WORK OF JUDGE LYNCH

A Murderer Hanged by an Illinois Mob.

A LATE PHOTOGRAPHIC DISCOVERY

How it is Used in Surgery—A Practi-cal Test—At the Carnegie

SULLIVAN, Ill., Feb. 12.—Grant Atter-bury, the murderer, was taken from the jail here at 12:45 this morning, dragged to the courthouse in his nightshirt, and hanged to a tree.

Under the tree to which he was hanged Atterbury began to realize more fully that he was to die. He pleaded piteously, protesting his innocence, say-ing:

"Thank God, you are hanging an inno-cent man."

The mob was wild and restless until the man was strung up, when they im-mediately dispersed. The gang was well organized and masked with white hand-kerchief or pieces of white cloth and all were heavily armed.

The evidence against Atterbury was very strong. The morning after the crime was committed bloodhounds were brought to the scene, and three different dogs went directly to the house of Atter-bury. Another party was suspected, but he has not yet been found. Atter-bury was a brother-in-law of Mrs. Roxy Atterbury, and it is thought that he committed the crime for the purpose of revenge, Mrs. Atterbury having given some very damaging testimony against him when he was on trial, together with her husband, for the murder of their father a little more than a year ago.

OF USE IN SURGERY.

Practicability of Prof. Roentgen's Dis-covery Shown.

CHICAGO, Feb. 12.—Cathode rays were

brought to use for the first time today in a surgical operation. Casper Schmidt, who had been shot in the hand several years ago, offered himself as a subject to Dr. James E. Barry and Electrician Charles E. Scribner, who have been conducting a series of experiments at the laboratory of the Western Electric Company. The bullet in the hand was small. The in-jured hand was exposed to the cathode rays for about an hour. The plate dis-closed an excellent likeness. Schmidt suffered but little pain.

AT THE CARNEGIE WORKS.

New Process of Photography to Be Tested There.

WASHINGTON, Feb. 12.—A possible use of the new process of photography by involving the application of cathode rays in determining the existence of secret flaws in metals is now about to be tested thoroughly at the Carnegie works, where a large amount of Balaval construction is under way. The proper apparatus has been secured and experts there are now at work to demonstrate whether or not the new rays will penetrate the bodies of metal. If this can be done the importance of the process from an in-dustrial standpoint can scarcely be over-estimated. It will be possible to secure an exact knowledge of the nature of the metal of great guns without running the risk of explosion; defects in the shafts of ocean steamers can be discovered be-fore the shafts break and thereby cause less loss of life and property, and steel castings used for structural purposes can be accurately tested before being put in place.

REV. MARY E. LEASE.

The Populist Leader Changes Her Pro-fession.

WICHITA, Feb. 12.—Next Sunday morning Mrs. Mary Lease will make her debut as a minister of the gospel, and henceforth her literary prefix will be reverend instead of colonel. Her recent sickness was the immediate cause of her mind taking a divine turn. She prom-ised the Master that if she got well she would consecrate her life to him and she is keeping her promise.

NEWS OF THE WORLD.

At Aurora yesterday wheat was quot-ed at 60 cents.

It has been determined that Senator Quay's name shall be presented to the republican national convention at St. Louis for the presidency. This deter-mination was raised yesterday at a con-ference of friends of Quay.

Rev. J. H. Hunyent, a Baptist min-ister, has been arrested at Morrilltown, Ark., charged with infanticide. His housekeeper's 1-year-old baby cried while he was preparing a sermon, and the preacher became enraged at the an-noyance and choked the child to death.

A dispatch from Topeka, Kan., says: An organization of ex-slaves has been effected here by fifty colored men for the purpose of making a demand on congress for pensions. It is the purpose to make it of national scope. Of those in the meeting fully one-third had felt the lash. The aged, the lame and the blind were happy in the belief that all they will have to do is to write to congress to get national relief for their distress. There are possibly 1,500 ex-slaves here.

GOOD FOR EVERYBODY

Almost everybody takes some laxative medicine to cleanse the system and keep the blood pure. Those who take SIMMONS LIVER REGULATOR (liquid or powder) get all the benefits of a mild and pleasant laxative and tonic that purifies the blood and strengthens the whole system. And more than this: SIMMONS LIVER REGULATOR regulates the Liver, keeps it active and healthy, and when the Liver is in good condition you find yourself free from Malaria, Biliousness, Indigestion, Sick-Headache and Constipation, and rid of that worn out and debilitated feeling. These are all caused by a sluggish Liver. Good digestion and freedom from stomach troubles will only be had when the liver is properly at work. If troubled with any of these complaints, try SIMMONS LIVER REGULATOR. The King of Liver Medi-cines, and Better than Pills.
