## AID FOR THE CUBANS

### Another Expedition Bound for the Island.

#### SPANISH MINISTER PROTESTS

**What Campos Thought Would Prove Effective Against the Insurgents Failed to Stop Them—Gomez Only Feared.**

WASHINGTON, Jan. 27.—The Spanish minister has informed the state department that last Friday night the steamer B. W. Hawkins left New York with an expedition of 150 men, arms and ammunition, in command of Calixto Garcia, that the ammunition confiscated at Cedar Key, Fla., is ready to be embarked on a schooner to join the Garcia expedition at sea, and that the steamer Commodore, at Wilmington, N. C., in port, is in the conspiracy.

The secretary of the treasury telegraphed this statement to all collectors along the South Atlantic coast with instructions to consult the United States attorneys and take whatever action may be necessary to prevent any violation of international law.

#### "A WALL OF MEN."

**Means Adopted by Campos for Stopping the Insurgents.**

NEW YORK, Jan. 27.—A special to the World from Havana says:

The plan of campaign adopted by the commander-in-chief of the Spanish forces now in Cuba has been divulged by several officers of high rank, whose names must be kept secret.

General Campos established what became known as the "wall of men." He distributed a large number of Spanish troops in such a manner that they practically formed a solid line from coast to coast. His line began in the north, about five miles west of Havana, and extended south to the Bay of Matamoras. At the time this plan was adopted, Gomez had announced that he would take his command not only into Havana province, but he would walk into Pinar del Rio, and as far as he possibly could. Campos determined to prevent Gomez from carrying out his project. The wall of men was well to the westward of the railroad line between Havana and Batabano. Gomez and Maceo not only succeeded in crossing Campos' line, but recrossed it several times, and Gomez and Maceo separated west of it two weeks ago. Maceo remained in Pinar del Rio province, doing about as he pleased while Gomez invaded Havana province again, and one time camped within 15 miles of the capital of Cuba.

Reports were printed in the United States that Gomez was at the gates of Havana and that it was only a question of a few hours when he would enter the city. But Gomez had no intention of attacking this city. He openly declared that his only object is to tire out the Spanish troops.

A large number of armored cars have been ordered. At least 3000 armed troops will be kept constantly moving over the railroad.

Maceo and his command, the Spanish generals say, cannot escape. He is looked upon as an "easy mark." Many of his troops are believed to be wounded. If Maceo tries to go east he will run up against a new wall of men much stronger than he broke through some weeks ago. If he tries to escape west, the Spanish argue, he will have to march to sea, where his only chance to get away will be in boats.

The Spanish commanders fear only Gomez. Although he is nearly 68 years old, they recognize in him one of the ablest of fighting men, and an expert tactician.

**Judge Peckham's First Decision.**  
WASHINGTON, Jan. 27.—Justice Peck-

ham, the new member of the supreme court, delivered his first opinion today in a case involving the right of the government to condemn the real estate of the Gettysburg Electric Railway Company as a part of the National Park, located upon the Gettysburg battle ground. The court below decided that the act of congress authorizing the establishment of a park, as far as it applied to the condemnation of private property, was unconstitutional. Justice Peckham's decision reversed this ruling, sustaining the condemnation proceedings. The case is important, as it extends considerably the authority of the general government in the condemnation proceedings.

#### CHARGES DENIED.

**Ohio Legislator Says He Did Not Accept a Bribe.**

CINCINNATI, Jan. 27.—The Commercial Gazette has received the following card from Rev. James A. Spear, the member of the Ohio legislature accused of considering an offer to pay for securing a constituent an appointment in the service of the state:

"The charges against me are false. I did not receive one cent from the guard-ship. Was offered \$300 for it. This was all raised by disappointed candidates. The reports that I had some notion of resigning is true, but I am over my scare now. I am willing and anxious that an investigation shall be made by the general assembly."

As stated in these dispatches last night, the charges against Rev. James A. Spear were that he considered an offer of \$300 to secure the appointment of a constituent as a guard in the Ohio penitentiary. The fact is, Representative Spear did not secure that appointment.

#### Brown Has Eluded His Pursuers.

ROSEBURG, Or., Jan. 27.—News came tonight from Myrtle point that murderer Sam G. Brown has again eluded his pursuers. Friday night he stayed at a ranch near Gravel Ford, 25 miles east of Myrtle Point. He was much exhausted, but left early Saturday morning. Sheriff Gage, who was a short time behind him, tracked him to the east and north forks of the Coquille river. There he found where Brown had rolled a five-foot log into the river and evidently embarked. A log, supposed to be the same one, was found lodged a short distance below. There was no trace of Brown having landed, and he is believed to have been drowned. The water is very swift, and Brown may not have been strong enough to hold on. Another theory is that this is a ruse to mislead the officers. A short time will probably determine.

Andy Pool, who is held on the charge of assisting Brown to escape, waived examination and his bond was fixed at \$500.

#### Stopped by Insurgents.

HAVANA, Jan. 27.—The passenger trains which went from Havana to Guantamo, leaving the latter place at 4 p. m. for a return trip, was held up last night by the insurgents near San Antonio. The passengers were ordered to leave the train. When they had gone the rebels burned the cars and destroyed the engine. This train had no armored cars, because the company had none ready. Some are being constructed for passengers, and when they are finished they will be put on all trains. Then, it is believed, people may travel over the island in safety.

#### May Hang on Friday.

SALEM, Or., Jan. 27.—Attorney Newport, representing Lloyd Montgomery, the Linn county triple murderer, was in the city yesterday presenting the bill of exceptions to the judges of the supreme court, and asking for a certificate of probable cause there, so as to obtain a stay of proceedings. Should he fail there, he will apply to Governor Lord. Failing there, he will feel that he has done his duty, and the boy must hang.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.
