

## A SPECIFIC

### FOR La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkton, Md.

#### Destroyed a Bridge Across the Deschutes

EDITOR CHRONICLE:—I write this to let people know what sort of men we have in Wasco county. I built a small bridge across the Deschutes river for my own convenience to cross my horses to and from my old range, which I have used for nineteen years. I did not think this would interfere with anyone, though it may damage J. H. Sherar probably \$50 or \$75 a year. Word came to me last Saturday night that the braces were cut off and one of the stringers was almost cut off, which makes the bridge impassable. Whoever did the work must have been a particular friend of mine. I don't think this man was raised up at home by any parents. Think he was driven away from home when he was small or was left an orphan. I don't think he had principle enough for any one to ever keep him around home. The man, has been hired to cut this bridge down. This bridge won't damage only one man in Wasco county anything to speak of. This has raised quite an excitement, and if this bridge can't be repaired, it will be the cause of a free bridge across the river and it will damage the toll road a great deal more than this other would since this bridge has been built. The people of this community have determined to have a bridge across the river, and it will be put across inside of one year if this bridge cannot be repaired. I never have been in favor of a free bridge before on account of the range; but now since this has occurred I will give \$100 towards a free bridge, and I will give to any man the best span of girdlings that I have on the range, who will give me an introduction to the parties that cut the bridge. They were tracked today quite a way down toward the Canyon City road.

The exposure to all sorts and conditions of weather that a lumberman is called upon to endure in the camps often produces severe colds, which, if not promptly checked, result in congestion or pneumonia. Mr. J. O. Davenport, ex manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by Blakeley & Houghton, Druggists.

#### MRS. MONROE'S DOCTRINE.

She Made a New Rule for Women of the Executive Mansion.

About the time that James Monroe as president of the United States proclaimed the great doctrine which bears his name in international affairs, says the Chicago Tribune, his wife, Eliza Kortright Monroe, took a stand in social affairs which has stood the test of time quite as well as that of her great husband. She absolutely refused to return any social calls. Great was the row it stirred up and the charges of affecting royal manners and customs and of being rude and all the rest rained about Mrs. Monroe's head. But it was of no avail. She stuck it out, and each "first lady of the land" has followed her example since. So great, however, was the disturbance over Mrs. Monroe's refusal to return calls that John Quincy Adams considered it necessary to draw up and formally promulgate a formula of etiquette which has since regulated the life of the executive mansion.

After the revolution James Monroe, then only 23 years old, went to New York as a delegate in congress from Virginia. He was a handsome young fellow, with political and military success upon him in a marked degree and a distinguished ancestry. There he met the beautiful daughter of Lawrence Kortright, who was an important figure in the social life of New York at that day, and, falling in love, they were married.

#### Their Impudence.

Certain young Indian gentlemen who are pursuing the study of the law in London were invited by the master of the Temple to pass an evening at his house. The time fixed for the assembling of the interesting party arrived, but nobody came. When nearly an hour had passed in fruitless waiting the master's lady rang for the maid—a new one, as it happened, not yet quite accustomed to the ways of the house. She entered in a state of considerable excitement. "Have none of the gentlemen arrived?" asked her mistress. "No," answered the domestic, "but a lot of impudent nigger minstrels has been a-ringin' at the bell, and I have been a-drivin' 'em away, mum!"

#### The Ohio's Bed.

A prominent geologist who has been looking into the formation of the bed of the Ohio river 43 miles below Pittsburgh says the old river bed is 300 feet above the present water level, and he finds there stones of Canadian granite, whose nearest home now is on the Canadian side of Lake Ontario. In the glacial gravel he came across a rough arrowhead, which he attributes to the glacial period, perhaps 300,000 years ago.

### THE BEST SPRING MEDICINE

is SIMMONS' LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS' LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in *AM* condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS' LIVER REGULATOR—it is SIMMONS' LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS' LIVER REGULATOR. You'll find the RED Z on every package. Look for it.
