

LOSS OF VOICE After Acute Bronchitis CURED BY USING AYER'S Cherry Pectoral **A PREACHER'S EXPERIENCE.**

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

Oh! Horror! Dolph is there. The same old "ice" that the "thirty highwaymen" melted in 1894 to the beating of Populist tom toms and uproarious music from Jonathan Bourne's free silver cornet band. And the same old "ring" that "we give the most beautiful thrashing it ever received in Oregon." All there. But Coon is not there, and the "thirty highwaymen" are also conspicuous by their absence, and the righteous soul of the Hood River statesman trembles for the ark of God! But as the primal digits ("thumbs up") of the "Portland ring-master," in the vision of Coon, point vertical toward the gilded dome of the capitol, the voice of the Hood River statesman, solitary, thundering, pierces the murky shadow—To arms! "The war is already begun. Are we cattie or are we men?" Nay, Brother Coon, speak for thyself. Men are generous, and cattle, at least, negatively so. Neither will conspire in secret Star Chamber of "Professional American Citizens" to stab men in the dark! What then art thou? As for us, some of us, at least, are men who believe that promises are not like dicers oaths, made only to be broken, and that when the heads of our representatives become so abnormally swollen that they willfully scorn the behests of their constituents, it is time to sequester them in perpetuity to their primeval strawberry patch. For the rest, an infinitely worse calamity might befall the commonwealth than the election of Dolph. The nation would, in that event, have one "highwayman" less in the national senate—no trifling consideration at this particular juncture—the republican party an able exponent and unflinching advocate of its best thoughts and principles, and the state a representative whom it has already weighed in the balance of experience and has not found wanting.

Whist Club Frivolities.
The whist club passed one of the most pleasant evenings of the whole year at Fraternity hall last evening, the hosts being Mr. and Mrs. W. H. Wilson, Mrs. Hudson and Mrs. Bradshaw tied for ladies' first prize and the fortunes of war in the friendly contest for its possession, inclined finally to Mrs. Hudson. Mr. L. E. Crowe won the gentlemen's first prize, and Mr. W. Lord the "booby." The card playing was followed down stairs by an excellent banquet and succeeded by a dance.

An Hour With Mother Goose.

On Monday evening of next week an entertainment will be given in Fraternity hall by the Juveniles of the I. W. Good Templars lodge. A great deal of time has been devoted to this entertainment by the superintendent and children, and is more than worth the price of admission. A cordial invitation is extended to all people, old and young, who wish to encourage children to take an early stand for temperance. Price of admission, 10 cents.

THE ONWARD MARCH

of Consumption is stopped short by Dr. Pierce's Golden Medical Discovery. If you haven't waited beyond reason, there's a complete recovery and cure. Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 98 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness. Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain. The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience. Address: WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.
