ENGLAND'S DISGRACE.

It is, perhaps, a mere rumor that Mr. Gladstone will seek an opportunity to re-enter parliament—not as a party representative, but simply because of the persecuted Armenians—but it may well be that it is his desire to lead a movement for the relief and protection of those who are suffering martyrdom. There is, most surely, a vacancy waiting to be filled in that situation, and we can easily conceive the disquiet and indignation with which he will regard the refuge of lies which the present premier of the English government is setting forth as his trust and hope. Lord Salisbury pretends to give credit to the sultan for his promises to reform, and then, when he does not carry them out says he never pledged England to fight the sultan, "if he did not govern well." But the truth is that under the treaty of Berlin, England did become absolutely responsible to the world to see to it:

First, That Russia did not occupy Turkey, and second, that Turkey did not oppress the Armenian Christians; and England has received her pay in Cyprus. Lord Salisbury says that time must be given to the sultan to enforce the reforms he has promised. It is an insult to the intelligence of the world, savage or civilized, to talk thus. Time to enforce the reform of stopping the horrors the report of which no one has the nerve to read in full! To say, as was said recently by a gentleman within our hearing, that the Armenian Christians are only comparable with Warm Spring Indian Christians, is not to touch the question at all. It is not true. We do not need to go to Armenia to find that out; but it has nothing to do with the question if it were true. Those who have visited the Armenian colony in Fresno, or have met any of the many representatives of that race who are seeking the means of higher education in American school or college, know that this comparison is wholly misleading. But it has nothing whatever to do with the question. A Warm Spring Indian, even without the measure of civilization to which he may have attained, is entitled to absolute protection of life and property by his suzerain government.

As we said six months ago, we repeat: "Oh! for an hour of Cromwell."

The adding of Quay to the list of candidates for the Republican nomination, makes it time for someone to move that the nominations be closed. Boss Platt may be proposed next or Joe Simon. While no one takes Quay's candidacy seriously the mention of his name in connection with the presidency is a travesty upon that high office. Politics, as now conducted, makes bosses a necessary evil, but men like Quay and Platt should be taught to keep within proper limitations.

Ex-Consul Waller will be released by the French government, and the United States agrees to ask no indemnity in his behalf. Our government is convinced from the study of the evidence, so far as it has been furnished, that Waller was justly convicted, and Secretary Olney says his offense was "willful and culpable." It is not at all in his favor that he had previously been convicted, as now is learned, by a consular court, of

very serious offenses. Waller may well be grateful that he gets off as well as he does.

The closing of the abattoir at Linnton is another slap at the horse. Living or dead, in cans or packages of fertilizer, he is without a place in the estimation of man. There seems nothing to do but for the horse to retire from business and consider his usefulness over.

FRUIT AS A MEDICINE.

More Virtue in a Basket of Berries Than in a Whole Drug Store.

Very few people are aware of the medicinal qualities of grapes; but these they possess. The pulp is nutritious, and the juice contains sugar, tannic acid, bitartrate of potassium, tartrate of calcium, common salt and sulphate of potassium. Without doubt, says Scientific American, the woman who cultivates the habit of eating a great deal of fruit is the gainer of health and appearance. The grapefruit, or shaddock, so called from its discoverer, Lieut. Shaddock, or, to mention its soft Chinese name, pomelo, is highly prized by those who live in malarial localities. It is a charming rival to quinine and boneset, and is driving them from the field. She who cuts her grapefruit with a spoon from the natural cup, or relishes it served as a salad, may gladden her heart with the reflection that she is not only pleasing her palate, but benefiting her health. Like oranges and lemons, the grapefruit has great medicinal virtues. If you are of a bilious temperament eat grapefruit; if fever threatens, eat grapefruit, but in this latter case do so only at the advice of a physician, as there may be certain tendencies which the grapefruit would only aggravate. The complaint is often made that the fruit is extremely bitter and unpleasant. It is only the white inner rind which is so, and this should be carefully removed.

THE COMING FAD.

A Well-Known Woman Thinks Her Sex Will Drive.

Mrs. John Stetson, of Boston, thinks that driving will be the chief amusement of the coming woman. She believes that the new woman, as well as the old-fashioned woman, can find few things in her life more enjoyable than a spin behind a good horse or team, and that, if she holds the reins herself, she will quickly learn that it adds immeasurably to her pleasure.

The exhilarating effect of the swift action, the bracing air filling the lungs and sending the blood dancing through the veins, the trout-like pull on the lines that communicates to the reinswoman something of the spirit of her horses, the absorbing interest felt in overcoming the little difficulties of the road, in negotiating abrupt turns and in meeting and passing other vehicles—well, there's nothing like it, according to this enthusiastic horsewoman, and if it is an "old woman" who started on the drive she will come home a "new woman" physically.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples, that prove the wonderful efficacy of this medicine in Coughs and colds. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from Poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in A1 condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

FOR SALE BY BLAKELEY & HOUGHTON.

It May Do as Much for You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began to use Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00. At Blakeley & Houghton's Drug Store.

The exposure to all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds, which, if not promptly checked, result in congestion or pneumonia. Mr. J. O. Davenport, ex-manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by Blakeley & Houghton, Druggist.

In a recent editorial the Sales, Or., Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by Blakeley & Houghton, Druggist.
