

LOSS OF VOICE After Acute Bronchitis CURED BY USING **AYER'S Cherry Pectoral** A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D.D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

THE DALLES, ORE., Dec. 23, 1895.
EDITOR CHRONICLE:—We feel it our duty to make an explanation in regard to the item in the Wasco News touching the Sherman county rattlesnake road subscription. Editor Armsworthy of the Wasco News has always manifested a deep interest in the success of this road and we accord to him great credit for the general interest and good common sense he has exercised in its behalf, which makes us feel quite at liberty to recommend his paper to its home citizens as being honest, upright and in the interest of the common people, which fact should give it great precedence in Sherman county. But he has not evidently a correct understanding of the subscription list, and to clear up all points, we say a great share of the labor was understood not to be collectable this fall. Many were not in a situation to do the work at this season of the year. We consider a very great majority of the subscriptions good, and in fact, none of it can be counted worthless. For seeing the situation which surrounded the plan, we at once conceived the idea of the necessity of immediate action, thus taking the vantage ground of our opposition and virtually clinching the entire plan. We saw the willingness of The Dalles part to be immediately applied and not feeling justified in appropriating it without a fair showing of success in Sherman county, we solicited work to the amount of about \$1000, and did not expect it all at this time. We are, however, glad to say that the road is assured.

Much good has already been reaped; much is to follow, and no one of Sherman county nor their business has been injured by it. We had no doubts of The Dalles' \$500, but realized the weight of the opposition in Sherman county, and decided to take all the advantages; losing nothing by neglecting opportunities.

The plan of opening the road this fall was both novel and original, and when first mentioned to the most sanguine friends, was not counted. We feel that the right thing was done in the right place and at the right time.

We covet no praise in this matter, but confer all to The Dalles subscribers and especially that renowned friend of the people, The Dalles Portland and Astoria Navigation Co., which headed our list so largely and was the key to our success, again proving themselves the tried and true friends of the people.

The scheme has been a success thus far and we are still determined to complete this end of the road in the early spring, for which we have plans already laid and Sherman county will have a real competitive market.

Ordinarily he would have been laid up for two or three weeks, but says: "After using one bottle of Chamberlain's Pain Balm I began to feel better, and in three days was entirely well. The peculiar soothing qualities which Chamberlain's Pain Balm possesses I have never noticed in any other liniment. I take pleasure in recommending it." Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
