

### OVERWORK -INDUCED- Nervous Prostration

Complete Recovery by the Use of  
**Ayer's Sarsaparilla**

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, and unable to look after my interests, and manifested all the symptoms of a chronic disease. I took three bottles of Ayer's Sarsaparilla, began to improve at once, and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been fatherless today had it not been for Ayer's Sarsaparilla, of which preparation I cannot say too much." - H. O. HINSON, Postmaster and Painter, Kinard's, S. C.

#### LA GRANDE AND PENDLETON.

East Oregonian: Pendleton is a live town. We want to increase its reputation in this respect among outside people. We want a better Pendleton and a bigger Pendleton and for these reasons we want that manufacturing plant to come to Pendleton and give employment to at least twenty-five men. Enterprise and industry make towns; property owning and speculating in vacant lots and participating in the fruits and spoils of peanut politics does not do it.

La Grande Chronicle: It is not considered necessary to continue an appeal to the experience and good judgment of the people of this community as to the beneficial results that would come from an organization such as the one that is to be completed at the meeting to be held this evening. Everyone must have a feeling deep down in his heart that this is the proper movement by which the interests of La Grande and the county in general is to be promoted. There is no other plan than that of united purpose that will be productive of any good results.

### your child

You note the difference in children. Some have nearly every ailment, even with the best of care. Others far more exposed pass through unharmed. Weak children will have continuous colds in winter, poor digestion in summer. They are without power to resist disease, they have no reserve strength. **Scott's Emulsion** of cod-liver oil, with hypophosphites, is cod-liver oil partly digested and adapted to the weaker digestions of children.

#### THE BEAUTIFUL COLUMBIA

Concluded From Second Page.  
The river was from 150 to 200 feet deep and the pressure so heavy that if you were to seal a bottle with wax and sink it to the bottom, the cork would immediately come out. Many other such data cause the time till we reach The Dalles to pass rapidly away. We have spent a golden day of delight never to be forgotten for its beauty, while the kind courtesy and attention rendered by the officers of the Dalles City and the Regulator will ever be remembered with interest. No beauty-loving tourist or resident of the Northwest should fail to partake of this rich feast that nature has so lavishly spread in the way of magnificent scenery along the Columbia from Portland to The Dalles. We would write more but dare not now, but may anon.  
LOUISE E. FRANCIS.
