been written by Durrant to his attorneys. "To be opened if he should be convicted, and to be returned if he was acquitted." District Attorney Barnes intimated a week ago that Durrant had shown Miss Cunningham an envelope bearing such an inscription, but the court ruled the question was improper, and this matter was dropped.

Miss Cunningham was then temporarily excused, and Dr. Mays was called to rebut the testimony of the preceding witness on the hallucinations of women and the effects of gas. He was asked what condition a man would be in if he inhaled gas from the burners. The witness replied he would be unconscious in three minutes.

Miss Carrie Cunningham was then recalled for further cross-examination, but nothing important was elicited when court took a recess till 2 o'clock.

George R. King is annoyed, but in no way exercised over the rumor current in the mission to the effect that he has no alibi for the night Minnie Williams was murdered. The young man thinks he is more competent to settle the question of his whereabouts on the evening of the 13th of April than the residents of the mission.

He claims that he can establish a complete alibi for that fateful night in April, and that he can produce witnesses to tell where he was at certain hours and how he passed his time. He is very confident concerning the reliability of his alibi, and ridiculed the possibility of its being shattered. He says he spent the evening, as he often did other evenings, at the Tivoli, and that nothing unusual occurred. To the police George King made the statements that he was at the Tivoli on the evening of April 13, and that he was accompanied by Zach Howard. This statement is verified by Howard.

That George King and Durrant were both absent from the Christian Endeavor meeting at the Vogel residence on the evening Minnie Williams met her tragic fate has ever been a significant fact to the mission people. It is probably due to this coincidence that the rumor was started. King and Durrant were intimate friends, and it was natural for people accustomed to seeing them together to connect their names.

### Battleship Oregon.

New York, Oct. 23.—A Herald Washington special says:

There will be no further delay in preparing the battleship Oregon for sea. The navy department is working industriously to get her out of the contractor's hands. It is said this activity is not due in any way to the idea of prospective trouble with Great Britain or any other nation, though it is admitted the vessel would be of a great value in case of difficulty occurring.

Three 13-inch guns for this vessel have been shipped, and as soon as the

gun car returns the fourth will be sent to the works of the builders. Two of the mounts for the 13-inch guns are already in San Francisco, and the remaining mounts for these weapons were shipped yesterday. The shipment of the eight-inch guns has been commenced, and it is expected that by December 1 the main and secondary batteries for this vessel will be in position.

The armor for one turret is still undelivered, but, according to Captain Sampson, this will be shipped to San Francisco some time next month, and ought to be fitted to the ship by December 1.

It is expected the government's trial of this vessel will take place during the winter, and that she ought to be in commission during the spring or early next year.

### CATTLE THIEVES LYNCHED.

Two Rustlers Hang by Cowboys in Oklahoma.

KANSAS CITY, Mo., Oct. 23.—A special to the Star from Hennessy, Oklahoma, says: Two members of Wyatt's band of desperadoes, Jnr. Umbra and Mexican Jehn, stole 50 cattle from B. H. Chapman. The cowboys closed in on the desperadoes 15 miles from Cantonment, and, after a fusillade of bullets, the bandits surrendered. The cowboys hung the two men to the first tree. A label was attached to their clothing, warning other members of the band to quit this work or suffer the penalty.

### THE REPUBLICAN CONVENTION.

San Francisco Has Begun to Work for It in Earnest.

SAN FRANCISCO, Oct. 23.—This city is after the national republican convention, and work has just commenced in earnest to that end. At the end of the first day's work \$9000 has been subscribed toward a proposed fund of \$100,000 which will be necessary if the convention comes to the Pacific coast. Prominent men of all parties are working to bring the convention here, and they have been assured by members of the national committee that San Francisco's claims will be given careful consideration.

### Call To Be Issued.

NEW YORK, Oct. 23.—The Herald says: Chairman Thomas H. Carter will, in a day or two, issue his call for a meeting in the first week of December. The national convention will meet within 10 days after May 23, 1896. Senator Carter, James S. Clarkson and William H. Hahn met last night at the Holland house, and consulted about the wording of the call, a rough draft of which Mr. Carter has drawn up. The call will be formal and will not attempt to outline party policy.

"While down in the southwestern part of the state some time ago," says Mr. W. Chalmers, editor of the Chico (Cal.) Enterprise, "I had an attack of dysentery. Having heard of Chamberlain's Colic, Cholera and Diarrhoea Remedy I bought a bottle. A couple of doses of it completely cured me. Now I am a champion of that remedy for all stomach and bowel complaints." For sale by Blakeley & Houghton, Druggists.

### KOVALEV'S TRIAL.

The Escaped Russian Convict's Case Will Be Heard Next Week.

SACRAMENTO, Oct. 23.—The trial of Ivan Kovalev, the escaped convict from Siberia, who is suspected of murdering Grocer Weber and his wife in December last, will begin in the superior court next Monday. Sam Hart and Mayor Anderson, who were appointed to defend Kovalev, claim that they will spring some surprises against the prosecution. It is understood that among other things they will attempt to show that Kovalev is a victim of a deep conspiracy hatched up by certain Russians in San Francisco who were anxious to get him out of the way.

### The Case Dismissed.

WASHINGTON, Oct. 23.—The supreme court today dismissed the case of the Flournoy Livestock Company against Captain Beck, agent of the Omaha & Winnebago Indians, for want of a printed record.

## When

You fry fish or oysters in Cottolene they will not be greasy. Always have the skillet or frying pan cold when the Cottolene is put in. Remember that Cottolene heats to the cooking point sooner than lard and that it must not be allowed to burn.

## Cottolene

when rightly used, never imparts to the food any disagreeable greasy odor or flavor. For pastry or any shortening purpose, but  $\frac{2}{3}$  the quantity that was formerly used of lard, is necessary if Cottolene

## is used

Look for the Cottolene trade-mark—"Cottolene" and steer's head in cotton-plant wreath—on every tin.
