CALL SPEAKS FOR CUBA

His Address Before the Senate Today.

THIS GOVERNMENT ARRAIGNED

Senator Mitchell Starts an Inquiry Into the Delay in Constructing Public Buildings, Already Authorized, in Portland.

WASHINGTON, Dec. 3.—There was a good attendance when the senate met at noon today.

The first bill introduced was one by Senator Mills, of Texas, for the coinage of the silver in the treasury.

The bill introduced by Chandler, of New Hampshire, for the coinage of silver at a ratio of 15½ to 1, the bill to become operative when England, Germany and France pass similar laws, was listened to with great attention by members of the senate.

Petitions from Florida for the recognition for Cuba and from the legislature of Montana, against the further issuance of bonds, were presented.

The resolution offered by Call, of Florida, was adopted, calling upon the secretary of state to send to the senate the correspondence relating of the case of General Sanguilly, an American citizen, sentenced to life imprisonment for alleged complicity in the Cuban revolution, and directing him to procure a copy of the record in the case if it is not on file at the department.

Gallinger, of New Hampshire, introduced a resolution declaring it as the sense of the senate that it was unwise and inexpedient to retire greenbacks.

Mitchell, of Oregon, introduced a resolution, which was agreed to, calling on the secretary of the treasury to inform the senate why the construction of the public building at Portland, Or., for which an appropriation was made by the last congress, was not preceded with.

Call, of Florida, addressed the senate in advocacy of his resolutions for the recognition of his resolution for the recognition of the belligerent Cuban insurgents, and for strict neutrality by the

United States in the war.

Senator Call drew a graphic picture of the ruin, misgovernment and barbarous cruelty against which the Cubans were contending and their long struggle for freedom. He described the former resolutions, and declared that the progress against tyranny made by the native Cubans, who maintained, as we had maintained in 1776, that a just government must derive its authority from the consent of the governed, entitled them to recognition as belligerents and the neutrality of other nations. He considered it an outrage that the United States should not hold out an encouraging hand to those struggling for independence. Instead of speeding Cubans on their course, he insisted that this government was actually retarding the revolution, in fact, furnishing aid to Spanish tyranny.

"This government," said Call emphatically, "is responsible for many outrages that have been committed. I do not mean to say that the president and his cabinet are responsible, but the attitude of this government by not recognizing the revolutionists as belligerents in our ports and territory is maintaining today the power of Spain in the island of Cuba."

In conclusion he described Cuba as the queen of the Antilles, the future center of a confederate republic that would include all the islands of the West Indies, and called upon the committees on foreign affairs to consider his resolution in the spirit of our forefathers and report it favorably at early day.

At 1:20 the senate went into executive session, and at 1:35 p. m. adjourned until Monday.

The senate in executive session confirmed Matt W. Ransom as minister to Mexico.

From Washington City.

WASHINGTON, Dec. 5.—Speaker Reed has begun for the first time to definitely outline his list of committees on paper. After receiving the members of the house all day yesterday, he sat down at 9 o'clock and worked until a late hour putting on paper the assignments he had decided upon up to that time. Today he gave more interviews to members and listened to a presentation of their claims. Probably the strongest pressure being brought to bear upon the speaker comes from the various candidates for the committees on Ways and Means. The republicans will be entitled to eleven places in this body, if the party proportion of last congress is maintained.

and seven of the eleven will be new men. The influence of business interests of every class and section has been invoked, and the many letters and petitions are pouring in. Next to Ways and Means in their desirability, from the standpoint of members are the committees on appropriations, of rivers and harbors, the two bodies which have charge of the distribution of the largest sums of money.

There is nothing that causes women greater discomfort and misery than the constantly recurring headache. Men suffer less with headache. "My wife's health was very indifferent having headache continually, and just two packages of Simmons Liver Regulator released her from all headache and gave tone and vigor to her whole system. I have never regretted its use."—M. B. DeCord, Mt. Vernon, Ky.
