RUSSIA AND TURKEY

An Alliance Offensive and Defensive Concluded.

TREATY SIGNED AND RATIFIED

PALL MALL GAZETTE'S COMMENTS

Turkey is not Russia's Vassal and Russia May Send Troops to Any Part of the Sultan's Dominions.

LONDON, Jan. 22.—A dispatch to the Pall Mall Gazette from Constantinople, dated yesterday, says an offensive and defensive alliance had been concluded between Russia and Turkey. The dispatch adds the treaty was signed at Constantinople and ratifications were exchanged at St. Petersburg between Aarej Fasha and the czar. The basis of the treaty is declared to be on the lines of the Unkiarskelessi agreement of 1833, by which Turkey agreed in the event of Russia going to war, to close the Dardanelles to the warships of all nations. The Pall Mall Gazette correspondent says this treaty was soon abandoned owing to the refusal of the powers to recognize it. He also says the French ambassador, M. Cambou, conferred with the sultan yesterday, and it is probable that France will be included in the new alliance.

Commenting on the dispatch from Constantinople announcing the signing of the treaty between Russia and Turkey for offensive and defensive purposes, the Pall Mall Gazette says:

"We regard the news as true, and the result of the treaty is the Dardanelles is the southern outpost of Russia, and Turkey is Russia's vassal. We presume the British government will protest against the treaty for all it is worth."

"The information is plainly of the very gravest importance. The first intimation reached us four days ago, but we withheld it until the arrival of the strong confirmation we received this morning. This brings Russia into the Mediterranean with a vengeance, and may necessitate strengthening our fleet in those waters. The political effect will be far greater. The treaty means that Turkey has realized her own impotence against disorders both from within and without, and has decided to throw herself for safety into the arms of Russia. She is now Russia's vassal, and Russia is entitled to dispatch troops to any part of the sultan's dominions."

Officials of the foreign office said they had no information regarding the statement telegraphed the Pall Mall Gazette from Constantinople.

GERMAN NAVAL CREDITS.

No Supplement Budget Such as William Desires, Can Be Voted.

New York, Jan. 23.—A dispatch to the Herald from Berlin says:

The German admiralty has obtained confidential replies from the leaders of political parties in the reichstag respecting further naval credits. All declare that no supplementary budget such as Emperor William desires can be voted.

Emperor William and Prince Leopold have become reconciled. It will be remembered that the emperor banished Prince Leopold to his country residence under arrest on January 5. The prince used sharp language when rebuked by the emperor for his alleged indifference toward his wife, a sister of the German empress.

STOCK MARKET DEPRESSED.

Queen's Ill-Health and Turko-Russian Alliance the Cause.

LONDON, Jan. 23.—A report that Queen Victoria was somewhat seriously indisposed, and the announcement that a treaty providing for an offensive and defensive alliance had been concluded be-

tween Russia and Turkey had a disturbing influence upon the stock exchange today. Consols receded 1-16 below their price yesterday.

The last bulletin from Osborne House announces the queen in good health, but overwhelmed with grief at the death of Prince Henry of Battenberg.

KRUGER'S REPLY.

He Says Americans Are in No Danger in the Transvaal.

SAN FRANCISCO, Jan. 23.—The Examiner has received the following telegram from President Kruger in reply to a message requesting information as to the states of the American mining men now imprisoned at Pretoria for alleged participation in the uprising of the Uitlanders:

"Everything is quite at present, the Americans are in no danger whatever. They enjoy the full protection of the law like any other foreigners; therefore there is no need of protection from the outside against any illegal or revolutionist movements. Even if such protection against revolutionists were necessary, which is not so, the Americans are capable of taking care of themselves. The government regrets deeply that, while almost all of the Americans took the side of law and order, a few of them have joined the revolutionary, so-called reform committee. These together with a majority, mostly British, will be tried according to law, and justice will be done to all concerned without respect to nationality."

Aground in the Clyde.

GLASGOW, Jan. 23.—The Allen state line steamer Grecian, Captain Moore, from New York, January 9, for Glasgow, ran aground in the river Clyde at high water, during a heavy fog, this morning. Two tugs have gone to her assistance.

Liberated on Parole.

NEW YORK, Jan. 23.—A special cable from Johannesburg, to a local paper says: All the Americans, except Hammond, have been liberated on parole in Pretoria.

Denied in Italy.

ROME, Jan. 23.—The government denies the story circulated by Figaro, of Paris, the Makalle has been captured by the Abyssinians.

Madagascar Belongs to France.

PARIS, Jan. 23.—It is announced today that by a treaty signed January 18, Madagascar is declared a French possession.

A. E. Kilpatrick, of Fillmore, Cal., had the misfortune to have his leg caught between a cart and a stone and badly bruised. Ordinarily he would have been laid up for two or three weeks, but says: "After using one bottle of Chamberlain's Pain Balm I began to feel better, and in three days was entirely well. The peculiar soothing qualities which Chamberlain's Pain Balm possesses I have never noticed in any other liniment. I take pleasure in recommending it." This liniment is also of great value for rheumatism and lameness. For sale by Blakeley & Houghton, Druggist.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

It's about as hard to break some people of bad habits as it is to break Malarial Fever when it once gets a firm hold upon one. Mr. C. Himrod, of Lancaster, Ohio, says, "Simmons Liver Regulator broke a case of Malarial Fever of three years, standing for me, and less than one bottle did the business. I shall use it when in need of any medicine, and I recommend it."

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farnville, Va., writes, "It fulfills all you promise for it."

There is a big demand for Wasco county warrants and there is no difficulty in selling them at par. A year or so ago they were selling at from 90 to 95 cents, but there is now plenty of money in town to take up the whole issue at par. If some of this capital could be used in establishing some manufactory—say woolen mill for instance—the benefit to the town and to the inventor would be far greater.
