

### TURNING GRAY AND THREATENED WITH BALDNESS

The Danger is Averted by Using **AYER'S HAIR VIGOR**

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGUT, Avoca, Neb.

**Ayer's Hair Vigor**

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS., U. S. A.

Aid Rendered by the Salvation Army.

Christmas was a time of hard work by the Salvation Army in The Dalles. The members of the corps announced that they would receive contributions for the poor and attend to the distribution of the clothing and other articles donated. The response was most liberal. Money to the amount of \$21.60 was given to the officers for distribution and about \$30 worth of clothing, boots and shoes, which were donated by our merchants. Four sacks of potatoes, four of flour and a good quantity of groceries, candy, nuts, toys and tinware, all new and many articles of clothing partly worn were received and distributed. Besides the persons thus aided, nine families were given roasts and fish by butchers. Were it not for these donations these families would have had no meat for their Christmas dinner. The money was mostly expended for clothes, though a mattress also was bought for a poor old lady that had been sleeping on a few ragged quilts. In all, about fifteen families were aided, one of the families consisting of a widow and six children, the youngest a babe of six weeks. Captain and Mrs. Potarf and the soldiers of the corps wish to thank the people of The Dalles for so generously aiding them in their work of charity, and in a note to THE CHRONICLE say:

Dear friends, who so liberally gave of your bounty, if you could have seen the joy and gladness brought into sad lives, and the little child's face brighten at the sight of toys, etc, you would feel as we do, who worked so hard to send the right things to the right places—more than repaid. May the dear All-Father, who gives to each the glad Christmas of the soul, reward you many fold.

The Salvation Army have done a great deal of good at this Christmas time, and it is doubtful if any other agency could have done the work as well. The Salvation Army is being looked upon more and more as one of the greatest factors in uplifting the fallen and has already made the world better because of the army's existence.

Should Be at The Dalles.

The distillery at Grants will be in operation by January 15th, or at least that is the present calculation of its owners. The distilling company has met with various misfortunes in its career, having suffered disasters by flood and fire besides contending with the hard times, which every one has had to meet. The flood of 1894 ruined the plant at Grants and necessitated the expenditure of a large amount of money in re-building. The set back given by the flood proved too heavy a shock for the company to rally from without first shutting down and re-organizing. Now, we understand, the concern has been put on a sound basis and expects to do a large and lucrative business in the future. The news will be pleasant to the people of Grants and Sherman county, as the distillery has been a great factor in disposing of the products of that section of country. Besides the making of alcohol this concern carried on other pursuits, such as the making of flour, feeding

stock for sale, etc. A mistake was made when this plant was placed at Grants instead of The Dalles, for with due respect to that town the advantages of The Dalles for manufacturing purposes are far greater. With abundant water power, wood and competitive transportation, no city in the state has greater reason to think itself well suited to become a manufacturing centre than The Dalles—"The Gate City of Eastern Oregon."

## 98%

of all cases of consumption can, if taken in the earlier stages of the disease, be cured. This may seem like a bold assertion to those familiar only with the means generally in use for its treatment; as, nasty cod-liver oil and its filthy emulsions, extract of malt, whiskey, different preparations of hypophosphites and such like palliatives.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power, over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience.

#### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought, by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."
