

## A SPECIFIC —FOR— La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkton, Md.

### Public School Attendance.

From Principal Gavin we learn that the quarter term (5 weeks) ending Friday of last week has the highest enrollment and average daily attendance ever recorded in the history of The Dalles public schools. In November last all previous records were broken and it was thought that the highest mark for the school year had been reached. The attendance of December and January confirmed that belief by falling short 10 in average daily attendance in comparison with the previous school quarter. However, the first quarter of the spring term shows a greater number enrolled and in attendance than during November. The exact figures are as follows:

	No enr'd dur'g qtr	Average belonging	Average attendance
Nov.	662	626	606
Dec. & Jan.	575	623	596
Feb.	689	643	618

### No High Water This Year.

A high water the present season like that of 1894 would undoubtedly destroy the locks at the Cascades. Nothing that could be done would save them. It is somewhat consoling therefore to observe the opinion of the Oregonian that the prospects are unfavorable for a big "June rise" in the Columbia this year. From all reports there is but little snow in any of the mountains about the several sources of the river. This is not favorable for fishermen at the dalles and cascades. In order for the wheels to be successful, it is necessary to have a good height of water. Fishermen who have been up the river, looking over the situation, imagine that the wheels at the cascades and dalles will not do any better this year than they did last, which was a poor season for them, on account of the low water. The traps and seines and gillnets are so numerous during the season in the lower part of the river that it is a wonder that any salmon ever get up to the cascades or into the Clackamas. The only chance for the fish reaching the spawning grounds will be afforded during the close season, which begins March 1st, and ends April 10th. If the fishermen can be made to keep these nets out of the rivers during this period, some fish may get up beyond their reach before it is over.

### AMUSING TRICK.

With Which to Entertain at Little Expense.  
A neat trick, affording considerable amusement at little expense, can be produced by causing a candle to burn while almost immersed in a tumbler of water. The experiment is as follows: Insert a nail—not too heavy—in the lower end of a short candle to order to make that end heavier, and place the whole in a glass containing enough water to reach the upper end of the candle without wetting the wick. At first thought nothing seems stranger than to expect a candle to be entirely consumed in such a situation; but it is simple enough. As the candle burns it grows lighter and lighter, and rises gradually as it diminishes in length, so that the lighted end always remains above the surface of the water. Moreover, the outside of the candle, being cooled, will melt much more slowly than usual, and the flame will make a little hollow in the center. This hollow place also helps in making the candle float, and preserves the wick from contact with the water. Thus the candle will continue to burn in its strange candlestick until the wick is entirely consumed.

### Provocation for a Lawsuit.

There is a story told of a very eminent lawyer now no longer with us, who once, while endeavoring to dissuade a friend from going to law, was asked what he would himself consider sufficient ground for resorting to litigation. "My dear fellow," he replied, "I do not say that under no conceivable circumstances would I take proceedings against anyone, but I do say that if this moment you deliberately upset my ink on the table, chucked my wife out of the window, threw that volume of reports at the bust of Dickens, 'made hay' with my furniture and finally tweaked my nose, I should, no doubt, use my best endeavors to kick you downstairs; but once rid of you, either by force or persuasion, no power on earth should induce me to bring an action against you."

### WOMEN'S FACES

—like flowers, fade and wither with time; the bloom of the rose is only known to the healthy woman's cheeks. The nervous strain caused by the ailments and pains peculiar to the sex, and the labor and worry of rearing a family, can often be traced by the lines in the woman's face. Dull eyes, the sallow or wrinkled face and those "feelings of weakness" have their rise in the derangements and irregularities peculiar to women. The functional derangements, painful disorders, and chronic weaknesses of women, can be cured with Dr. Pierce's Favorite Prescription. For the young girl just entering womanhood, for the mother and those about to become mothers, and later in "the change of life," the "Prescription" is just what they need; it aids nature in preparing the system for the change. It's a medicine prescribed for thirty years, in the diseases of women, by Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription will cure the chronic inflammation of the lining membranes which cause such exhausting drains upon the system. It cures nervous prostration, sleeplessness, faintness, nervous debility and all disorders arising from derangement of the female organs and functions.

Mrs. JENNIE WILLIAMS, of Mohawk, Lane Co., Oregon, writes: "I was sick for over three years with blind dizzy spells, palpitation of the heart, pain in the back and head, and at times would have such a weak tired feeling when I first got up in the morning, and at times nervous chills. The physicians differed as to what my disease was, but none of them did me any good. As soon as I commenced taking Dr. Pierce's Favorite Prescription I began to get better; could sleep well nights, and that bad, nervous feeling and pain in my back soon left me. I can walk several miles without getting tired. I took in all three bottles of 'Prescription' and two of 'Discovery.'"

Mrs. WILLIAMS.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

You hear it almost everywhere, and read it in the newspapers, that Simmons Liver Regulator is the best liver remedy, and the best Spring medicine, and the best blood medicine. It is the only medicine of any consequence that is so. It is Simmons Liver Regulator. So wrote Mr. R. A. Cobb, of Morgantown, N. C. And W. F. Park, M. D., of Tracy City, Tenn, writes: "Simmons Liver Regulator is the best."

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.
