BRITISH ADVANCING

Strengthening Outposts in Venezuela.

PRIVATE DISPATCHES TELL THIS

THE ARBITRATION MOVEMENT

It is Daily Growing in Favor Among All Classes in Great Britain—Ex-President Blanco Talks.

CHICAGO, Jan. 10.—A special to the Journal from Washington says: "The report that the British are strengthening their outposts in Venezuela and advancing into Venezuela is true. I have myself received today a private dispatch from there corroborating it."

So said Congressman Livingston, of Georgia, this afternoon.

He added: "I cannot show you the dispatch; it is private. You can, however, rely on it. I called on the Venezuelan minister this morning and asked him to use his influence with Crespo to keep back the Venezuelan troops. Should they advance it would precipitate the conflict at once. That would render the Venezuela commission useless. We would be compelled to back up Venezuela, and we would be plunged into war at once."

FAVORS ARBITRATION.

This Sentiment Daily Growing in Great Britain.

LONDON, Jan. 10.—The movement in favor of arbitrating the Venezuela question with the United States is growing day by day. The Westminster Gazette, after having interviewed statesmen of all parties, bankers and others, says this afternoon:

"Everywhere there were enthusiastic expressions in favor of the proposal to establish a permanent court of arbitration."

From diplomats who have had recent interviews with the foreign office, the Associated Press learns that there is a decided change of sentiment there. The unbending antagonism to arbitration of the Venezuela boundary dispute, first shown in high circles, has almost completely disappeared and matters look much more satisfactory than they have at any time since the dispute commenced.

It is semi-officially stated today that no such movement of British forces toward the boundary or in the neighborhood of the disputed territory in Venezuela, as indicated in the dispatch from Caracas, via Nicaragua, has been contemplated by Great Britain, and no addition has been made to the small force stationed for some time in the Uruan district. Regarding the attitude of Venezuela, it is added, that there is no reason to suppose hostile action upon her part is intended.

BOND SYNDICATE SHAKEN.

Withdrawal of the Chemical National Bank From It.

CHICAGO, Jan. 10.—A special from New York says:

The Morgan bond syndicate has at last been shaken by the withdrawal from it of the Chemical National bank. It is understood that the amount of the bank's subscription was \$3,000,000. G. T. Williams, president of the bank, said:

"Our subscription simply represented those of our depositors, and we do not want to tie them up in the uncertainties of the syndicate. We do not wish to stand in the way of any public desire for the success of a popular loan."

It is reported that the City National and possibly the United States Trust Company and the Hanover National will follow the lead of the Chemical. The

City National has \$10,000,000 gold in its vaults and its subscription was reported as \$5,000,000. The subscriptions of the Hanover National and the United States Trust Company were each about \$2,000,000.

The lead of the Chemical National is considered an indication that the selling of the bonds directly to the public will be a success.

Charles T. Gulick, W. T. Seward, John F. Bowler, Robert W. Wilcox, John H. Wise, Joseph Clarke, J. W. Bipikans and John Lillikoi, the remaining political prisoners, were pardoned and released at 10 o'clock New Year's morning, this course having been decided on at a special meeting of the council of state the morning of December 31.
