## NORTHERN PACIFIC

### Judge Jenkins is Given Entire Jurisdiction.

#### DECISION IN THE SUPREME COURT

Receivers Appointed by It Accepted for Some Time by All Interests—It is a Responsible Tribunal.

WASHINGTON, Jan. 28.—Justices Field, Harlan, Brewer and Brown, of the supreme court, today rendered a decision in the Northern Pacific receivership case, holding all courts along the line of road to be ancillary to Judge Jenkins' court at Milwaukee. The decision gives the Milwaukee court jurisdiction over the entire system in the matter of receiverships.

It was shown at this hearing that the creditors' bill and the foreclosure proceedings of 1893 had been filed in the circuit court for the eastern district of Wisconsin, over which Judge Jenkins presides. It was also shown that this court appointed receivers for the entire system who were for a time recognized. Afterwards, however, the circuit court for other districts appointed receivers for portions of the road embraced within their respective jurisdictions, and such confusion and antagonism arose that it was feared the interests of the road would be seriously jeopardized. An exception was taken to the jurisdiction of the Milwaukee court on the ground that the Northern Pacific had no road except a leased line within the limits of the eastern district of Wisconsin. This was substantially the only objection made to its recognition, and it was estimated that a large majority of interests involved would be satisfied with the designation of the Milwaukee court as a responsible tribunal, and one by which the receiver or receivers for the entire line should be designated.

#### COLOMBIA'S NEW WARSHIP.

It is to be Taken in Colombian Waters at Once.

New York, Jan. 28.—A dispatch to the Herald from Panama says: General Jose Maria Sarría, accompanied by Augustin Arrango, jr., has left for New York for the purpose, it is said, of bringing to these waters the warship built in the United States for the Colombian government. It is said to be the intention of the government to use the warship as a cruiser off the Atlantic coast.

General Manuel Casabianca, who arrived at Barranquilla with 600 men from Bogota during the recent war scare, has reached this city on an official visit. General Casabianca was recently appointed governor of the district of Toloma.

#### FARMERS' INSTITUTE.

Opening Day at Union—Papers Read at the Meetings.

UNION, Or., Jan. 28.—A farmers' institute was opened in Union last night. The meetings are under the direction of a number of professors of the state agricultural college. The address of welcome was delivered by W. T. Wright, followed by addresses by Professor Shaw and French, of Corvallis, and a paper by Miss Etta Lansdon, of the Union school. Professor French spoke on "Wheat as a stock food." This afternoon Professor Shaw delivered an address upon "Alkali Soils, Their Cause and Treatment," and Professor Cordey, of Corvallis, upon "The Uses of Spray Compounds." A paper on "The Jersey Cow" was read by W. T. Wright. The leading features of tonight's session were an address on "Education From an Industrial Standpoint" and a lecture by State Superintendent Irwin.

#### IN GALLOW'S SHADOW.

Montgomery's Last Chance Now Seems To Be Gone.

SALEM, Or., Jan. 28.—It is now settled that in Lloyd Montgomery's case the gallows will not be cheated through legal process, nor, it is probable, through executive clemency. The condemned man's attorney, N. M. Newport, made a statement to the supreme court today, upon which that tribunal was asked to grant a stay of execution. The counsel was told that on a presentation of the transcript, showing on its face reasonable grounds, such a request might be granted. Being familiar with the case, Mr. Newport concluded it would be useless to make a formal application. The counsel made a plea before the governor for executive clemency, asking a commutation of the death sentence to life imprisonment. The governor declined to talk after the hearing, but attorney Newport stated before leaving Salem tonight that all resources had been exhausted and, so far as counsel was concerned, Montgomery would have to hang.

#### Tribunal of Arbitration.

LONDON, Jan. 28.—The text of a declaration is published here urging the establishment of a permanent tribunal of arbitration for all English-speaking nations, and suggesting that the governments give effect to the resolutions of congress in 1892, and the house of commons in 1893. The declaration is signed by Dean Farrar, Rev. Hugh Price Hughes, Rev. Thomas Bowman Stephenson, Rev. John Clifford, Rev. Dr. Brown, Rev. Oswald Dykes Newman, Rabbi Adler, Lady Henry Somerset, Mrs. Richards, Dr. Darby, William Randall Cramer, M. P., and William T. Stead. The declaration will be sent throughout Great Britain and the United States for signatures.

#### The Report Denied.

New York, Jan. 28.—A dispatch to the Herald from Caracas, Venezuela, says:

The agents of the railroad built by German capitalists say that no abrupt demand has been made by their government in their behalf. They add that the affair has been pending for several months, and that daily conferences have been held with officials of the Venezuelan administration. All business was acquiesced in by the German agents in the hope that the matter would be promptly settled.

#### German Money Offered.

GUATEMALA, Jan. 28.—President Barrios and the secretary of finance are studying a proposition submitted by a special agent of a Hamburg banking house to lend to the Guatemalan government the \$5,000,000 needed for improvements in the port of San Jose.

#### It May Do as Much for You.

Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. #### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medical properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggists.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

A. E. Kilpatrick, of Fillmore, Cal., had the misfortune to have his leg caught between a cart and a stone and badly bruised. Ordinarily he would have been laid up for two or three weeks, but says: "After using one bottle of Chamberlain's Pain Balm I began to feel better, and in three days was entirely well. The peculiar soothing qualities which Chamberlain's Pain Balm possesses I have never noticed in any other liniment. I take pleasure in recommending it." This liniment is also of great value for rheumatism and lame back. For sale by Blakeley & Houghton, Druggist.
