The Political Sky Less Bright Today.

TURKISH SITUATION UNIMPROVED

Bahri Pasha is Once More the Disturbing Element—He is Opposed By the Powers.

CONSTANTINOPLE, Nov. 21.—(Copyrighted, 1895, by Associated Press.)—Matters political do not look as bright today as yesterday. Once more Bahri Pasha is the disturbing element. This notorious official made himself so conspicuous by his cruelty to the Armenians and the mal-administration of his district when governor of Van that the British ambassador insisted upon his removal. After considerable correspondence, plain evidence of the pasha's unfitness for his position having been furnished the sultan, the latter removed the pasha. Bahri, however, brought the strongest influence to bear upon Abdal Hamid, protested his innocence, claimed that his removal was brought about by intrigues of the Armenians, and eventually was not only forgiven, but decorated with the Order of Osmanian and complimented upon his efforts to suppress the disorder.

Soon after it was rumored that Bahri Pasha was to be appointed to the command of a large force of Turkish troops being concentrated at Marash for a movement upon Zeitoun, which is held by the Armenians, who captured the Turkish garrison, consisting of about 400 men. This report raised such a storm of indignation in diplomatic and other circles here that the plan was abandoned. Now, however, Bahri Pasha has been appointed military commander of the Aleppo district. The bad impression this has produced can hardly be exaggerated, for the diplomats feel that it will be almost impossible to prevent his pursuing the same tactics at Aleppo as he did at Van.

Representatives of the powers held a meeting to discuss the matter from all standpoints, and joined in a note to the Turkish government saying they cannot answer for the consequences which might ensue should the Armenians be massacred at Zeitoun after surrendering, which the Armenian patriarch, at the instance of the representatives of the powers, is endeavoring to bring about in order to prevent further bloodshed.

A dispatch from Aleppo says the greatest alarms prevail there.

Hurried and frequent councils of ministers are being held at the palace, and some plain language is said to have been used by the sultan. That the sweeping out of the present cabinet is contemplated nobody doubts.

The British fleet is still at Salonica, and the French and Italian fleets at Smyrna, about 200 miles from Salonica.

DEBS AT LIBERTY.

His Six Months' Term of Imprisonment Expired at Midnight.

CHICAGO, Nov. 21.—Eugene V. Debs became a free man again at 12 o'clock tonight. His term of six months' imprisonment in the Woodstock jail came to an end at that time. A party of 300 admirers and friends will go out to Woodstock tomorrow afternoon to greet the labor leader on his release. A party composed of representatives of all the central labor bodies and of the several local unions will be among the first to greet Debs. Debs will receive them at the jail and will then march around the public square with the party to the music of a brass band and drum corps. A delegate of the trades assemblies of Cincinnati and of the American Railway Union of Cleveland will arrive tomorrow morning to take part in the general jub-

ilee which will be held in battery D in the evening. Mr. Debs has already laid plans which will keep him very much before the public. He said last night that he had arraigned to visit all the principal cities, primarily in the interest of the American Railway Union, but directing his efforts also to bring organized labor into a defensive alliance.

The Statement Made Today by Austria's Prime Minister.

BUDA-PESTH, Nov. 21.—In the diet today, replying to a question regarding the situation in Asia Minor, Premier Baron Banffy said the porte had displayed an earnest intention to restore tranquility in the disturbed districts, and to protect the Christians. The premier added complete unanimity prevailed among the powers. They were determined that piece must be restored, and to this end their fleets had been sent to the Levant. Baron Banffy concluded: "We have the reassuring hope that Turkey will succeed in restoring order, in which task her efforts will certainly be supported by all the powers, which, without exception, attach great importance to the maintenance of a peaceful state of things."

Portuguese Minister.

WASHINGTON, Nov. 21.—Senor Augusto de Seguire Thedi, Portuguese minister to the United States, died at 9:15 this morning of congestion of the lungs, after a short illness.

He was the only representative of the Portuguese government in this city. He came here last June, succeeding Senor Souza Rosa, transferred to the Portuguese mission at Paris.

PARIS, Nov. 21.—At the cabinet council this morning, Minister of Foreign Affairs M.
