THE HOOD RIVER LEASE.

A gentleman, well acquainted with the people of Hood River, once chanced to drop into court here while a jury trial was in progress. Observing the jury a moment, he remarked to one of the attorneys that that jury would never agree, no matter what the evidence or nature of the case might be. Being asked his reasons, he replied that two men on the jury were from Hood River, and no two men from that community were ever known to agree on any subject. This is well illustrated by the way the people down there are "chewing the rag" over the recent lease of the river to the Hood River Lumbering Co. Two or three corporations have heretofore been organized for the avowed purpose of improving the river so as to make it fit to transport the timber of the valley to market, but none have ever attempted the work because it required too much capital to make that turbulent stream a highway for floating logs. Now that a company is actually threatening to do what will be of greater benefit to that turbulent little town than any enterprise ever before started there, there is wild excitement and abuse of the county court for entering into the contract of lease. By the way, the whole scheme was warmly supported and heartily approved by the Hood River end of the county court.

We would suggest that Hood River let the people who have the courage to spend money in their community in improving their stream alone. At least \$20,000 or \$30,000 will be required to make the proposed improvement, and that amount of money turned loose, even in that rich community, will help everybody out a little.

SENATOR COGSWELL.

State Senator Cogswell has done what a great many men in the Democratic party ought to do, viz, visit Washington and hear the great men of his party discuss the tariff question. He discovered, what almost any Oregonian of intelligence would discover, that the Democratic idea of tariff and revenue legislation is so mixed as to be worse than useless, for our state at least, and that the Republican party is the only party which is united upon sound principles as to finance and revenue.

If the state was not so overwhelmingly Republican it might be worth while to pay the expenses of all the brainy men in the Democratic party to Washington and let them hear their leaders in congress talk. More converts could thus be made than by a campaign of the state by Republican speakers.

We suggest to the Republican campaign committees that they hire a hotel in Washington and entertain the Democrats of the state during the remainder of the session of congress.

The prize-fighters have been driven from pillar to post, and now they have fallen into the tender hands of the federal authorities. Uncle Sam never does a thing by halves, and the result will be that either there will be no fight in any of the territories, or, if the fighters avoid the marshals and maul each other, they will be far worse punished for the violation of the law. The tramps had their own way in nearly all the states until the U. S. government took the matter in hand, and then they had to keep off the grass and leave railroad trains alone. Debs and his fellow-strikers ran riot in Chicago until the federal troops appeared, and then the violators of the law and all who advised, aided or abetted them, were punished. Prize-fighting has been stopped in all states, even in Texas, and they will find it a bigger task to knock out Uncle Sam than any task they have heretofore tackled. The world is improving in many ways, the liberties of the violators of the law are being restricted everywhere.

The report of the receiver of the Portland Savings Bank, published in yesterday's Oregonian, indicates what many predicted when the bank was closed—that the assets would gradually be exhausted in payment of receiver's and other salaries. Among the expenses during the three months from November 1st to January 31st, is \$2,444.23, legal expenses; \$1323.05, receiver's expenses; \$1805.61, expenses of operating building. This looks to one on the out-

side, who has some hard-earned funds in the inside, as if the operation of the bank was now for the sole purpose of using up all the deposits and assets to save the trouble of paying a dividend. The court which appointed the receiver ought to see to it that something is done for the depositors.

The people of Oregon, especially in some of the cities, complain bitterly of high taxes. As compared with the state of Washington, however, we are very fortunate. In many of the cities of the size of The Dalles the indebtedness has grown to the neighborhood of \$100,000 and the tax rate to four or five mills. Oregon has advanced more slowly than our sister state in many respects, particularly as to indebtedness. We hope we shall always be behind in this particular.

GOLDEN MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., compounded this medicine of vegetable ingredients which had an especial effect upon the stomach and liver, rousing the organs to healthful activity as well as purifying and enriching the blood. By such means the stomach and the nerves are supplied with pure blood; they will not do duty without it any more than a locomotive can run without coal. You can not get a lasting cure of Dyspepsia, or Indigestion, by taking artificially digested foods or pepsin—the stomach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Biliousness and Nervous Affections, such as sleeplessness and weak, nervous feelings are completely cured by the "Discovery." It puts on healthy flesh, brings refreshing sleep and invigorates the whole system.

Mrs. K. HENKE, of No. 866 North Halsted St., Chicago, Ill., writes: "I regard my improvement as simply wonderful. Since taking Dr. Pierce's Golden Medical Discovery in connection with his 'Pleasant Pellets' I have gained in every respect, particularly in health and strength. My liver was dreadfully enlarged and I suffered greatly from dyspepsia. No physician could give relief.

Now, after two months I am entirely relieved of my disease. My appetite is excellent; food well digested; bowels regular and sleep much improved."

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

For Sale or Trade.
 Three second-hand wagons; one thoroughbred Jersey bull; one seven-eight Percheron stallion. At
