MONDAY, - - - JANUARY 13, 1896

BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

The report for tomorrow is fair and stationary.

The Central Pacific directors car was attached to the local today from Portland.

Miss Etta Rowe, one of the teachers in the public school, is quite ill at her home.

There will be a change in Pease & Mays' ad tomorrow.

Several people went down to Snipes' lake on this afternoon's train to try the skating.

Four cars of cattle from Elgin to Troutdale passed through town this morning.

Eight cars of tea from the O. R. & N. steamer of the China line, passed through The Dalles this morning en route east.

The Knights of Pythias officers request all members to be present at the castle this evening, as important work will be done.

All members of Temple Lodge, No. 3, A. O. U. W., are requested to be present at their hall on Thursday evening promptly at 7 o'clock. By order of the M. W.

The Independent Workers, I. O. G. T., will give a shadow social in their lodge room tonight, to which all are cordially invited to attend. The ladies are requested to bring a lunch, put up in a box, for two.

The parish meeting at St. Paul's church announced for tomorrow evening, will be postponed until further notice, as many of the members have other engagements which would prevent their attendance at that time.

The members of The Dalles Lodge No. 2, I. O. G. T., will give a necktie sociable in the K. of P. hall, Saturday evening, the 18th. A choice literary and musical program will be given, after which refreshments will be served. All are invited to attend.

Parties up from the lake at Snipes' bottom say the skating there is excellent. The ice was able to form while the wind was not blowing, and so it is very smooth. This report comes from a reliable source and we have no reason to doubt its authenticity.

The committees from the Woodmen and Workmen lodges have made final arrangements for their second annual ball for St. Valentine's day, Feb. 14, and any one having a friend they wish invited can hand the name to the committee or the secretary. By order of J. M. Filloon.

Larry Hays, one of the well-known O. R. & N. Co. engineers, has invented an

automatic windmill which will turn in calm weather. Together with Judd Fish, he is forming a wind syndicate, and will take out a patent on what promises to bring them fame and fortune. The inventor is glad to answer any questions that may be asked him.

The county court today appointed the judges and clerks for the next election. A list of the names will appear in tomorrow's CHRONICLE. The court decided to consolidate, for judicial purposes, the precincts of east and west Hood River. The court is still engaged in auditing claims against the county and examining the reports of the road supervisors.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

Mr. Marsh, who lives beyond Chenoweth creek, was in town this morning and stated that School District No. 9 would probably not make any levy this year. The directors think that a six or seven months' school may be maintained without any taxation. This district can flatter itself upon its good condition, and in this day of increased taxes finds itself in a rather solitary position.

February 21st the Knights of the Maccabees lodge in Hood River will give a grand ball at the armory. The managers have shown their kind feeling towards The Dalles by securing the services of the Orchestra Union for the occasion. It has been some time since Hood River has had an affair of this kind, and the Maccabees intend that all previous attempts shall be surpassed. It is expected that many people from this city will attend the ball.

The Commercial Club is beginning its good work. President Schenck has appointed a committee consisting of Messrs. J. W. French, T. A. Hudson and Emil Schanno, to appear before the county court regarding the road through Thompson's Addition. This road is in a fearful condition and has been the cause of numerous complaints. It is expected that the matter of other roads will be presented to the court. The appointing of the committee was a wise step, and will undoubtedly result in showing how much good can be done to the community through the agency of the Commercial Club. There are plenty of subjects to occupy the attention of the club committees.

Mr. James Wilson and family returned to The Dalles Saturday after an absence of over a year, spent at Hilo, in the Sandwich Islands. They left Hilo last October on a sailing vessel bound for San Francisco, where they remained some time. Mr. Wilson was bookkeeper for his brother's stage line on the Islands, and had good opportunities for observation. The thermometer ranges

from 60 to 80 degrees the year around, and the heat at times is oppressive. Mr. Wilson says that money is made easier in the Islands than it is here, but there are many drawbacks to pleasant living. He was on an island situated about 250 miles from Honolulu, and never visited the latter place. Mr. Wilson says he met John Marlin in San Francisco, and that Mr. Marlin sailed for Honolulu on New Year's day. It is Mr. Wilson's intention to remain here about a month, at the end of which time it is possible he may return to Hilo. He expresses himself as opposed to annexing the Islands to the United States, as he does not consider them worth annexation.

Sunday Observance.

Yesterday was a beautiful day and caused many people to spend a portion of the afternoon upon the streets enjoying a mild winter day. The air was cool enough to be bracing, but not uncomfortable and the day resembled October weather more than that of January.

The attendance at the different church services was reported large. At the Methodist church Rev. J. H. Wood preached a fine sermon to a large audience upon the theme, "Charity or Love." Those who heard Mr. Wood are all of the opinion that his sermon yesterday morning was the best he has preached in The Dalles. Mr. Wood is an earnest speaker and his words carry weight with his hearers.

The attendance at the Congregational church was very good, the sermon excellent and the singing pleasing. Mr. Curtis preached an impressive sermon upon church organization and life as necessary to carrying on the work of spirituality. The singing of the anthem "Rock of Ages" by the choir was especially fine.

Rev. Mr. Goss' sermon, at St. Paul's church yesterday, was on the manifestation of Jesus to his parents at Jerusalem, and the text was taken from the gospel of St. Luke ii:44-45, "But they, supposing him to have been in the company, went a day's journey * * * and when they found him not, they turned back again to Jerusalem, seeking him." The rector referred to the various manifestations of Christ during his life up to the one from the cross; also spoke of God's hiding himself, but ever near and ready to manifest himself, if sought. Mr. Goss told where God could be found—in this house, the church, and how to find him—through the sacraments of his church on earth. Mr. Goss left last night for his home, expecting to return for the first two Sundays of February.

Joint Installation.

Fraternity hall was the scene of some interesting exercises Saturday evening. The occasion was the joint installation of the officers of J. W. Nesmith Post, No. 33, Grand Army of the Republic, and J. W. Nesmith Relief Corps, No. 17. The officers of the G. A. R. were installed by Past Post Commander J. M. Patterson as follows:

Commander, H. H. Leonard; senior vice-commander, E. N. Chandler; junior vice-commander, James Lemison; surgeon, Jas. Thomas; chaplain, F. T. Esping; quartermaster, W. S. Myers; adjutant, J. M. Patterson; officer of the day, R. H. Aiken; officer of the guard, L. H. Nichols; sergeant-major, C. H. Brown; quartermaster sergeant, H. Hall.

After the G. A. R. officers were inducted in their respective offices, Department President Mary Scott Myers conducted the installation ceremonies of the Relief Corps. Mrs. Myers was assisted by Department Treasurer Mary Briggs, who acted as chaplain, and Jennie Russell, department secretary. The officers of the Relief Corps who were installed are as follows: President, Mary Nichols; senior vice-president, Villa Lewis; junior vice-president, Millie McDonald; chaplain, Josephine D. Hill; secretary, Mattie Barnett; treasurer, Elizabeth Ulrich; conductor, Annie Urquhart; assistant conductor, Elsie Ball; guard, Alice Varney; assistant guard, Mrs. Della Phirman.

After the installation ceremonies were finished the members and their invited guests sat down to a lunch prepared by the ladies of the Corps. After refreshments a number of speeches were made and patriotic songs sung, led by Mrs. A. N. Varney. The occasion was a most pleasant one to all who were present, and the installation ceremonies of 1896 will linger long in memory as a delightful event.

When persons are weak and languid from sickness or overwork, feel debilitated and depressed, it is an indication that the blood is out of order, and they need help to throw off the miserable feeling? The best remedy for this purpose is Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. It restores lost strength, gives vigor to circulation, promotes good appetite and a flow of cheerful spirits. Snipes-Kinnersly Drug Co.
