IN SPAIN AND ENGLAND

Reception of Cuban Resolutions in those Countries.

PAPERS OF MADRID VERY WRATHY

English Organs Afraid to Advocate Home Rule for Fear of Reawakening the Agitation of Ireland.

LONDON, Feb. 29.—The newspapers of Madrid are getting very wrathful at the action of the United States senate, and the evening papers of that city express themselves in even more violent language than their morning contemporaries. They say that, apart from the resolution, the language used during the debate in the senate has made a painful impression. It is averred that the allegations of the senators are wholly false, and the insurgents have no organization, are not masters of a single town, and, as for their conduct, it is asserted they have massacred the helpless and pillaged plantations and railways. On the other hand, it is maintained that the Spaniards have respected all prisoners, and to call them barbarians is regarded as an unprovoked and unjustifiable insult.

MADRID, Feb. 29.—Imparcial, referring to the action of the United States regarding Cuba, says the international situation is very grave, and the recognition of the Cubans as belligerents by the United States involves the danger of a conflict. Imparcial also accuses the Spanish premier, Senor Conovas del Castillo, of an excess of patience before Yankee pride.

"Spain," continues Imparcial, "Must prepare for every eventuality. Our maritime resources are not great, but we have not before us a gigantic naval power. Our humility has been badly construed, and our enemy, instead of being appeased, thinks she could treat Spain as she could Turkey. A firm and resolute attitude would have gained us more consideration, for we are not so weak as to render our hostility indifferent to a trading people which have no warlike qualities. Moreover, Spain is not isolated in Europe."

The London Papers.

LONDON, Feb. 29.—The Cuban resolutions of the United States senate have had a mixed reception. There has been considerable feeling in favor of Cuban home rule, although many distinguished personages and influential organs are afraid to advocate it for fear of reawakening the apparently slumbering agitation of Ireland. The Echo, however, comes out flatfooted on the subject, and says:

"The resolutions will be warmly approved by civilized mankind. There is not a shadow of doubt that President Cleveland will promptly act in accordance. For more than a year Cuba has been a hell on earth, and the Spaniard and Turk are on a par, so far as atrocities are concerned."

The Westminster Gazette says editorially:

"It is difficult to think of Spain knocking down even to the United States, especially at a time when she has just defied American feeling by appointing a man with such a reputation for severity as Gen. Weyler to captain-generalship of Cuba. The probabilities point to President Cleveland's adopting a middle course and issuing a friendly warning to Spain, which will serve to take the wind out of the 'jingo' sail, and at the same time convince Spain that the United States has real interests in Cuba, and cannot refuse recognition of the rebels if amelioration of conditions on the island does not promptly occur. If President Cleveland is inclined to go further, he might press home rule upon Spain, offering, may be, to guarantee the promise of Cuba."

The Globe says: "The senate resolution is another gigantic enlargement of the Monroe doctrine, and should the house of representatives indorse the senate's resolution, and President Cleveland yield to the pressure, Spain will be brought face to face with abject submission or war with a somewhat stronger power. Should the proud sensitive Spanish nation prefer the latter sooner than sacrifice its honor, international sympathies will be on its side."

Veto Overridden.

WASHINGTON, Feb. 29.—The first presidential veto of this session of congress was overridden by the house today by a vote of 200 to 28, 122 more than the requisite constitutional two-thirds. All the republicans and 31 democrats voted for the bill, while the votes to sustain the president were all cast by democrats. The bill authorizes the governor and local authorities of Arizona to lease the school lands of the territory for educational purposes. The president's objection to the bill was that it did not give the secretary of the interior power to disapprove the leases, and did not throw proper safeguards about the timber on the lands. The statement was made on the floor that the bill was identical with a similar bill passed by the last congress to Oklahoma territory at the request of the secretary of the interior, and that the bill had received the written approval of both Sec'y Smith and the commissioner of the general land office. The statement was also made that the lands proposed to be leased were now in possession of cattlemen and others, rent free.

The remainder of the day was consumed in the consideration of the legislative appropriation bill. No amendments of public interest were adopted. By a special order agreed to, the bill to abolish the fee system in the case of United States district attorneys and marshals will be offered as an amendment Monday.

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some delicate properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

If there is any one thing that needs to be purified, it is politics, so the reformer says, and many agree thereto. But blood tells, and as a blood purifier and liver corrector Simmons' Liver Regulator is the best medicine. "I use it in preference to any other."—So wrote Mr. S. H. Hysell, of Middleport, Ohio. And Dr. D. S. Russell, of Farmville, Va., writes, "It fulfills all you promise for it."

TAKE STEPS

in time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 95 per cent. are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.

Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price 50c and \$1.00.
