

A SPECIFIC
—FOR—
La Grippe, for Colds, Coughs,
AND LUNG TROUBLES,
AYER'S CHERRY
PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—procured, for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—

The A. P. A. Lecture.

The Baptist church was filled last evening to hear what Rev. E. B. Sutton of Seattle had to say on A. P. A. issues. He was introduced by Rev. O. D. Taylor, through whose courtesy the use of the church was extended. Mr. Taylor disclaimed to be an A. P. A., but believed in the American feature of free speech, and having heard Rev. Sutton once deliver a temperance lecture he felt sure he would be entertained whether or not agreed with the lecturer.
Rev. Sutton first attempted to correct some of the existing wrong impressions prevailing in regard to the A. P. A., most prominent of which was the belief that it was a proscription against the religious belief of Catholics. He claimed that on this point, as well as on all others, the organization stood upon the constitution of the United States, guaranteeing religious liberty and its free exercise, and made the statement that if the A. P. A.'s of The Dalles discovered that the rights of Catholics to worship God in their own manner were being infringed upon they would be the first to rise and demand the complete restoration of that right.
Referring to the attitude of the Catholic church toward our public schools, Rev. Sutton quoted some published opinions of leading Catholic papers in Chicago and New York, and of priests and bishops which seemed unfriendly to them.
The lecturer read what is called the platform of the A. P. A., commenting upon them section by section, reciting facts and figures in support of those principles. He was attentively followed and frequently applauded by the audience before him. A collection was taken up at the close of the lecture.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Geo. W. Jenkins, editor of the Santa Maria "Times," Cal., in speaking of the various ailments of children said: "When my children have croup there is only one patent medicine I ever use, and that is Chamberlain's Cough Remedy. It possesses some medicinal properties that relieve the little sufferers immediately. It is, in my opinion, the best cough medicine in the market." If this remedy is freely given as soon as the croup cough appears it will prevent the attack. It is also an ideal remedy for whooping cough. There is no danger in giving it to children, as it contains nothing injurious. For sale by Blakeley & Houghton, Druggist.

In a recent editorial the Salem, Or., Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person afflicted with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by Blakeley & Houghton, Druggist.
