

THE BEST FAMILY MEDICINE

She Has Ever Known. Words of Praise from a New York Lady for **AYER'S PILLS**

"I would like to add my testimony to that of others who have used Ayer's Pills, and to say that I have taken them for many years, and always derived the best results from their use. For stomach and liver troubles, and for the cure of headache caused by these derangements, Ayer's Pills cannot be equaled."

When my friends ask me what is the best remedy for disorders of the stomach, liver, or bowels, my invariable answer is, Ayer's Pills. Taken in season, they will break up a cold, prevent la grippe, check fever, and regulate the digestive organs. They are easy to take, and are, indeed, the best all-round family medicine I have ever known."—Mrs. MARY JOHNSON, 368 Rider Avenue, New York City.

PULPITS AND PEWS.

CONGREGATIONAL CHURCH.

"Pure Religion" was the theme upon which Rev. W. C. Curtis spoke at the Congregational church yesterday, both morning and evening. From the conclusion of the text that pure religion and undefiled is to visit the widow and fatherless in their affliction and to keep one's self unspotted from the world, the speaker gave an exposition of what practical religion should be. Just as the farmer judges of his land by the crops it returns, so is the Christian to judge of his religion by the results it obtains. Not only should a person practice benevolence, but with it should be given the human sympathy, without which benevolence fails of its chief good. The evening sermon was a continuation of the morning discourse. The singing by the choir was very fine.

M. E. CHURCH.

The morning theme of Rev. R. C. Motor, who filled the Methodist pulpit, both morning and evening, was "Christian Unity," the text being from John xvii: 21, That they all may be one. The words are taken from the prayer of the Savior just before his death on the cross. In his great desire that there should be a unity of purpose among the people of the earth. In this unity or oneness, is found man's highest happiness and greatest good, Christianity's chief credential and God's glory upon the earth. This oneness is in character, consisting in singleness of purpose, purity of motive, and uniformity of disposition, hence is consistent with diversities of opinion, personal peculiarities, various methods of operation and the existence of different denominations. Religious people may observe different forms of service, yet be far from Christian unity. The glory of the Christian religion is that it makes men's hearts right, bringing them into harmony with each other and meeting them in the strongest bonds of fellowship. The unifying influence of Christianity on the nations is seen in the growing tendency to amicably adjust all differences, avoiding the destruction of life and human interests by war. The prayer of the text will find its perfect fulfillment in the world to come. The evening sermon was on the unpardonable sin. The prevalent estimate of this sin in the minds of many is that it consists in the commission of some specific crime, but in the opinion of Mr. Motor the unpardonable sin is not that of a moment, nor a day, nor a year, but consists in the gradual training of the mind to reject God's word so that finally holy things seem to be abhorrent and even hateful. The murderers of Christ, the greatest specific crime of history, did not even commit the unpardonable sin, for they were prayed for by Christ himself and forgiven.

CHRISTIAN CHURCH.

The evening sermon at the Christian church was a continuation of the interesting series on Revelations, which has filled that church to overflowing every Sunday evening. Rev. Hazel progressed

last night up to the dark ages, beginning about 420 A. D. The symbolical meaning of the seven angels with trumpets—the four having control of the four winds and the three woe angels, was explained as to the first four, by four invasions upon the city of Rome, which ended in the complete destruction of paganism. The historic meaning of the fifth angel—the first woe angel—and the continuation of the subject will be taken up next Sunday evening, which is the beginning of the veiled dark ages. We are indebted principally to the Moors for what meager history we have of this interesting period, ending about the fifteenth century. Mr. Hazel claims that the book of Revelations lies almost wholly in the past—that is that nearly all the prophecies of that book have been fulfilled.

Guthrie was kicked by a horse yesterday and wears crutches today in consequence. He took the afternoon train for Portland. G. F. Gunther of Moro, Sherman Co., was in the city today and reports the farmers all busy putting in their crops. The fall grain is growing finely and stock doing well. The farmers are happy in the prospects of a large crop.

A Bank Failure.

AN INVESTIGATION DEMANDED.

A general banking business is done by the human system, because the blood deposits in its vaults whatever wealth we may gain from day to day. This wealth is laid up against "a rainy day" as a reserve fund—we're in a condition of healthy prosperity if we have laid away sufficient capital to draw upon in the hour of our greatest need. There is danger in getting thin, because it's a sign of letting down in health. To gain in blood is nearly always to gain in wholesome flesh. The odds are in favor of the germs of consumption, grip, or pneumonia, if our liver be inactive and our blood impure, or if our flesh be reduced below a healthy standard. What is required is an increase in our *germ-fighting strength*. Dr. Pierce's Golden Medical Discovery enriches the blood and makes it wholesome, stops the waste of tissue and at the same time builds up the strength. A medicine which will rid the blood of its poisons, cleanse and invigorate the great organs of the body, vitalize the system, thrill the whole being with new energy and make permanent work of it, is surely a remedy of great value. But when we make a positive statement that 98 per cent. of all cases of consumption can, if taken in the early stages of the disease, be cured with the "Discovery," it seems like a bold assertion. All Dr. Pierce asks is that you make a thorough investigation and satisfy yourself of the truth of his assertion. By sending to the World's Dispensary Medical Association, Buffalo, N. Y., you can get a free book with the names, addresses and photographs of a large number of those cured of throat, bronchial and lung diseases, as well as of skin and scrofulous affections by the "Golden Medical Discovery." They also publish a book of 150 pages, being a medical treatise on consumption, bronchitis, asthma, catarrh, which will be mailed on receipt of address and six cents in stamps.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.
