### BOTH PARTIES CAUCUS

Reed and Crisp Re-nominated for Speaker.

SPEECHES BY THE GENTLEMEN

The Senate Republicans Will Caucus Monday, When the Question of Re-organization Will Be Decided.

WASHINGTON, Nov. 30.—The republicans of the house met in caucus tonight and unanimously nominated ex-Speaker Thomas B. Reed, of Maine, for speaker of the 4th congress. This action was anticipated, for at no time had an effort been inaugurated to contest his election. The Hon. Galusha Grow, who was speaker of the house in 1859, nominated Reed in caucus. He simply presented Reed's name, and the nomination was made by a rising vote, amid cheers. Grow, Cannon and Payne, escorted Reed to the hall, and, when the cheering, which greeted his appearance, had subsided, he made a brief speech of acceptance. He said:

"For the honor you have conferred upon me I tender you my sincere thanks. I am, however, not in the least liable to confound with my own personally this tribute of your kindness. I had once the good fortune to be so placed that I represented, as well as I was able to, the patriotic sense of a great party, and it is to that patriotic sense of our party that you tender the tribute to your matured, as well as your temporary, approval. History will accord us praise for what we did in the 51st congress, and it may accord its praise in this for what we do not do.

"We have unfortunately a divided government, which usually leads to small results; but there are times when rest is as healthgiving as exercise. We must not forget that our first and greatest duty is to do all we can to restore confidence in business, and that we must avoid all business legislation, except in the direction of improved business. Rather than run risks we can afford to wait until well-matured plans give us remedies of permanent benefit. Crude and hasty legislation is above all things to be shunned.

"Could we cause our immense popular

majority to overflow into the branches of the government, and could we have full control, we would create, not a perfect world, perhaps, but a world rather more fit to live in than we have lately had. Even as things are, I do not for a moment doubt that our patriotic instincts will lead us to make every sacrifice except that of principle to rescue our country from its temporary disaster.

"Not only have we been elected by the overwhelming vote of the people as their servants, but as members of a house of representatives, of which we are the majority, the right to initiate taxation for the people by the legislation is placed in our hands as a sacred trust, which we have no right to surrender, and which all parties, however they differ on other things, will assuredly maintain."

"That we shall be ready at all times to furnish adequate revenue for the government, according to our sense of purity, no man can doubt.

"This is the great nation of this hemisphere, and, while we have no desire to interfere with other nations, we shall maintain our position with firmness and self-respect, and at the same time with careful consideration of facts, and that conservatism of action, which shall leave no bad question to trouble our future. In this I trust the whole government and all its branches will be in accord with each other and with the people."

### AN OPEN SWITCH.

Fatal Collision on the Delaware, Lackawanna & Western.

SYRACUSE, Dec. 1.—Passenger train No. 8, on the Delaware, Lackawanna & Western road, which left Syracuse at 10 tonight, ran into an open switch at Preble and telescoped three freight cars. The engine of the passenger train was completely wrecked, and the baggage and mail cars and two coaches caught from a blaze under the wrecked boiler and were consumed. The engineer was instantly killed, and the fireman was taken from the debris by the passengers in a dying condition. The sleeping-car was the only one saved. Nobody else was hurt. The baggage and mail were almost all saved. The station-house caught fire and burned. The wrecking train has gone to the scene.

The engineer who was killed was Richard Young, unmarried, of this city, who has been from 15 to 20 years in the service. The fireman's name was Roof. The switch at the scene of the disaster

was found blocked. Somebody had tampered with it, with a deliberate intention, evidently, of wrecking the train.

There is nothing that causes women greater discomfort and misery than the constantly recurring Headache. Men suffer less with Headache. "My wife's health was very indifferent having Headache continually, and just two packages of Simmons Liver Regulator released her from all Headache and gave tone and vigor to her whole system. I have never regretted its use."—M. B. DeCord, Mt. Vernon, Ky.

Mrs. W. B. Meek, who resides at Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call in a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. "It has not only saved us lots of worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MANTON, D. D., New York City.
