LET EVERY REPUBLICAN TAKE A HAND.

The meeting of the Republican central committee will be held next Saturday, at which time the date will be chosen for the county convention and the call for the primaries issued. With this action of the central committee the political campaign actively opens. The convention will probably be held the last week in March or the first one in April, as the meeting of the state convention, April 9th, precludes a later date being chosen.

The time is ripe for the Republicans of Wasco county to be up and stirring, making every endeavor that the men chosen at the primaries shall be representative Republicans, who will go into the convention carrying with them a deep concern for the welfare of the party, and not bound to any clique or faction, which will feed the flames of party dissension. The Republican party in Wasco county was never in better favor with the people than it is today, at the entrance into a campaign which, it can be said, will continue until the great November election. The men who two years ago were elected to fill the county offices, have brought no discredit upon themselves or upon the party, and whether they be chosen again or new candidates nominated, no apologies need be made for the county management since the last election.

At the primaries the battle will be fought, and the entrance of the senatorial fight into the situation will make the contest a very sharp one. Upon the men selected at the primaries depends the future of the party during the coming campaign. The almost certain victory to which the Republicans look forward may cause a lukewarm feeling and carelessness upon the part of the voters in the organization which might result in a serious handicap later on. At the primaries the people are given an opportunity to make an expression of their choice. The delegates selected should be men who will guard well the trust committed to them and start the party on a victorious march. Every Republican should participate in the choice of delegates to the county convention in order that the best representatives may be chosen. A healthy interest shown in the party before the nominating convention is a good guaranty that its future course will be a satisfactory one.

With the subsidence of war talk, the dropping of Durrant into obscurity and the refusal of Chaucey Dewey to be interviewed, enterprising newspapers have been forced to go to the Arctic circle in order to feed a curious public. No fisher tale was ever sprung upon an unoffending people than the two reports, coming from points as widely separated as the Missouri river and the Pacific ocean, that Nansen had found the pole and was bringing it back with him. The public will stand a vast amount of humbuggery and relish it, as the late Mr. Barnum was wont to declare, but there are instances when newspaper enterprise can be carried too far, and the Nansen incident is one of them.

There is merit in Fitzsimmons' query to Governor Ahumada when, after watching the disemboweling of three or four horses in a bull fight, he asked him if fighting with gloves were anywhere near as brutal as what he had just witnessed. Without wishing to disparage the Mexican authorities in their laudable attempt to thwart the wishes of the sluggers, we cannot help thinking their inconsistencies are certainly ingenious. Bad as a slugging match may be, it is nothing in comparison with the popular diversion of a bull fight, neither in its brutality nor demoralizing effects. The Mexicans are straining at a gnat and swallowing a camel.

What The Dalles needs is the introduction of outside capital to bring out resources now dormant. In commercial lines we are fully developed, but are in want of the stimulus given by manufacturing. Nowhere can better opportunities for the establishment of almost any kind of industry be offered than at The Dalles. An article upon this phase of the city's needs in last evening's Mountaineer meets with our full approbation. When it comes to working for the advancement of our city, the two local papers will work as a unit.

The Salem hog must give way to the Russian bear. Not content with monopolizing things in Turkey, the czar

has made a coup d'etat and marched 200 marines to Seoul, Corea. The king is under the protection of the Russian legation. Were it not that his services will be needed in the coming Mitchell-Dolph senatorial fight, it might be well for Judge Denny to resume his position as confidential adviser to the Korean king, and try and straighten things out a little.

Pendleton has developed a great capacity of acquisition. She has just been chosen as the place for holding the annual tournament of the Eastern Oregon and Washington Firemen's Association, which takes place next June; and is threatening to win from Walla Walla a meat packing and cold storage establishment, which was contemplated being started there. In many ways Pendleton is a good example for other cities to follow.

The agitation which is being carried on for a reduction in letter postage cannot be expected to bear fruit till after March 4, 1897. There are already enough deficits in the Democratic administration without another being caused in the postoffice department. With the enactment of a tariff measure that will revive the business of the country, and at the same time provide a sufficient revenue for the nation's needs, one cent postage may find realization.

But little over a year remains till the Democratic administration goes out of power. It is to be hoped enough bonds have been sold to tide them over this period.

THE BEST SPRING MEDICINE

Is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
