HATCH NOW MINISTER

Thurston's Successor in San Francisco.

SITUATION AT THE ISLANDS

Matters Concerning the Government Said to be Unchanged—Results of the Cholera Scare.

SAN FRANCISCO, Nov. 13.—The Occidental & Oriental steamship Coptic, Captain Lindsay, arrived here last night from the Orient and Hawaii. Among her passengers from the latter place was A. T. Hatch, late minister of foreign affairs of the island republic, and recently appointed Hawaiian minister to the United States, to succeed Minister Thurston. The Coptic was a recent caller at the ports which the quarantine officers call infected, and it will be late in the morning before she will dock. Mr. Hatch, with others, was compelled to remain aboard the ship, which anchored near the fort, Charles Wilder, Hawaiian consul-general, went off on the Hartley to meet his late chief, and the two had a long consultation, the consul remaining on board all night.

Mr. Hatch did not have much to report. All of the political exiles of Hawaii, with few exceptions, have been pardoned and are returning to the country, each steamer bringing several. Ex-Queen Liliuokalani has been ill, but her sickness was not regarded as being serious.

The cholera has disappeared, but its lesson remains. The drainage of Honolulu has been made almost perfect. Creeks have been walled up to stop overflowing and swamps have been cleaned up. Business was badly depressed by the cholera, but with the removal of quarantine embargoes it was improving.

Another passenger of importance was Major-General D. T. Subotich, of the Russian army, lately stationed at Vladivostok. He talks of commerce and industrial development, attaching the greatest importance to the trans-Siberian railway. He says Russia plans the establishment of great fish canneries on the Asiatic coast. Their operation means competition with United States fishing-interests. The general was accompanied by his wife.

RUSSIAN OPINION.

Powers Must Establish a Protectorate Over Turkey.

NEW YORK, Nov. 13.—A special to the Herald from St. Petersburg says:

Lord Salisbury's speech at the Guildhall has produced an electrical effect here. It has brought about the universal expression of opinion that the powers must intervene with joint action in Turkey. The Novosti says:

"In order to avoid war the powers must establish a protectorate over Turkey. The Mohammedans, Kurds, Syrians and Cretans are rising in various parts of the empire and Turkey is hurriedly calling out her reserves."

The Novoe Vremya in a long article on the situation speaks of the power of the Turkish Army being great by reason of its fanaticism and its being organized by German officers.

It says Russia must be equal to the occasion, one of the necessities being the concentration of 60,000 troops at Erzerum to begin with.

Important Decision.

WASHINGTON, Nov. 13.—Chief Justice Fuller handed down the court's opinion on the motion of the Bell Telephone Co. to dismiss the suit of the United States against that company and Emil Berliner, involving the invention of the speaking machine. The case was appealed from the decision of the circuit court of appeals, for the first circuit, and the motion to dismiss was based on the

ground that the act creating the circuit court of appeals, in providing that these courts should have final jurisdiction in patent cases, had deprived the supreme court of jurisdiction. The motion to dismiss was denied. The decision was lengthy, concluding as follows:

"We cannot impute to congress the intention of narrowing the appellate jurisdiction of this court in a suit brought by the United States, as a sovereign, in respect to an alleged miscarriage in the exercise of one of its functions, as such, deeply concerning the public interests and not falling within the jurisdiction of the act."

FIRE OUT AT LAST.

Repairs Will Soon Be Begun on the Bozeman Tunnel.

LIVINGSTON, Mont., Nov. 13.—The fire in the Bozeman tunnel, which has been raging furiously for nine weeks, has at last burned itself out, and the tunnel is about clear of smoke and deadly gases. As soon as the tunnel cools sufficiently the task of cleaning it out will be commenced. Thousands of tons of rock have fallen on the track. This obstruction will be removed, and temporary timbers will be put in. It is expected that this work will take two months or more, but when it is completed trains will be run through the mountain again. The Northern Pacific, it is stated, has decided to line and arch the entire tunnel with solid brick masonry. Its progress, however, will not interfere with the use of the tunnel.

THE CZARINA'S HEALTH.

Alarming Reports Are Authoritatively Stated to be False.

NEW YORK, Nov. 13.—A special to the Herald from St. Petersburg says the sensational rumors lately circulated in reference to the health of the czarina, and the reports that an operation will be required are absolutely without foundation, and there is the best of authority for contradicting them.

The Herald also publishes the following from Tearkoe Seloki:

Owing to the number of false reports concerning the czarina's health, it can be stated authoritatively that it is normal. It may be stated, as further confirming this, that the czar left here this morning for Kronstadt in perfect spirits.

Personal Encounter Over Politics.

FRANKFORT, Ky., Nov. 13.—Governor Brown and W. H. Newhall, a clerk in the auditor's office, quarreled in the statehouse yesterday, and passed the lie, and would have come to blows had bystanders not interfered. Newhall had accused the governor of voting the republican ticket and acting the part of a traitor. The executive responded with an emphatic denial, and one of the men struck at the other, when friends separated them. It was claimed that Governor Brown attempted to draw his revolver, but he denies that he was armed.

Turkish Embassy Protests.

PARIS, Nov. 13.—The Turkish embassy here has communicated to the French press a protest against the misstatements in the newspapers here regarding Turkey adding: "The government has been obliged to repress some local disturbances, which have no bearing on the general situation. The government will punish the offenders should the disturbances be renewed."

Stevenson's Views.

PITTSBURG, Nov. 13.—Vice-president Stevenson passed here last night on his way to Bloomington, Ill. He thought the recent republican victories would not affect the democratic chances next year. He said that President Cleveland will be accorded a renomination if he wants it.
