

THE MONROE DOCTRINE

About President's Venezuelan Message.

A VOICE IN THE SENATE

The New Jersey Senator Thinks the President Has Pressed the Doctrine Beyond What Was Intended.

WASHINGTON, Jan. 16.—Sewell, republican, of New Jersey, introduced a resolution on the Monroe doctrine in the senate today. The resolution declares that the president has pressed the Monroe doctrine beyond what was intended and his interpretation will involve the United States in foreign complications and virtually extend a protectorate over Mexico and the South American states. Senator Call gave notice today that he would soon move to discharge the foreign relations committee from consideration of the resolution for recognition of the Cubans as belligerents in order to have the senate vote directly on the question without further delay.

Grow Objects to Criticism.

WASHINGTON, Jan. 16.—There was an interesting episode in the house today, inspired by Grow, republican, of Pennsylvania, who declared that the New York chamber of commerce, in a pamphlet widely circulated, casts reflections on the good faith of the house. The pamphlet criticized the house for not paying the Canadian sealers \$400,000 which it was asserted had been arbitrated and awarded to the owners of seized vessels.

HAD THIRTEEN WIVES.

A New Yorker with the Habit of Marrying for Money.

NEW YORK, Jan. 15.—There is a man serving one year in the penitentiary for the larceny of \$8, whose record as a polygamist gives him pre-eminence in evil. Thirteen marriages have been traced to him, and there are more to come, the authorities say. He married under the names of George Marir, Joseph Maler, Joseph Miller, George Muller and several other aliases. It is believed his real name is George Meyers.

Meyers' object in forming this conjugal club was to obtain money. One of his wives is suing him for divorce. This universal benedict was not at all fastidious. He married any woman he happened to be acquainted with, no matter what her age was, if she only had money. He allied himself to women varying in age from 25 to 45 years, and it made no difference to him whether they were pretty or homely, attractive or repulsive. Nor did it matter how much or how little money they had if they had some. He married one woman for \$17. With others he got dowry varying from \$25 to \$500.

He had no other occupation, and simply married for a living, not disdaining as a side issue to steal whatever money he could lay his hands on. If the woman he married suited him, he remained with her a few days; if not, he left as soon as he had secured her money. As a rule, however, he did not marry on credit, as it were. He generally obtained the moment he married, under the pretense of wanting to start in business.

Falls Into a Deep Mine.

HOGGTON, Mich., Jan. 16.—The miners at the bottom of the new No. 5 Tamarack shaft were startled by a man falling past them. It proved to be William Beesley, a miner who had accidentally stepped into the mouth of the shaft at the surface and had fallen 175 feet. The miners who picked him up were surprised to find him alive. Both legs were broken, all the ribs on his right side fractured and he had a severe scalp

wound. The mine surgeon says he will recover.

DEMOCRATIC CONVENTION.

The Committee Decides on June 7 as the Time.

WASHINGTON, Jan. 16.—The democratic national convention will be held July 7. The national committee decided today on this date. The opposition favored June 2.

The vote was 32 to 18 in favor of July 7. The resolution of Patrick Collins, of Massachusetts, offered in the convention of 1892, that the next convention be held behind closed doors, was reported adversely by a sub-committee, to which it was referred, and his report was adopted unanimously. It was decided to give each city thirty minutes to present its claims this afternoon.

Havana Practically Isolated.

MADRID, Jan. 16.—Dispatches from Havana say the insurgents have cut off all means of land communication between this city and the interior except by a short railroad from Havana to Mariannao, in the province of Havana, and over a still shorter railroad between Pajala and Munabacia, suburbs of that city. Consequently steamships are the only means of communication between the capital and the provinces, which remain at the disposal of the authorities.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

Governor Drake's Inauguration.

DES MOINES, Iowa, Jan. 16.—The inauguration of Governor Drake took place at 2:30 today in the presence of several thousand people. The governor in his inaugural said that the stand taken by the president in favor of the enforcement of the Monroe doctrine has received the most unhesitating and cordial approval of patriotic people and parties.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. Eat blood tells, and as a blood purifier and liver corrector Simmons' Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

A \$500,000 Failure.

NEW YORK, Jan. 16.—Perkins and Welch, sugar importers and exporters, have assigned to Benjamin Perkins. The total liabilities are put at half a million dollars. Mr. Arnold, counsel for assignee, said the cause of the failure was the Cuban war. The firm has been making large advances on the strength of consignments to be received. The condition in Cuba has prevented the shipping of sugar.

When persons are weak and languid from sickness or overwork, feel debilitated and depressed, it is an indication that the blood is out of order, and they need help to throw off the miserable feeling. The best remedy for this purpose is Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. It restores lost strength, gives vigor to circulation, promotes good appetite and a flow of cheerful spirits. Snipes-Kinersly Drug Co.

Miners' strike in Ohio.

COLUMBUS, O., Jan. 16.—A thousand miners employed by the Marris company struck today on account of trouble said to be local.
